H.B.I.C. – Help for Brain Injured Children

Giving Hope. Building Ability. Changing Lives.

Project Description

H.B.I.C. (Help for Brain Injured Children), through the **Cleta Harder Developmental School**, has been serving children and young adults since 1967—providing specialized care, education, and therapy for those with neurological challenges.

This program focuses on:

- ✓ Medical rehabilitation
- ✓ Specialized education
- ✓ Developmental support
- ✓ Individualized care for each child

H.B.I.C. believes every child deserves the opportunity to **reach their fullest potential**—and through comprehensive therapy and support, children gain improved function, confidence, and quality of life.

Why This Project Matters

Every child deserves a chance to thrive—regardless of ability.

For children with neurological challenges, access to the right care and environment can mean the difference between limitation and possibility.

 *When a child functions better, they experience more independence, confidence, and joy.*

 *This is Lions service at its most compassionate—supporting families, uplifting lives, and creating hope.*

How the Public Can Get Involved

You can be part of giving hope to these incredible children and families:

- 👉 Support H.B.I.C. through donations
- 👉 Attend or help promote awareness events
- 👉 Volunteer time or resources
- 👉 Share the mission within your community

♥ *Together, we can create brighter futures—one child at a time.*
