District Governor's Message

Dear Fellow Lions,

Thanks to all who came to the November Cabinet Meeting. We had another great turnout, with lots of information shared, peace poster judging, good fellowship, training and some Lions Q&A. Congratulations to the District Peace Poster Poster winner Amber Juahsz from Central Lake. If your club didn't participate in the peace poster contest, consider it for next year. Lion Jean Manning will have all the info and materials you need at the district convention.

We also had a presentation from John Peiffer at Michigan Ski for Light. He presented a unique opportunity we have here in Northern Michigan to serve as Lions.

You don't need to be a skier to help with this amazing event where the blind can SKI!

It takes place at Ralph A. MacMullan Conference Center on January 16-18, 2026.

Visit their website for more information and a link to sign up: <https://msfl.org/> Please consider volunteering your time, and also reach out to friends and acquaintances who are visually or mobility impaired who would enjoy coming to this annual event.

The convention planning team is working hard to make our District Convention at Treetops Resort in Gaylord a success. It's going to be a roaring great time as we celebrate in Roaring 20's style! Please mark your calendars for April 24-26, 2026 and watch your inbox and the district website for signups and more details.

Wishing you all a Very Merry Christmas and a Happy New Year!

Lions International

Dear Club Officer,

You are off to a successful year as club officer. As we approach the halfway point, it is important to review your club's roster, update email addresses and assist your vice president as they are preparing for their term. Below are some key reminders and helpful tools for your club to stay on track

Unique email address: It is advised that each member register a unique personal email address in the Lion Portal to guarantee uninterrupted communication from Lions International.

Maintaining your club roster: Reviewing your club's roster helps to avoid being billed for inactive members. Log into the [Lion Portal](#) or your regional reporting system. For questions regarding the Lion Portal, please visit the [Lion Portal Resources webpage](#) or contact us at lionssupport@lionsclubs.org.

Service reporting: Every club is responsible for ensuring its service is reported. Service reports showcase your club's impact, instill pride and attract potential members, partners and donors. They also qualify clubs for awards and recognition and boosting morale and visibility. By sharing your success stories, you inspire communities and help strengthen the Lions' global mission. Learn more on our [Service Reporting webpage](#).

Weeks of Service: Join the fight against hunger! From January 3-11, Lions are coming together for the [Hunger Weeks of Service](#) to combat food insecurity. Support community meals, organize food drives or start a garden. Explore our [Hunger Service Area](#) resources to plan your project and make a lasting impact.

Club Officer Guide: This new [guide](#) is designed to support you in your role throughout your term as a club officer. It provides tools and resources to help you excel not only in your individual role and responsibilities, but also as a leader of a unified and effective team of club members and officers.

Support future leaders: As your club is preparing for the second half of the Lion year, connect with your vice president with online courses in the Lions Learning Center (LLC), located in Learn within the Lion Portal. As your club moves toward the future, make sure that the club's vice president reviews the following courses:

1. *Club Officer Training*
2. *Leadership Succession*
3. *Goal Setting*

And more

We look forward to supporting you and your club. Please contact us if you have any questions by emailing us at clubofficers@lionsclubs.org.

Thank you for your service!

Sincerely,

District and Club Administration Division

On the Taking the Lead podcast, we recently had one of those conversations that sticks with you, and I couldn't wait to share it.

We sat down with Stephanie Enyart, the Chief Public Policy & Research Officer at the American Foundation for the Blind.

Stephanie has spent more than 20 years advocating for people with disabilities, turning research into real change through policy, leadership, and persistence.

What stood out to me most was how she bridges research and advocacy, using data not just to inform, but to inspire action.

You can listen to Stephanie's episode here.

Thank you for being part of the Taking the Lead community and for supporting stories that move inclusion forward

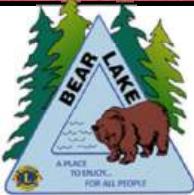

You can listen to Stephanie's episode here.

Welcome to this Month's Newsletter

Dear Lions, Supporters, and Camp Family,

December settles in differently at camp. The world feels quieter. The lake holds still under the cold sky, and the snow rests lightly across the trails and rooftops. What looks calm from the outside remains full of work, planning, and purpose behind the scenes. The rhythm may slow, but the heart of camp keeps moving.

Even when cabins aren't filled with kids running from activity to activity, there is still life here. Retreat groups gather, staff prepares for the next season, repairs are made, schedules are formed, and the mission continues with the same care and intention it carries in July.

🔥 CAMPFIRE CHATS

This month's Campfire Chats highlights two stories that show just how deeply connection lives here. We're honoring Camp Champion **Denise Freshney**, whose quilt retreats and generosity have helped fill camp with support and creativity, and we welcome back **Justice for Lily**, a group whose return brings warmth and community every year.

🌿 CAMP UPDATES

A lot continues to move forward behind the scenes. Thanks to incredible support and coordination, new kitchen equipment and tables are already helping us prepare for a busy year ahead. We also wrapped up another successful Bear Lake Crafting Weekend, filling camp with creativity, laughter, and new handmade ornaments now hanging on the camp Christmas tree.

💡 LBLC SPOTLIGHTS

This month's spotlights feature **Board Member Jim Leach Jr.**, whose decades of service and steady leadership continue to shape the heart of camp, and **Food Service Director Chrissy Andre**, whose work in the kitchen and across many other areas helps carry our mission year round.

🎁 GIVE A GIFT THAT MATTERS

This season, consider giving an experience that lasts long after the holidays. Event tickets, sponsorships, and camper scholarships are available and help make camp possible for the kids who need it most.

📅 UPCOMING EVENTS

GET report for 11/22 cabinet meeting

We have a new club that has originated from the Lincoln Lions club branch. We will need to have a Guiding Lion appointed to the club to monitor its progress for the next two years. Thanks to all the members of the new club, and to Lion Larry Elmer of the Lincoln Lions who has actively been involved in this.

I had reached out to a couple of potential contacts in communities that don't have clubs in September but had a health-related issue in October, was in the hospital for nearly a week, and had to get myself back to normal. I am now back to working toward trying to establish some communications with potential communities.

Michigan Ski For Light

Michigan Ski For Light is a nonprofit 501 C3 Group (Federal Identification# 38-3562887) with a mission to promote and teach Cross Country Skiing to the visually impaired by pairing them with sighted volunteers that enjoy the sport of Cross Country Skiing, and the mobility impaired through the use of sit ski's.

It is because of the generous support from people like you that make this organization possible and allow all of us to continue the tradition that was started in 1975.

The Annual Michigan Skifor Light Event is a Regional Chapter of our parent organization, Skifor Light.

Skifor Ught, Inc. is a nonprqfit organizationjounded in 1975 by Olav Pederson to promote the physical fitness of visually and mobility impaired adults, in an environment where "we can't" is replaced with "we can."

In Michigan at about the same time, 1978 Harold Brunvand began a "Fun in the Snow" weekend with the help of hisji:iends including the Sons of Norway. They had volunteers teach cross country skiing to students ji:om the Michigan Schoolfor the Blind

In 1981 the event was moved to the Higgins Lake area and renamed Michigan Skifor Ught as a regional event.

Each and eve,yyear as we gather on the north shore qfHiggins Lake during the middle ofJanua,y, our members travelji:om all over the State ofMichigan to participate in a wonderful weekend ofCross Countly Skiung and winter activities.

During this event we pair up visually and or mobility impaired individuals with sighted and able guides to spend the weekend Cross Country Skiung and having fun in the snow.

As an all volunteer organization our interests are simply helping others enjoy the sport of Cross Countly Skiung and the great outdoors.

Lions Clubs of Michigan Campaign to End Hunger

The Lions Clubs of Michigan, in collaboration with the Michigan Lions Foundation, are proud to champion the **Northern Expansion** of the Food Bank of Eastern Michigan—a transformative initiative aimed at delivering fresh, nutritious food to underserved communities across the state. This expansion will significantly increase access to healthy food throughout Northern Michigan and the Upper Peninsula.

This new facility represents a powerful partnership between the **Food Bank of Eastern Michigan** and **Feeding America West Michigan**. Together, they will collaborate with more than **1,200 partner agencies** to serve **62 of Michigan's 83 counties**, dramatically improving food security where it's needed most.

By connecting with local farmers, this expansion will ensure that more families in rural areas receive fresh produce and wholesome meals—putting good food to good use.

We've set a goal to raise **\$50,000**, which will unlock an additional **\$150,000** in matching funds from the Lions Clubs International Foundation.

Every donation makes a difference. Join us in building a healthier, stronger Michigan—one meal at a time.

Subject: Zone 2 Chair Report

After the August 23 Cabinet meeting, between Lions activities and meetings, personal business, and fall/winter property prep, things have gotten a bit hectic. Therefore, club meetings and the Advisory Committee have suffered.

August 28, the Elk Rapids club meeting was attended, with 4 members of the 8 total members present. Turnout was disappointing, but were planning their late summer MDOT Road Cleanup. Lion John asked me to look into what happened to his 50 year chevron. I followed up with LCI and found that he hadn't received the last 3 chevrons, and asked that they be sent to me for presentation. On September 25, I briefly attended the Elk Rapids Club Early Christmas Party and presented Lion John with his 45, 50, and 55 year Member Chevrons.

September 27, at the District Zone Chair Training session in Gaylord, we heard concerns from the Elk Rapids Club, and I was assigned as a Guiding Lion to the club. I have since had a long telephone conversation with the club vice president (who has no intention of succeeding to president again). From that conversation and that at the ZC training mtg, I have decided to start with a SWOT report with each club member separately by telephone. As I understand, many of the 8 members are Snow Birds, and so the club doesn't meet in January to March. My plans are to finish and analyze the SWOT report with the GAT team and come up with a workable plan to suggest to the club.

On October 1, DiAnn and I, with GLCIF Coordinator Lion Bill Gaines, attended the Lewiston Lioness Club meeting. The meeting was well attended, and we were warmly welcomed. In addition to Lion Bill's LCI presentation, Lion DiAnn introduced the 2026 District Convention first Service Project, The Pop Tab Challenge to benefit the Ronald McDonald House in Grand Rapids. Most members were not only aware of the program, several had stories of friends who had had to take advantage of the program. Look out District 11E2 Clubs, the Lewiston Lioness Lions are out to win the challenge.

Attempts to convene a Zone 2 Advisory Committee meeting have so far not gotten off the ground. From indications, and because not all Zone 2 officers have emails or internet access, a meeting will likely be a combination of personal telephone calls and a zoom meeting in the near future.

Respectfully submitted,
Lion Kris Roberts, Zone 2 Chair

Marketing Report November 2025

Objective - Help grow individual clubs' social media presence. This will be accomplished in two ways: by utilizing a District Facebook page and group to help promote clubs and share ideas, and by providing training and mentorship to club marketing chairs to help aid in establishing, growing, and maintaining social media club accounts.

I am working on reaching out to individual clubs to see how I can best help them in enhancing their social media presence.

If you haven't already, be sure to like the District Facebook page and join the group! Be sure to share both with your clubs.

Lions of Michigan Foundation Report
November 22, 2025

As we are well into completing the first half of our Lion's year, hopefully each of our clubs is well on their way to finalizing plans for a successful year of service. The Lions of Michigan Foundation is a State Project of the Lions Of Michigan and assist our clubs in the following ways: Provide KidSight equipment so we can do children's eye screening locally, provide financial assistance for sight and hearing, provide financial assistance for emergency disaster relief, provide financial assistance for emergency individual need, military families and veterans relief, provide mints for the military, etc.

Our Foundation's largest fundraiser is the Sight and Hearing Sweepstakes Raffle and it won't be long before your club will receive a supply of tickets. Please note that besides being a valuable fund raiser for our Foundation it can also be a meaningful fund raiser for your club. For example if you sold 200 tickets your club would receive a check in excess of \$1000 as your share of the proceeds. Could be called a "win win" and the tickets seem to sell quite easily.

Being a State Project of the Lions of Michigan it is hoped that 100% of our clubs support our Foundation financially. A reminder that there are three fellowship awards your club can use to honor deserving Lions or community members based upon your support:

- Kenneth E Lautzenheiser Fellowship - \$500
- Helen Keller Fellowship - \$750
- John S. Noel Fellowship - \$1000

The 2026 Hall of Fame nomination is coming up. We need to have the applications turned in to the cabinet secretary (Barb Durflinger) by 02/01/2026. We can nominate 1 living Lion and 1 deceased Lion. The selection will be voted on by the district cabinet. Please use the attached nomination form for your nomination.

Social Media Marketing

Jennie Partin <lionjenniepartin@gmail.com>

Club Presidents and Secretaries,

Please forward to the Lions managing your club's social media pages and marketing efforts, or a Lion that you think would be a great social media manager if you don't currently have someone actively running your social media. If you are involved in the marketing of your club, or would like to be more involved, keep reading!

Marketing gurus,

For those that I haven't met yet, I'm Lion Jennie Partin and I'm your district marketing chair. If you're on Facebook, I would like to invite you to join a new group we've created to help each other grow our club's social media presence, and help with marketing efforts. This group is designed to give each other ideas to post to keep our pages active (especially in slower months when we have less club activity to share!), share what's working well with our marketing efforts, and get help with what's not working well. Whether you're less experienced with social media, or a social media guru, I hope you'll join the group - there is so much we can learn from each other!

Looking forward to working with you,

December 2025: Winter Weather Begins — Peace

The month of December is when Autumn ends, and Winter begins by calendar, the Solstice on December 21. This year Autumn seemed to come and go faster, and was warmer than normal, only to see serious Winter weather appear at the end of November.

TIME FOR PEACE

At this time, science has found much evidence indicating that Homo Sapiens, we humans, first appeared around 300,000 years ago. The current consensus comes from fossils discovered in places like Jebel Irhoud, Morocco, dated to about 300,000–315,000 years old, showing early anatomical features of our species. Humans did not discover use of fire; rather, our hominid ancestors learned to control and use it. Homo Sapiens appearing 300,000 years ago were using fire from their beginning since earlier hominins already mastered it.

The earliest strong evidence of controlled fire by ancestor hominins is the Homo Erectus sites in Africa (e.g., Wonderwerk Cave, South Africa), 1,000,000 years ago. It is possible that earlier hints go back 1.5 million years, but these are not confirmed. Regular, habitual use of fire by 400,000 years ago became widespread among multiple hominins, our human ancestors in Africa, Europe, and Asia.

Invention of the bow and arrow is much more recent than discovery of controlled fire. Possible indicators from Pinnacle Point, South Africa was the earliest known evidence for bow and arrow were found to be 64,000 years ago. Recent strong evidence from Sibudu Cave, South Africa (stone points shaped like arrowheads) indicates that Homo Sapiens 60,000–70,000 years ago had definitive, widespread bow-and-arrow use. By 50,000 years ago bows and arrows were clearly used by Homo Sapiens across Africa. By 40,000 years ago, bows and arrows reached Europe and Asia with expanding modern human populations.

Fire and bows and arrows are tools that helped Homo Sapiens survive and thrive. Fire gave necessary heat in cold areas, kept bears, wolves, lions and other predators away, and cooked meat for meals. Bows and arrows helped hunters kill animals for food, and were also used to kill predators that threatened to kill humans.

These tools were necessary for our species survival, but they also used them as weapons to kill each other. Conflicts using wood clubs or throwing rocks were replaced by fire and bows and other better weapons to kill more people. Disputes became wars as new weapons were invented over years; spears, knives, axes, slings, swords, catapults, guns, bayonets, cannons, grenades, bazookas, missiles, bombs, nuclear bombs, to name a few weapons.

The concept of civilization arose about 5,000 to 6,000 years ago. Humans started developing agriculture, writing, and cities, replacing the Homo Sapiens of small mobile group hunter-gatherer societies. We have come a long way in our development of civilizations in recent centuries, especially with technology. But we have failed miserably to stop killing our own species. The history of humans is one of wars, from ancient Mesopotamia to today. The 20th Century U.S. Military Deaths in Seven Wars, from the Spanish-American War to the Gulf War, total to 623,649 U.S. military deaths. Sons and daughters, brothers and sisters, fathers and mothers, all taken from their families.

Christmas is a time of the year where we think of gifts, giving, and peace (Jesus is often known as "the Prince of Peace"). It would be a better world if everyone kept the Christmas spirit all year round.

Achieving a world without war is one of humanity's oldest hopes. While it's incredibly difficult, history shows that real progress is possible. Peace isn't created by one solution but by many layers working together. The Lions mission of helping others, giving time and effort to those in need, is an example for peace. Ending all wars may never be perfect, but we can drastically reduce them. Humanity has already reduced torture, slavery, and dueling. The world today has fewer nations at war than most of history — proof that progress is real. War begins with fear and division. Peace begins with understanding. Peace becomes durable when people—not just leaders—demand it. World Peace will make "civilization" truly worthy of the name. Peace is possible. The question is, how long will it take?

PICTURES OF THE MONTH

Autumn Northern Lights Pictures

The Northern Lights—also called the Aurora Borealis—are caused by charged particles from the sun colliding with gases in Earth's atmosphere. The result? Those magical waves of green, pink, and purple light that shimmer across the night sky. Unfortunately, many of us have cloudy nights and don't get to see the colorful sky. I looked for this autumn auroras online and found these Michigan photos. Cameras can normally see the colors better than human eye,

Your best chance to see the Northern Lights in Michigan is between August and April, with peak visibility in October, November, and April.

Although these storms can produce great beauty with the northern lights, they can also interfere with GPS and electrical systems.

This District is complex, with a variety of things going on throughout. We can learn much from each other, and I'd like to see more communication among Clubs for the growth and benefit of all.

Don't be left out!!

Racism has no place in our world.

Our organization depends on the incredible diversity of our members around the world because great things can only be achieved when we are united.
