

DISTRICT 11-E2 NEWSLETTER

August 2017

FROM THE GOVERNOR...

At the Michigan Forum this year the Lions of Michigan packed over 250 backpacks with shelf stable food to be distributed to children who need it throughout the state.

Lion CarlaJean and I brought 12 of these backpacks back to Grayling and gave them to the Grayling Middle School to be distributed. So many children are in need of food at home. They get meals (free or reduced cost) at school, but during vacations and weekends they may not be getting nutritious meals.

We need to address this need. I encourage our Lions Clubs to examine the issue in their service area and assist in any way that they can. There are a number of ways to help. Some clubs may choose to implement their own backpack food program, while some may choose to donate money to the local food bank. The Food Bank of Eastern Michigan has its own backpack program. The FBEM covers 13 of the 17 counties in District 11-E2.

Designed to provide extra support on weekends for children who receive free or reduced-priced lunches at school, this program provides a backpack full of nutritious

and easy to prepare foods for children to take home on the weekends when school meals are not available. For many of these children, this backpack is their only source of food when school is not in session.

The program began in 2004 with 50 backpacks in 2 elementary schools. Currently, this program serves nearly 7,000 children in more than 160 schools throughout 22 counties in northeast Michigan. For more information, please contact Kathleen Payton at 810.396.0227. The Food Bank accepts donations of both money and physical assistance.

In our three western counties, the Manna Food Project serves Antrim, Charlevoix, and Emmet Counties. The "Food 4 Kids" Backpack Program provides shelf-stable, nutritious food for children over the weekend who otherwise may not have enough to eat when they are not receiving school breakfast and lunch.

A typical backpack might include low fat milk, 100% juice, cereal, granola, applesauce, fruit snacks and chicken Ramen noodles. Manna distributes 2,200 backpacks each week

children where the packs are distributed.

Manna volunteers receive group hugs, sweet comments, stories and cheerful thank you from the children when they deliver to these schools.

During the summer months Manna distributes "snack packs" to children. Snack packs are a downsized version of the backpack and provide some extra food for children when they are home and not receiving school breakfast and lunch.

Snack packs are assembled much like the Backpack at Manna by the many hands of volunteers. Partner agencies distribute them during their pantry hours. Contact The Manna Food Project, 8791 McBride Park Court, Harbor Springs, Michigan 49740 (231) 347c8852 (office).

Please consider assisting these organizations. Let's do what we can to eradicate child hunger in District 11-E2!

WHAT AM I?

kind.

I represent service to mankind. You see me looking to the past and to the future -- thus the two faces on the emblem.

I look to the past with pride in what Lions have done to improve the quality of life in our communities, and I look to the future to see all those in need that Lions can and must help. By wearing or displaying me, I give people a sense of pride for the work that they do for their fellow man, expecting nothing in return -- in the name of Lions.

I also give Lions members a sense of purpose, for it was Helen Keller that charged the Lions to be "Knights of the Blind."

Lions are not limited to working only with the blind. Lions build hospitals, clinics, nursing homes, resident homes for the blind, and provide eye and hearing care. Lions support research for vision problems. Lions take time out of their busy lives to go to foreign lands to provide medical and vision care to the less fortunate, all in the name of Lions.

So what do these men, women and children get for all these efforts? Little recognition but a sense of accomplishment that cannot be purchased anywhere.

So what do I, the emblem of this great organization, provide our members?

I once heard that it was I who identified the time and place where a club meets.

It was I who was the passport to friendship and a sense of purpose.

It was I who provided the respite from a long, weary week for a traveling Lion.

I am the universal sign of "friend" in the world of Lions.

Because of the activities that Lions engage in, I lend credibility to those who wear me.

When I am seen on a lapel, collar blouse, car or business window, people see a person who cares. They see one who unselfishly gives of their time and talent to help those in need.

Lions are seen as what is good in this world -- people who care.

Lions as an organization live their motto, "WE SERVE!"

MONTHLY ACTIVITY REPORTS

- Many Club Secretaries know that LCI requires that fundraising and service project statistics are to be reported to LCI on the MyLCI.com website.
- However, it is also important that the statistics for sponsored Lioness and Leo Clubs also be included in the monthly report as well.
- **Therefore**, Lioness & Leo Clubs should report to their sponsoring Lions Club their activities and fundraisers to be included in that club's Activities Report that month.
