DISTRICT GOVERNOR'S MESSAGE

Dave Zeller,

District 11-E2 Governor

Lions of District 11 E-2:

Well here I am 11 years later serving as your District Governor again. We are lucky to have VDG Rod Leathers and VDG William Gaines following in the coming years so that we don't have to have repeat Governors.

The District has lost 2 clubs in 2019, Gaylord and Bellaire, so I want to let you know that Membership and Leadership are very important to keeping Clubs together. Both of these clubs folded due to not being able to find leaders to step up and take on the responsibilities. We really need to take advantage of all the training offered by both our District and Multiple District and be aware there is more to Lionism than just the club level.

I am still in need of two Zone Chairs for Region 2, Zone 1, Hale, Harrisville, Oscoda, Prescott/Skidway Lake, and Rose City, Region 2 Zone 2, Beaverton, Grayling, Houghton Lake, Lewiston, Lewiston Lioness Lions and Roscommon/Higgins Lake. If you want to step up and serve, just give me a call and we can discuss what the job of Zone Chair entails.

Our first cabinet meeting will be hosted by the Mackinaw City Lions in their clubhouse. It will be on August 17th at 10:00 am. Come join us to find out what is happening in our District and Lions International. Then you can stay and enjoy Mackinaw. Bring the whole family. I will have the roster books at that time to hand out.

Lastly, I enjoyed serving as your governor 11 years ago and will try to do the best I can this time around. Please call and invite me to your meetings or special events.

"WE SERVE"

Reminder we have a district website <http://e-district.org/sites/11e2/page-10.php> and a District Facebook page Lions of District 11 E2. Please post your pictures on the facebook page and join up.

President's Message

Partnerships Ensure Your Work Continues

Hello, Lions!

When I think of the power of partnerships, I think of the task of raising a family. I remember how difficult it was at times to balance the care and nurturing of my children with the demands of school and work life.

On those nights I needed to work, my husband was there to put the kids to bed. On those days when my kids were sick or sad or just needed their mom, I had coworkers who understood and helped cover while I stayed home and gave them medicine and hugs.

I could have done it all alone. Many do. But it sure was easier with partners. Partnerships not only support you in your efforts — whether it's raising a family or planning a service project — but they also ensure the work you do lives on, even when you move on.

You could plant a garden and tend it alone, but it will die if you move away or can no longer care for it. But if you get the whole community involved, you will have planted something that will live beyond you. And that is the very definition of what it means to make an impact.

Let's make this a summer of building the relationships that will help our work continue well into the future.

Yours,

Gudrun Yngvadottir

International President, Lions Clubs International

We Serve

Our Strategic Plan: LCI Forward

Our history is long and storied, filled with triumphant service and humanitarian spirit. To ensure our future is even more successful in aiding the world than our past, we've developed a global strategic vision. Incorporating 21st century innovation, LCI Forward will expand our impact and strengthen our international network, increasing the good we do in new and exciting ways.

4 Focus Areas:

LCI Forward aims to triple the global impact of Lions and improve the lives of 200 million people per year by 2020-21.

This is how we'll do it:

Enhance Service Impact & Focus

The needs of the world are growing. That's why we're focusing our efforts on pressing global causes like diabetes. We're innovating how we serve so we can increase our impact, and the support of our foundation, LCIF, is helping us provide more service than ever before.

Reshape Public Opinion & Improve Visibility

Lions are doing more good in more places than any organization on earth. That's why we're sharing our life-changing stories to highlight the value of our clubs to communities around the world. When caring men and women see the work we do, we think they'll want to join us.

Pursue Club, District & Organizational Excellence

We are the largest service club organization in the world for a reason. We are committed to developing great leaders, innovating at every level of Lions, and harnessing technology that will expand and drive our humanitarian service. We're not satisfied with being the biggest. We want to be the best.

Improve Membership Value & Reach New Markets

We put service and satisfaction at the center of the membership experience. That's because we want to do more than just support the next great generation of volunteers. We want to inspire them. And we do that by providing a world-class membership experience that meets the diverse needs of our members.

Dear Lions,

Namaste!

I recently heard a fellow Lion tell this story, and I would like to share it with you: “A three-year-old boy, Ben, was brought in for an eye exam by his parents. They were confused by his behavior. He was usually angry and had trouble with things other kids his age were excelling at. As a special case, he was brought to a Sight for Kids exam, where doctors found Ben was completely blind in one eye. After an operation, little Ben was almost a different kid, smiling and laughing.”

People all around the globe, including Ben, have a story of how Lions Clubs International Foundation (LCIF) made a difference. These incredible stories are powered by hard work, dedication, and donations. The LCIF grants that empower Lions are 100 percent funded by the generous donations made by Lions and friends. Thank you to Lions who are serving by giving and doing, and thank you to Lions who are there with feet on the ground, dedicating your time and energy to those who need it most.

As my year as LCIF Chairman ends, I am reflecting on the goals our foundation and Lions, together, have accomplished. I have heard real-life stories of what donations make possible. Donations support clean water projects, so women like Chausiku can bring clean water back to her family. Donations support Shania, a sixth grade student learning how to say no to drugs and yes to a healthy future thanks to Lions Quest. Donations support Thomas, who is learning to manage diabetes on his own, and Ben, who is enjoying clear vision for the first time in his life.

Last year, we set an ambitious goal of raising US\$50M for LCIF—and achieved it. LCIF’s Golden Jubilee (its 50th anniversary) is now over, but the Golden Era has begun. LCIF has a goal of raising US\$110 million by June 30, 2019. We are close, but have not yet reached that goal. Please keep in mind the Power of Each. If every Lion donates just US\$2 each week to Campaign 100, LCIF can meet this year’s goal and will be well on its way to reaching its goal of raising US\$300 million by June 30, 2021. Take pride in your gift, no matter what the size. It may be a small gift, but if every Lion contributes, it will lead to massive benefits for our Foundation. Also, keep in mind the Lions Share recognition program begins with a gift of just US\$50.

My time here as LCIF Chairman has been an enormous reminder that together, we can. Thank you, Lions. It has been an honor to be your foundation’s chairman.
Sincerely,

Dr. Naresh Aggarwal
Chairman, Lions Clubs International Foundation

MAY

Buff-Up Boyne: Under sparkling, blue skies and 50 degree temperatures, conditions were just right for bringing out the spring clean-up crews. Carrying brooms, rakes and empty trash bags, folks were off to spruce up Boyne City parks and streets. It's always interesting to hear the tales of what was found, how many bags people filled and where the filthy or cleanest places are found.

Thanks to all our Lion helpers and all of the local residents who take such pride in our beloved city. As we embark on the summer season, it is always nice to present our many visitors with our best foot forward, sparkling clean streets and pristine parks.

Highway Cleanup: Spring-spruce-up continued the following weekend with Boyne Valley Lion Club members gathered for our semiannual Adopt-a-Highway clean up (75 from Dam Rd to 131). We again got very lucky with great weather and a dirty dozen on the clean

up crew. Working in groups of four, it took a mere 90 minutes for most of us to complete our section. Donuts were available thanks to Lion Mike Cain who was also responsible for our training and division of work details

Camp Dagget Lions Cabin Cleanup: Lions Larry, Lisa, Mike and Peter spiffed up the Lions cabin on Saturday, May 25. The team was rewarded by finding nearly a pound of morel mushrooms outside of our cabin!

Fountain Plaque: Lions Larry and Gow have put the finishing touch on our 50th Anniversary gift by affixing the plaque to the cement in front of the drinking fountain. We are proud to say it is a completed project. The memorial plaque reads "In 2017 the Boyne Valley Lions celebrated 50 years of service to the Boyne community and the 100th anniversary of the Lions Clubs International. In honor of these milestones, the Lions proudly dedicated this place to reflect, celebrate, and honor all who serve our community."

Congratulations Lions!

Boyne Valley Lions Welcome New Member:

Much like a warm spring breeze the month of May brought us another new inductee, **Michael Seiler**.

Michael, sponsored by Lion **James Richmond**, is our 48th club member including our three associate members.

Michael, a Boyne area resident since he was 19, a professional Singer/Songwriter, an accomplished ballroom dancer is president of the U.S.A. Dance Petoskey Chapter, currently serves as a Lavender Hills Farms sound technician.

Boyne City High School Spanish Teacher **Amy Hertel** and the Spanish Class were invited to present to the Boyne Valley

Lions Club regarding their upcoming trip to Panama. Amy's students have studied Spanish and are ready for the full immersion in the Central American country. Amy felt the trip was a great reward for the students' hard work this year, and a chance to try out their proficiency in a new language. One service organization donated \$1000, so the Lions presented their donation of \$1001 to the school for the trip.

East Jordan Lions

JUNE

The East Jordan Lions Club recently honored Lions **Don Peters** and **Jim Shepard** with Melvin Jones Fellowship Awards which were presented by District Governor **Gordon Harris**.

The award, named for Melvin Jones who founded Lions Club International, represents a \$1,000.00 donation to the Melvin Jones Fellowship. It is the highest form of recognition for a Lions' Club member to receive. Don and Jim are charter members of the EJ Lions Club and have consistently shown outstanding leadership and character qualities in the community of East Jordan, and they proudly demonstrate to our community the Lions' motto "WE Serve."

The Helen Keller Award was presented by King Lion **Bill Chase** and District Governor **Gordon Harris** in honor and memory of Lion **Jeff**

Argetsinger. The award was accepted by Jeff's wife **Shari**. The major focus of Lions Club fundraising is funding for sight preservation, which began after a speech given by

Helen Keller at the Lions International Convention in 1925. At that time Helen Keller challenged the Lions to become "knights of the blind." Jeff was instrumental in collecting used eyeglasses from community members. He worked with area optometrists to make sure the East Jordan Lions Club was notified and helped provide eyeglasses for community members when financial assistance was needed.

The East Jordan Lions Club presented the 2019 Lion of the Year award to Lion **Dan Miller**.

Lion Dan received this award because of his support of and involvement in our club activities. Dan has reinvented the South Arm Classics Car and Boat Show and made it a huge success. The South Arm Classics has become an annual event on the second Saturday in July. In addition, Dan's time and involvement in other Lions' activities, including hosting numerous fundraisers at the EJ True Value Hardware, and his overall Lionistic spirit, made him the ideal choice for Lion of the Year.

Editor's Notes

by Lion David J. Zimmer

July has arrived, a month notable for the arrival of real summer weather. It also offers us the Independence Day holiday on July 4th, celebrated with parades, fireworks and lots of flags on display. We also remember and honor our nation's Founding Fathers: Washington, Franklin, Adams, Jefferson, and many other patriots that gave us the Declaration of Independence and the Constitution of the United States. They risked everything, including their lives, to shed the yoke of British tyranny, unite 13 independent colonies in rebellion, and create a national government based on democratic principles. It was an undeniably synchronous moment in time that so many brilliant minds were present together to achieve something that had never existed.

We like to think of our Founders as a group of men imbued with exceptional wisdom and determination, almost demi-gods, working harmoniously together, all "on the same page". In reality, they were human beings with egos, feelings, and differing ideas and beliefs. At times they argued viciously and criticized others' ideas, more opponents than friends. Yet in the end, they managed to make compromises that allowed the United States to emerge from the bickering colonies.

The crowning achievement of the Constitution resulted from learned men who were familiar with history and philosophy, taking ideas from ancient Greek and Roman cultures and philosophies. They borrowed from the native Iroquois who united tribes in a collective confederation, and also from British history that brought about the Magna Carta, a document that first curtailed the absolute power of British kings. The Constitution is the political version of the Ten Commandments, spelling out the laws of the land — with one major difference. The Constitution can be altered by amendments, the Founders' brilliant concept to ensure the Constitution could always adapt to a changing world. Even so, the early years of the nation were shaky, and a lasting Union was not a sure thing. Like the teenage years of youth, only through time and effort did the begin United States to find its true footing.

Despite all the brilliance the Founders brought to the table, their greatest failure was their inability to successfully address the issue of slavery, leaving it to be decided by future generations. Also known as America's Original Sin (which Native Americans may dispute), it took the Civil War to end slavery. Although the nation finally outlawed this barbaric practice, the repercussions of slavery are still being felt in the prevalence of racism in America today.

I wonder what the Founding Fathers would think if they could see the nation they created now. What would George Washington think of the petty political discord and disinformation that masquerades as truthful debate? How would Benjamin Franklin react to the endless school shootings and gun violence that is killing our children? What suggestions would John Adams offer to end the discrimination and racial bias that divides our citizens? How would Thomas Jefferson, descended from immigrants like all the Founding Fathers, respond to the current immigration debacle?

We have made great strides and progress as a nation since its inception, but there is much left to do. If only we had our Founding Fathers here today, think of what we might accomplish. But that, of course' won't happen. It's up to us, today's citizens, to continue the work of the Founding Fathers to create a nation grounded in decency, truth, unbiased justice, and genuine compassion for others. As Lions, we already know how to start: WE SERVE, one act of kindness at a time.
