

January 2020 - MyLion Release Notes

[JACQUI D MACKENZIE · MONDAY, JANUARY 27, 2020](#)

MyLion updates as of 1/27/2020.

- **New Report Form**

Newly designed report form to streamline and speed up the entry to report an activity

- Updated reporting flows so user consistently lands in the Report Past Activity page when reporting activities
- Configured the new form to hide/show fields to minimize what the user sees and limit to only necessary fields
- Added the ability to upload multiple photos for an activity
- Created new preview page for the new form
- Streamlined metrics to clearly depict required vs optional fields based on activity type selected
- Added Organization field to capture the organization that received donated funds of an activity
- Removed the need to enter time and locations to an activity being reported via the new form
- Updated Signature Activity to a checkbox on the new form
- Display the name of the person who created the activity
- Add Funds Donated metric to the Home page and remove People Served per Member metrics from the Home and Metrics pages

- Updated the 'Who can see this?' field to Everyone, Club, District and Multiple District as options
- Allow user to move between the old and new forms
- **Multiple District Administrators can now report District level activities**
- **Deletion Rules**
Applied rules for deletion of reported activities.
 - Activity must have an end date within the current fiscal year
 - Activity that ended in the immediate prior fiscal year only if deletion occurs within the 1st 15 days of the current fiscal year
 - Reporting officers can delete an activity that anyone created
 - Creators & Co-organizers can delete an activity to which they are assigned
- **Editing Rules**
Applied rules for editing of reported activities.
 - Activity must have an end within the current fiscal year.
 - Activity that ended in the immediate prior fiscal year only if editing occurs within the 1st 15 days of the current fiscal year
 - Reporting officers can edit an activity that anyone created
 - Creators & Co-organizers can edit an activity to which they are assigned
- **Bug Fixes / Other Features**
 - Resolved issue with the invite emails not being received by the invitees
 - Corrected the metric Trees Planted / Cared for to show on the Celebrate and Share page
 - Fixed a problem where users were not able to get to the Metrics page by clicking on the metrics section on the Home page.
