The following persons are eligible for service: Residents of the United States, including territories, insular possessions, the District of Columbia, and American citizens living abroad.

1. Blind persons whose visual acuity, as determined by competent authority, is 20/200 or less in the better eye with correcting lenses, or whose widest diameter of visual field subtends an angular distance no greater than 20 degrees.

  - (c) Persons certified by competent authority as having a reading disability resulting from organic dysfunction and of sufficient severity to prevent reading regular printed material in a conventional manner.

### Certifying authority:

In cases of blindness, visual impairment, or physical limitations, "competent authority" includes doctors of medicine; doctors of osteopathy; ophthalmologists; optometrists; registered nurses; therapists; and professional staff of hospitals, institutions, and public or private welfare agencies (e.g., social workers, case workers, counselors, rehabilitation teachers, and superintendents). In the absence of any of these, certification may be made by professional librarians or by any person whose competence under specific circumstances is acceptable to the Library of Congress.

In the case of a reading disability from organic dysfunction, competent authority is defined as doctors of medicine and doctors of osteopathy who may consult with colleagues in associated disciplines.
