RIGHT TURN

Safety Tips

- Check your bike before riding it.
- Always wear a helmet.
- Don't wear loose clothing, as it can get caught in the bike's chain, gears, or brakes.
- Wear reflective gear, especially when riding at night.
- Take less-traveled routes so you won't have to compete with dangerous traffic.
- Ride in a straight line on the right side of the road.
- Ride as far to the right as safe and practical, accounting for debris and potholes, and be sure to stay a car door's width away from parked cars.
- Ride in the same direction as traffic flow.
- Obey traffic signs and signals, including stop lights and stop signs.
- Don't assume that drivers can see you.

#1 SAFETY TIP: Be aware of your surroundings. Watch for cars, other bikers, and pedestrians at all times.

Thank you to our participating businesses and community organizations

We Serve

DEPTFORD LIONS CLUB
