## January 2020

Happy New Year, Lions!

As 2019 came to a close, there was much success in District C to report. I am so impressed with the giving hearts of our Lions Clubs and how everyone rose to the highest levels to be sure that people in their communities were treated with many acts of kindness. To you, I say, "Thank You."

Lion Gail and I have now visited ½ of our district's clubs and we have been delighted with the reception and impressed with the variety of community activities and support you provide.

As we focus on the second half of our year with you, I'd like to kick it off with a reminder of how and where Lions serve outside their communities.

First, just a reminder of what LCIF is and what it can do with our support. You see, LCIF helps people in times of natural disaster and provides humanitarian effort for improved health around the world. LCIF is "our" foundation and with our support either at club level or individuals, LCIF will continue into the future and provide help beyond our wildest expectations.

Closer to home are our 5 State Projects. Again, almost all of our clubs provide financial support for these projects because they affect people in our state and local communities.

Indiana Lions Cancer Control continues to provide expert help to many who are diagnosed with cancer and need additional help and advice. While we can't cure cancer, we CAN help those persons receive the right treatment!

Indiana Lions Eye Bank continues to be one of the premier cornea and tissue eye banks in our region of the country. Helen Keller really knew what she was doing when she asked Lions to be the "Knights of the Blind". Add to that mission the thousands of children that are vision screened in Indiana by Lions, yearly.

Leader Dogs for the Blind change peoples' lives! Mobility, a job, educational opportunities, and daily lives are all impacted with the ownership of a Leader Dog.

Indiana Lions Speech and Hearing, again changing peoples' lives for the better. No question, communication is key to a fruitful life, and these benefits are available through better hearing. Additionally, many scholarships are presented to those persons who have chosen a career of helping improving lives through hearing research and development projects.

Indiana School for the Blind and Visually Impaired, better known to Lions as ISBVI, is all about preparing blind students for a quality life, be it through preparing them for college, career development or jobs in the real world.

Lions, I know this is a lot to read and digest, but I want you to know that we've seen firsthand how you effectively support your local communities and I just want you to know that when you support the State projects and LCIF that your dollars are really being utilized well.

I look forward to seeing you at our Mid-Winter Conference January 11, The District Cabinet meeting January 25, YOUR District C convention March 7<sup>th</sup> and lastly the Indiana Lions State Convention, April 25<sup>th</sup>.

Best Regards,  
DG Tom Robbins

*It's hard to believe another year has come and gone.* So many changes and so many opportunities.... squandered. Yep, you read that right. I know, that's not a very positive tone to start the year off with, but sometimes we need to really take stock of what we have lost.

Numerous Lions have put in countless hours on Lord knows how many projects over the last year. Unfortunately, though, we have lost several of those Lions.

In the picture below, you see two gentlemen laughing and enjoying a light moment. The Lion on the right is the late 1VP Haynes Townsend. Sadly, he passed away this past December. At the USA/Canada Forum in Columbus, I saw him and said hello. I had the opportunity to stop him and chat for a minute, but I blew it. I said "hello" - that was all. I was operating under the assumption that I would get to meet him along my journey as VDG/DG. I was supposed to meet him next month at DG training.... I will never get that opportunity.

Friends, there are so many lessons that we can learn from his passing. One, do not be afraid to LIVE each and every day. I encourage you to LIVE, not merely exist. Do not just go through the motions, make each and every day count. Two, make sure that your club (or districts) have your offices filled. Not having a 2<sup>nd</sup> VP may not seem like a problem, but if something happens to your first, you have problems. Make sure those in line are capable, do not simply put a name in for VP just to fill the slot - we never know what tomorrow will bring. Three, make sure that information is passed along to other Lions. There are some people who do not like to pass along information about projects. I encourage you to make the project about whom you are serving; having multiple Lions know how to execute projects will ensure that the project will continue long after we have passed along. Lions International will be in good hands with Brian Sheehan, pictured below with Haynes Townsend. My fellow Lions, to those clubs who have suffered loss-- we, your Lions family feel that loss with you. Together we are Lions! Together, we are Family!

TOGETHER, WE SERVE!

Note: VDG Jim's club, Spencer Lions, lost long - time member PDG Larry Fair on Christmas day.

## Our New Year's Resolution

Let us resolve this New Year to make our conversations and exchanges of information and concerns more meaningful.

My family lived with my mother's parents for my first five years while my Dad built our house. Everyone on the block spoke Italian. If my Dad was home, we spoke English. When he was not there, we spoke Italian. I got in the habit of matching English or Italian to the person I was talking with.

No message is complete until it is received and understood. Choosing words that the other person will understand is a big part of good communication.

I want to be sure that when I use abbreviations or jargon, that the other person understands them. For example: PCC Ross Drapalik is our GLT. PCC means Past Council Chair, having served a year as District Governor and then a year as Chair of the Council of (District) Governors (board of directors) of the Lions of Indiana. GLT is the district's Global Leadership Team, also called the District Leadership Coordinator. Part of that job was to help club leaders navigate MYLION reporting. Thank you, Ross, for doing a fantastic job as our GLT.

Improving our communication skills will help us see the opportunity to add context. This will help our newer Lions, and many of our longtime Lions, to appreciate the traditions and values that are at the core of Lionism. It will also help each of us appreciate the dedication, hard work, and effort behind many of these initials.

## Hearing Loss and You

### Part I

Hearing loss is a problem for many people! In fact it is number three on the disability list, affecting 20-30% of all people between ages of 20 and 55. Beyond 55 the percentage affected by hearing loss increases dramatically. Major problems associated with hearing loss include poor communication with family and friends, poor prospects for education and employment, invisibility and even depression.

Reasons given for not addressing hearing loss are: lack of knowledge-- I hear perfectly well; financial concerns—hearing aids cost too blamed much; and social stigma—I don't want anyone to know that I can't hear.

As Lions we try to help others connect to the world by helping them with connective services such as eyeglasses and hearing aids. **That is who we are—We Serve.** But wait. What if “them” are in fact “us”? What better way to recruit ambassadors for our programs than to help our own?

Hearing loss could be a reason why some Lions no longer attend meetings. Being unable to understand what is being said may cause embarrassment, particularly, if the listener misunderstands what was said and then voices an opinion unrelated to the topic of conversation. I have had that experience, and it is not fun.

The result of such a negative hearing experience may be invisibility, where a person withdraws from social contact, becomes a recluse and is essentially lost to society. Helen Keller said: “Vision connects us to things—Hearing connects us to people.” If you cannot hear you are disconnected.

At least three steps are required to address hearing loss: first, identify the problem; second, diagnose the extent and cause of the problem; and finally, treat the condition as needed.

Next month I will describe screening as the first step and discuss how it differs from diagnosis. Then there will be a paragraph on diagnosis, and finally some information on treatments.

I understand that it's a long time to wait for a finale, but it's not as though it were a secret. You are most welcome to contact me at any time by email or telephone.

In the meantime plan to collect used hearing aids, and bring them with you to Midwinter Conference or the State Convention. You'll be glad you did.

## Don't Forget the Change!

As we begin the New Year, Lions Clubs International is reminding all Lions and Clubs of changes made to the official Lions Logo some time ago. Many clubs and individual Lions are still using the traditional Lions Logo that has two red tongues on the Lion. This logo has been retired but is still commonly used.

I am attaching a jpg copy of the acceptable Lions Logos that can be used on promotional material or in any publications of local clubs, districts or Committees. There are two that are not included here. Since these are rarely used, if you have a use for one of those it can be downloaded from the official Lions Clubs International website at [www.lionsclubs.com](http://www.lionsclubs.com) by searching on Lions Logos in the search box on the title page. It will take you to a site that contains all acceptable logos including those for various sub groups and LCIF projects.

If you have the lion with the red tongue on any materials, please remove it and insert one of the others shown. The one that is very similar to the red tongued logo is the most commonly used. There are a couple of other changes but the removal of the "red tongue" is the big one. Thanks for your help with this change.

### *International Guest*

**GARY F. BROWN  
INTERNATIONAL  
DIRECTOR**

Gary F. Brown, from Cape Vincent, New York, USA was elected to serve as international director of Lions Clubs International at the association's 101st International Convention, held in Las Vegas, Nevada, USA, June 29 through July 3, 2018.

Director Brown has worked in the field of investment management for the past 37 years. He has owned his own branch and mentored several successful reps. He is currently an independent contractor and registered representative for Essex Securities.

Director Brown first became a Lion in 1984 in Monroeville, Pennsylvania, but has called the Brockport Lions Club home since 2016. He has held a number of offices within the association including club president, district governor, and district leadership development chairperson. He has also served as council chairperson, multiple district convention chairperson and multiple district GLT chairperson.

In recognition of his service, he has received many awards including the 100% President's Award. He is also the recipient of the Robert J. Uplinger Distinguished Service Award, three International President's Awards, an International President's Leadership Award, as well as four International President Certificates of Appreciation.

In addition to his Lions activities, he is an active member of the Boy Scouts of America and former board member of the Boy Scouts of America East Valley Area Council in Pittsburgh.

Director Brown is a Melvin Jones Fellow. His wife, Barbara, is also a longtime Lion and a recipient of the Robert J. Uplinger Distinguished Service.

## **Trustee Vacancy for 3-year term July 1, 2020 through June 30, 2023**

First of all, many thanks to Lion John Fletcher (Brownsburg LC) who completes his 3-year trustee term on June 30 this year. He has been a tremendous asset to the Lions Trustees and their support of the ISBVI school and services provided around the state.

This project has generated close to \$780,000 since inception to help blind and visually impaired students in our state! There are exciting things happening at the school. Your trustees are providing modern technology to ensure these young people have the best educational and life opportunities.

We need dedicated, focused Lions to serve in this capacity and continue this Lions mission. Take a look around and ask if anyone is interested in joining this group of trustees. I will be glad to provide interested Lions with the following background information on request:

- Copy of ISBVI brochure
- List of ISBVI Trustee Committees
- List of Trustee Obligations
- Report to Council in January

I am also always available to talk about the project and answer any questions.

Anyone who is interested in filling this vacancy is very welcome to join us for the remaining meetings of this Lions year. They will be on a Saturday and generally start at 11 am and adjourn around 2 pm. We break for lunch at noon - school provides main and trustees bring salads, snacks and desserts - and we have fun being part of this Lions mission/project.

If anyone from your club is ready to step up and serve in this trustee position, he/she must submit their letter of intent and a letter of endorsement from their home club to PDG Billy Chastain **no later than February 19, 2020** to be placed on the ballot at the District 25C Convention to be held March 21, 2020.
