

A New Start

It seems like spring with all the clubs coming out of their hibernation, getting out and doing fundraisers and service. New officers begin their work for the clubs and the districts. There are some new things that we will be trying in the district. Our new district team was built to focus on the club member and to support Lions in their service.

We will take advantage of Lions coming together at cabinet meetings to put on informational programs of interest to the clubs. These will include training for vision screening, introduction to the new Blinq® camera to screen preschool children, a visit from a staff member from Leader Dog in Rochester Hills, Michigan, training on what to do in an emergency (CPR, etc.), reading programs for children, ocular surgery assistance program that is underused, detailed information on the state projects, and more. The purpose is to help each Lion and Lion Club to be more engaged, more productive, and to feel more fulfilled.

My motto is **“Helping Lions Serve.”** My pin shows a Lion family supported by a column. That is the district supporting each Lion and Lions Club. The teal background and small ribbon are in honor of my daughter, Marie, who lost her nine-year battle with ovarian cancer after last Christmas. While in chemo and other treatments, she found the time to become a recognized artist and was an active president of the Lafayette Art League. She was never a Lion, but she served like a Lion in so many ways. She made a difference every day with all those that she met. She touched the lives of her former students, fellow teachers, and principals, her treating team and patients, family, and numerous friends. She helped make me a better Lion.

Marie showed me something else. St. Vincent had an oncology art therapy class. Marie did not go

because she would have to drive or ride an hour each way for an hour class. Due to COVID, they offered the class on Zoom. She actively took part weekly. I am not a big proponent of everything being virtual, but when it is helpful, we can use it.

We are looking for interest in a diabetic share and support Lions group on Zoom. I can think of three Lions with diabetes who do not live within an hour's drive of either of the other two. Zoom may help bring them together to support one another. See below. There is also a Facebook page for Lions Fighting Diabetes.

Taking a lead from her example, we will focus on making those with whom we come in contact, better because we were there. Lions do a fantastic service in vision screening. We are working on posters etc., that can go to the school before we come and while we are there. This may lead to a few new members, but it will definitely help to let others know about Lions.

Maybe you have been as frustrated as I have been when I find a Lion function on Facebook, and then have a hard time finding it again. To help solve this problem, we are beginning to use the calendar function on our website to post district club events. We will add a link to an event flyer if we get one. It will only be as useful as we use it to add events and look to find events. See below.

This year, let us **Help Lions Serve** to be **Engaged, Productive** and feel **Fulfilled** that we have made a difference. Let us **Adapt to Reality** and use the tools at hand.

First Vice District Governor Bob Hrdy

1st VDG Bob Hrdy
and Lion Vicki

Bob was introduced to the importance of service to others at an early age. Both his parents were in the Army – he jokes that he did his military service the first 6 years of his life – including 2 tours in Germany. Even after his parents retired, they were involved in service organizations – Boys Scouts, International Order of Foresters, the Elks etc...

He was always volunteering as a coach or helper for his kid's sport teams and helped organize kid's games for Vacation Bible School at his church.

Bob received first Leader Dog, Alex in 2008 due to his decreasing vision. He was so impressed with the Leader Dog program he wanted to find a way to give back. He met Lion Dave Ehlers at one of his son's baseball games where Dave was a vocal supporter of the team. Dave invited him to join the Lafayette Lions in 2009.

Bob has been active in many different roles within the Lafayette Lions, President, VP; Tail Twister; Leader Dog Trustee, Zone Chair, 2nd VDG, he is always willing to help in any way he can. In addition to Lions Club he is on the board of Lafayette youth baseball and volunteers at his local elementary school.

He has received several recognitions for his hard work on behalf of others; a Presidential Leadership medal in recognition to his efforts to raise money for the Leader Dog expansion, a WP Woods award; a Bison award from a local financial investment company that recognizes citizens who invest in the community.

Banner Night to be August 29th

The 25C Banner Night will be on Sunday, August 29, at the Battle Ground Bible Church. Social Hour will start at 5:00 P.M. with dinner following at 6:00 P.M. The Church is less than one mile from the 178 exit off I-65. This year's theme will be "The Musicals" we did in high school and college. Pulled pork is on the menu. We hope to see you there. Flyer will be out soon. Also check our district calendar for a link to flyer and details.

Welcome 2nd Vice District Governor Patti Foxx

My name is Patti Foxx from the Brazil Lions Club, Brazil, Indiana. I am married to Tim Foxx for 36 years. We have 2 children, Kenny and Heather, along 5 fur babies. Our dogs are Munster, Champ and Zero and 2 cats named Jeri and Bo. I work at the courthouse for the county in the Auditor's Office. I have been involved with the Lions since 2015, serving as President, LCIF Coordinator, and Zone Chair and am currently our club's secretary.

I am so excited to be your 2nd Vice District Governor, and I look forward to meeting everyone. So, be patient, and if I can't remember your name, please tell me again! I want to hear your stories about being a Lion because from those stories we all can relate to what Lions means to us.

To me, Lions means being passionate in serving people that need some kind of assistance. That assistance can be as small as putting someone's grocery cart back where it belongs to helping someone with eyeglasses. The Lions need the community to know that we are here to help and to serve them, our family and friends, our neighbors and even strangers!

In talking about strangers, have you ever worked at the State Fair? I have the past several years and have met so many strangers that have now become friends. So, if you haven't signed up, please do so. Lots of Lions are needed to help serve. This year the State Fair runs from July 30th to August 22nd.

So, remember, be passionate in serving those that need all kinds of assistance, whether it be big or small. See you at the fair!

We Serve,

Patti Foxx
2nd Vice District Governor

New District Calendar

Did you see a Lion event on Facebook or in an email, but cannot find it when you look later? The district has a new calendar that will help find it.

The district has a webpage at [District 25-C - Lions e-District Houses](#). If you click on Calendar, our district calendar will appear. This will be only for District 25C Lion Club's events and fundraising, DG's official visits, a few state Lions Club events. It will be only as useful as the information shared there. If there is an asterisk at the end of the item, volunteer support from other clubs would help. Please contact the club at the email address if you are interested the helping. If you give us a flyer or a permanent, internet link, we will add it to the calendar.

To add your club's events, etc. contact GST Cindy Russell at lioncindy@yahoo.com, Chris Landskron at christy-landskron@yahoo.com, or DG Jim Roth at Lionjimroth@gmail.com.

Cabinet Meeting on August 14th

The Mooresville Lions Club will be host to our first district-wide (cabinet) meeting at the Mooresville Government Building on August 14, 2021, and ALL LIONS ARE INVITED. We will be sharing information on how to vision screen, including with the new Blinq® camera system, and the Eye Bank will be sharing information on its Surgery Assistance Program and how to register to become an organ donor.

Come and learn new ways to serve or how to serve even better. Be on the lookout for the flyer coming out soon. See you there!

Hold on to Those Lions

I was recently asked my opinion on why we lose members from our Clubs; and I believe, above all else, it comes down to lost Lions not feeling a sense of **inclusion** in their Club; having a disconnect that negated the value of the membership. They weren't drawn in and given a role that made them feel a part of the organization; they didn't feel that their membership allowed them to be someone who could make a difference and be on the inside.

I believe members join because they want to be part of something. They want to know other people, be involved in projects and make a difference in their community. But if they do no more than come to a few meetings, have only shallow conversations over dinner and merely observe the projects or activities of the Club, they will quickly assess whether membership is the right use of their time. And nobody needs just another meeting obligation in their schedule, thus no incentive to hang around for very long. If that is their only role, they'll be gone in a matter of months.

When Club members intentionally reach out to new recruits, pull the new member in quickly and provide him or her with a responsibility, a sense of connection and a mission, they will stay engaged and grow in their Lionism. Some personalities will join and intentionally look for opportunities and inject themselves into a role, but others are not so bold and wait for an invitation to really dig in and participate. If that invitation never comes, they'll slide out the back door for good.

We cannot control moves, illness or financial constraints; but we can reel people in and make them a part of the action, rather than just an observer.

Your Day at the Beach

Most everyone has heard some version of the “Star Fish Story”. A young boy is on a beach throwing star fish back into the ocean. A man, seeing what he is doing, says, “Son, don’t you realize there are hundreds of star fish? You can’t make a difference!” The boy bent down, picked up another star fish and threw it back into the surf. Then, smiling at the man, he said “I made a difference for that one.”

So, which are you, the man or the boy? Do you discount your acts of service because they are small; only affecting one person or one family? For those of us who live by the phrase “we serve”, the “star fish story” is the standard call to duty, knowing that each life you touch matters, even if it is only one.

Struggling to find service projects? Set your goals a little smaller, smaller in size. Serving individually or a couple members at a time is still representing Lions. Serve where your passion is; helping with Bingo at the senior center in your area, story hour at your local library, and do not forget the animal shelter. How fun would it be for a group of members from your club to get together and walk the dogs while enjoying each other’s company?

Every day, every way, Lions are investing their time, talents and resources in the communities where we live, work and serve. Make sure you are counted.

Zone Chair Needed for Zone 6

A zone chair is the bridge between the rest of the District Governor’s team and the individual clubs within a zone. The zone chair spreads Lion Clubs news to the clubs in the zone and alerts the District Governor of needs and concerns of the zone’s clubs.

We need a Lion to step up and help out in Zone 6. These clubs include Cayuga, Clinton, New Goshen West Vigo, Newport, Pierson Township, Prairie Creek, and Riley Township.

If you are interested, please contact DG Jim Roth lionjimroth@gmail.com.

Mooreville Leo Club Possibility

The Mooreville Lions Club is looking for Lions willing to share their experiences as they look to form a Mooreville Leo Club. They already have two high school students attending their Lions Club meetings and would become the core of a new Leo Club.

The Mooreville Lions Club has willing Lions in the club to do the work, but they are looking for any pointers which might help.

Contact Treg Hopkins at Thopkins28@ivytech.edu or DG Jim Roth at Lionjimroth@gmail.com.

State Fair News

The Indiana Lions Foundation State Fair Committee met with a State Fair representative on June 8th and although some of our questions have not yet been answered, we wanted to update you as to what we do know.

As previously reported, there have been some changes in our gate assignments. We will still have Gate 12 on 42nd Street and Gate 18 on the Monon Trail. Gate 6T (The Tunnel) and Gate 11 (Transportation Center) will not be used this year, so we will not have volunteers at those gates. We have a new gate assignment: Gate 1W. This is the large walk-in gate on 38th Street. The decision to close Gate 18 in the mornings on Wednesday, Thursday and Friday has been reversed and it will now be open all day every day, as in previous years.

COVID protocols will be in line with the state health department guidelines in effect at that time, so we won't know what those will be until closer to the fair.

Some adjustments have been made to the selling and scanning procedures to reduce personal physical contact. The credit card readers will be placed on the outside of the windows and fair attendees will swipe their own cards. The ticket scanning devices will be mounted on stands on tables and attendees will place their own tickets under the scanner. Our Lions will monitor the machines and indicate to the attendees they may enter. All Ticket Sellers and Kiosk Monitors will be in air-conditioned buildings.

At our meeting, we previewed the new self-service ticket kiosks and the procedure seems simple. Each kiosk will have a touch-screen, printer, and credit card reader. Fairgoers will use the touch-screen to select the number of tickets they want to purchase, swipe their own credit cards through the card reader, and pick up their tickets from the printer. The Kiosk Monitors will answer questions, provide assistance as needed, and reload the printer from time to time. The Kiosk Monitors will also get cash from the bank and may be required to sell tickets if lines become too long. We will no longer park in the State Fair Employees Parking Lot on 46th Street. Our volunteers will enter the fairgrounds through Gate 10 on 42nd Street and park in the grassy area on the east and south sides of the Transportation Center building between Gate 10 and Gate 11. Our check-in booth will be on the west side of the Transportation Center building. See the attached map for details.

When you enter Gate 10, inform the person at the gate that you are a Lions volunteer who will be working for the State Fair at the gates. You should not be charged for either admission or parking. It will help if you wear a Lions hat and/or shirt. If you encounter problems, ask to speak to a supervisor. If you still have problems, call one of our committee members and a member of our committee will come to the gate.

Each volunteer will be required to sign a liability waiver. The forms will be available at our check-in booth. We have approximately 800 positions to fill over the 18-day course of the fair, so we hope you will sign up early and often at https://indianalionsfoundationmd25.org/?page_id=50.

Zionsville Lions Senior Service Committee had a Dedication of Covid Memorial in Lions Park. “Remembering All Hoosiers Lost To Covid-19”. Lions paid tribute to those in the State of Indiana that have passed from Covid-19. They put together a program with a welcome to those in the park, a couple of songs, a dedication and ended with a poem. The colorful ribbons will be on display through June. Then they will travel to Brownsburg and Lizton. (Photo by Lions Gail Robbins)

Each Ribbon represents a person that died from Covid-19, totaling 13,583. They are strung along the Zionsville Lions Park walkway. If your club would like to display the ribbons please contact: 317-873-5540 or zionsvillelions.com (Photo by Lion Gail Robbins)

The Plainfield Lions Club showed their support of community youth by presenting Plainfield High School graduate Spencer Donaldson with a \$500 scholarship for his continued education. The club presented Spencer with his scholarship check on June 7th at the club's regular meeting. Spencer plans to attend Butler University in the fall to study biology with the hopes of becoming a dentist. Spencer has set an excellent example for fellow students to follow and is a deserving recipient of this scholarship.
