

Helping Lions Serve

Our focus this year is to Help Lions Serve. To be Engaged, Productive, and feel Fulfilled. This month we are focusing on being engaged.

I found I needed to call several Lions while working on my district directory. I took this opportunity to tell them about our vision for this year and ask what was happening in their club. The result increased interest in our cabinet meeting’s information sessions on vision screening training, the new Blinq camera for pre-school vision screening, organ donations and eye surgery patient assistance program. I also found a Lion interested in starting a caregiver support group on Zoom. Email me if you are interested in that group or the diabetes share and support group on Zoom.

I have been able to visit several Lions Clubs at their events. From a biscuit and gravy breakfast, tenderloin sandwich sales, a full concession stand with hot dogs, burgers and tenderloins, a 3 on 3 basketball tournament, soft serve custard stand, and strong man try to ring the bell. At each place, I helped if needed and interacted with many Lions talking about their club, the club’s plans, and problems. We also discussed the opportunities to be more engaged, productive and feel more fulfilled.

I walked around the county fair and visited with other groups, such as the Health Clinic serving four of our towns. I told them that Lions do vision screening at many daycares. They said that they have pre-school children not in daycare. They are interested in Lions doing vision screening for those children at the health clinic. Their nursing students would get some clinical experience by vision screening with us on the new Blinq system. We talked about several other vision resources that Lions can provide or refer to others.

Now I will follow up, that is another important part of engagement, not dropping the ball.

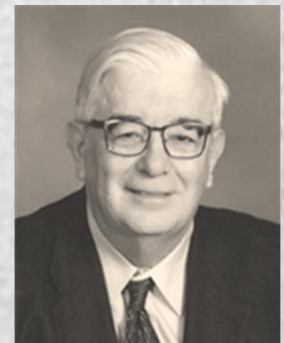

Our district (cabinet) meeting will be in Mooresville. Our Lions Club meeting room is available, but the attached kitchen is not, and the area to walk to the restrooms has another meeting going on. But a few blocks away is IVY TECH with its new Zoom wired classrooms. The Mooresville Lions Club President, Treg Hopkins, is head of community involvement at IVY TECH. We have a zoom meeting room with excellent bandwidth there. Treg is knowledgeable about the system, and so we will get expert support. Hybrid classes will start the week after our meeting, so we will be one of the first to use the virtual meeting system.

We really want in-person attendance. We need a quorum to pass the budget and other matters. You can get hands-on training only in person. The Zoom invitation with the link to join will be sent in a separate email to all club secretaries for use by those who cannot come to Mooresville. Publishing the link in this newsletter that is available on the web would not be prudent. “I’m not going to do it.”

Be engaged. We will see you at the Cabinet meeting, on Banner Night, and in my wanderings throughout the district.

Leaders of our Team

Dave Wineman is a great help and resource. He has done many things and taken time to help me develop to help you and all Lions. He is available to you as well. He is LCI Area Leader for Indiana, Michigan and Ohio Lions. He was at our state convention.

I chose GMT Jennifer and CST Cindy because they already were living the themes that Dave is setting out here. GLT Ross has over the years shown his dedication to helping the individual Lion to be an active part of our great organization.

Dave Wineman will inspire and encourage us to Help Lions Serve. GLT Ross suggested "Helping others Serve." We have it at the bottom of every page of our district newsletter. Our goal is to help each Lion be more engaged, more productive, and feel more fulfilled. If we do that, this will be a great year. We will be able to feel that we have made a difference.

I will share with all of you and other district Lions when Dave's area zoom meeting is scheduled. It will be worth attending.

Thank you for all you have done for me and for so many other Lions in the district and beyond.

Hello Fellow Lions!

1st VDG Bob Hrdy
and Lion Vicki

It is hard to believe that it is already August... as our new Lions year unfolds, I hope you and your clubs are getting back in the swing of things. I hope that you are able to get back together for in-person meetings, Club projects and some good old fashion fellowship.

I also know that as we come out of incredibly crazy and unbelievable past 16 months, life has seemed to have accelerated and getting busier and busier. In a strange way it feels good but, I would urge you to not let it overwhelm you and a slowdown sometimes enjoy your surroundings, your friends, your club and especially your family.

And lastly, I would ask all Love you Lions out there in District C to really get engaged and help your club, our district, our state and our organization to grow and make a difference. If we all do what we can help our very own DG Jim reach his goals and make us all better Lions!

“Service from the Heart”

Serving with a Smile

I hope everyone had a safe 4th of July. Our friends invited us over for a 4th of July party. We had a pitch-in and played cards. I even managed to stay up to watch the fireworks. Thanks for the invite- we needed a change of scenery!

It's August and our garden are doing great. The green beans are about ready to be picked along with our tomatoes, green peppers and cucumbers. We always plant more than we need but I don't have the heart to plant less. I love giving away our extras. This year I planted lots of pumpkins so I can't wait to see how many we get. Our corn is tasseling and having ears. Those raccoons sure know when our corn is ready to be pick. So, I usually take our extras to the blessing box or give them away at work. So, if you have extras, think about passing the veggies to your neighbors or someone else. Remember doing small assistance leads to bigger things.

Serving with a Smile,

Patti Foxx
2nd Vice District Governor

WHAT ARE YOU UP TO?

The Pandemic threw a lot of clubs into limbo due to all the restrictions and health concerns. Let us come together and encourage one another to “get back in the game”.

With most clubs having members who cannot risk exposure, it may be a while before we can get back to our “normal” service activities. Now is the time to help each other come up with new service ideas or team up to accomplish the tried and true. Lions from other clubs can help where you are short and vice-a-versa.

Since, all service clubs and non-profits are facing the same issues. You can support them and accrue service hours at the same time. It does not have to be a Lions and “----” project, you can simply help them. Wear a Lions cap, club shirt or your Lion’s vest and lend a hand.

Do not forget to report your hours. Lions is the largest not-for-profit service organization, but we cannot accurately claim that without your hours being reported.

Lion Cindy Russell
District C GST

Make it a ritual to report service activities at each club meeting. It can be a form or informal report to the secretary. There are some clubs that pass around a "makeup sheet" to use in lieu of a missed meeting. That kind of reporting could be for all activities, not just to replace missed meetings.

New Treasurer for Indiana Lions for ISBVI

Lion Bob Jessen
Treasurer, Indiana Lions for the ISBVI, Inc.
District 25C Trustee
2361 Hanover Rd.
Brownsburg, IN 46112

When Clubs or Cabinet Treasurers are writing checks to the State Project, please have them make sure checks are made out to “Indiana Lions for the ISBVI” so we will not have a problem depositing them.

Note: Please note that all donations should be sent first to the District Secretary, who documents the club’s name, amount and project donated to before sending it to the District Treasurer. Any donations sent directly to any project will not be listed in the treasurer’s reports at the district level. Only donations made through District C can be listed by our treasurer in any district reports.

More than one state project has told us that they are having problems depositing checks that do not match the name(s) on the project’s account. When sending checks directly Individuals and clubs are asked to properly name the project on their check.

District C Lions: It is not necessary to write separate checks to each project. Most of you may continue as you have in the past, i.e., write one check with an enclosed note directing the amounts to go to different projects. District Treasurer will send money to projects as clubs indicate on the memo page.

Indiana Lions MD25 Membership and Marketing Initiative 2021

The Indiana State Chairs for Membership and PR/Marketing have re-applied for a combined \$20,000 in funding under the LCI Departmental Grant programs. This grant proposal was approved in FY2020, but was not funded.

These funds will be used to create and implement “Project On-Lion”. It will provide an integrated web presence for 70 clubs in the State, along with a standard system for all club officers, PIDs, PDGs and Committee Chairs. It will enable Indiana Lions to communicate both internally and to the public better than ever before.

Indiana adopted the popular Google Workspace suite of products as our State IT standard in 2019. Using this package, all Indiana club officers will have standardized access for the first time. Additional accounts will be provided to PIDs, PDGs, State Committee Chairs, State office, etc.

The seventy pilot websites (ten per district) will be built from pre-fabricated secure website architecture to save time and reduce costs. The sites may contain club news, calendars for upcoming events, a photo and video highlight section, online stores for tickets and fundraising items, an online membership application, online payment processing, and more. They will be designed to automatically link photos to Instagram and Facebook accounts to improve public and media reach. Other automated links are being explored, such as venmo, twitter, and stripe.

Using Workspace, linking the sites through Google Analytics and Google Trends will also help us drive viewers and prospective members to Lions sites and programs. State and District Lions news will also be able to be posted across these platforms. The eventual goal is to provide all participating Lions Clubs with this standard set of online administrative tools.

This is not a pure advertising campaign, or a pure membership sales effort, but a team effort to build a collaborative communication platform that will be lasting and effective. The public’s engagement and buying decisions are increasingly made by the selection of online offerings. Indiana Lions are choosing to be seen as an engaged, effective, active group; open to new people, and willing to grow.

Funds will be used to help secure licenses and personnel to create these sites and accounts, along with six to twelve months of initial automated postings, secure payment processing and other standard expenses. All disbursements will be made by our State Controller, within the Objects and Ethics of the Association, and compliant with all grant guidelines.

Respectfully Submitted,

PDG Charles Short, GMT-MD Indiana
Lion Carlyle Edwards, State Public Relations Chair

Zionsville's Senior Lions created a portable display of 10 twelve foot linking ropes containing over 13,000 ribbons commemorating Indiana lives lost to have an interest, please contact Covid. The ribbons and a commemorative sign hung from the trees in Zionsville Lions Park in June and then moved to Brownsburg for their 4th of July event. The display is available to anyone to borrow. If you have an interest please contact PDG Richard McKellar at macagon@tds.net. If no interest, one month after this article is published they will disappear.

Every week there are many jobs to be done in keeping the Zionsville Lions Park in tip top condition. Pictured left to right are Lion Art Small, Lion/Club President Ruth Kelly and Lion Sue Bowron-White. The building behind is the old Chamber of Commerce building that sits just south of the Zionsville Lions Club House. It had deteriorated significantly over time as it has not been occupied in years. This building is to be torn down and the hole backfilled to make way for significant street improvements by the city of Zionsville. It sets on the crest of the hill leading into the park. The pine tree that was cut was behind this building. (Photo by PDG Richard McKellar)
