#### WHAT A GREAT DAY TO BE A LION!

**Dignity. Harmony. Humanity.** I used these words throughout the year as I visited in the clubs. These words were very important to me not only because they are from the International President's theme, but because I have always believed that one must treat others with dignity and respect at all times. Lions in District D have always served others in their communities with Dignity and Harmony and we will continue to do so. It has been a real privilege to work with so many wonderful Lions and to learn how important our Lions Clubs are to the communities. Our communities are indeed better places to live because they have Lions Clubs. It makes us all proud to see a Lions sign on a building or park, or a park bench, a scoreboard, a fountain, or to know that we bought a pair of glasses for that little girl who just received an award for reading. We are all proud of the Lions and the accomplishments they bestow on our communities. Let us continue into the next year and the following 100 years with the same enthusiasm and compassion.

Not only is this a great day to be a Lion, it has been a Great Year to be a District Governor. I have met some of the nicest people in the world and found that no matter where our communities are, there are needs that we can help with. And our needs are not all that different. I'm proud of Lions who have stepped up to help other Lions clubs by either attending fund raisers or assisting other clubs with projects. I'm proud of our clubs for supporting our 5 great State Projects, our Indiana Lions Foundation, and Lions Clubs International Foundation. I'm proud to be a Lion and proud to serve with all of you!

Lions of 25D,

**CELEBRATE!** Let's celebrate that it's finally summertime, let's celebrate our great Lions year of 2015-2016 and let's celebrate our journey into the Lions Club International's 99<sup>th</sup> year of 2016-2017 as we prepare to move into the second century of LCI 2017-2018. Just as our two-headed Lions' logo with one lion looking back to our past and the other looking forward to our future, let's celebrate our past and celebrate our future. In the fall of 2016 we will be looking at and celebrating our past with a display of 25D history at the Minnetrista Cultural Center in Muncie. Please start to dust off your club photo albums and work on a club project for a display of club history for the district wide display. 1<sup>st</sup> VDGE Cindy Wright is the district historian and is chairing the Minnestrista history display. Let's make our celebration of our first 100 years a great success.

Lion Katherine and I enjoyed our first experience as puppy raisers for future Leader Dog 'Nanook' who went back to Leader Dog on May 15<sup>th</sup> 2016. Lion Katherine has applied for another future Leader Dog puppy for July, 2016. We are looking for another Native American name for this future Leader Dog, any suggestions? The experience reminds me again of our two-headed Lion logo.

Yours in Lionism, *Cion DGE Steve*

BE OPEN TO OTHER'S IDEAS AND SUGGESTIONS.....

*Oh, it will never work. We have tried that before. Been there, done that. We've always done it this way.* When planning an event or trying to come up with new ideas for your club, have you heard these lines before? What if a new member suggests an idea for an event and immediately gets shot down with one of these lines. How do you know it won't work? Maybe in their suggestion there was something new that your club has never tried. And....maybe you tried it ten years ago. Times have changed and we have new generations coming to our events. You can bring an old idea up to date by changing just a couple of steps or by adding another leg to the event.

Just keep in mind that even the little things you do can make an event more appealing. To make a pancake breakfast more appealing, add chocolate chips or strawberry syrup to your pancakes. Have peanut butter available to slather on your pancakes so this can be covered with syrup. Delicious!! Table decorations, napkins folded differently, background music or live entertainment, event held indoors or outdoors, Lions welcoming your guests and much more can be positive changes. Always be ready to open your event at the time you advertised it. Go the extra mile for someone. If you are only serving coffee or lemonade and someone asks for water, take care of their request, if possible.

The above suggestions will have a domino effect. If you shoot down your members by not even listening to their ideas and suggestions, they will lose their interest in Lions and not come back. If you do not make your guests feel welcome and make the event inviting, they will not return. Even if you did it ten years ago, some may have never experienced your event and some may have great memories of them. So...be open to all ideas - old and new - and work as a club to see how you can make them work.

1<sup>st</sup> VDGE Cindy

## MORE FROM LIONS STATE CONVENTION IN SHIPSHEWANA

District Governor Elect Steve Holtzleiter with International President Dr. Yamada during the State Convention. IP Yamada took the time to translate and present his Saturday night speech in English.

All seven districts went together this year and hosted one large Hospitality Room. If there was any snack not served, from fudge,

popcorn, cookies, chips and dip, to almost any type drink you wanted, it probably wasn't editable. With over 600 attendees at the state convention and many visiting the hospitality room, it could sometimes be difficult to hear as Lion Ron and Linda Hinshaw discovered. Shipshewana was an interesting place to hold the convention, however don't expect to go shopping there on Sunday as they practically not only roll up the sidewalks, but could have rolled the streets up also. No one around except Lions heading home. Plan now to attend the next State Convention which will be in Evansville. You can learn ideas to help your club and your community from the seminars and by talking with a lot of the Lions. There is also a lot to see in and around Evansville.

#### ARE YOU A CENTENNIAL SPONSOR?
