## People "COUNT ON" Lions

The last few years since first becoming your 2<sup>nd</sup> Vice District Governor, I have told the story about one of my family's traditions each year is going to the IMAX theater at the Indiana State Museum each Christmas and watching "Polar Express." In my article a couple of years ago, I wrote about believing without seeing and the boy whose ticket was punched "BELIEVE."

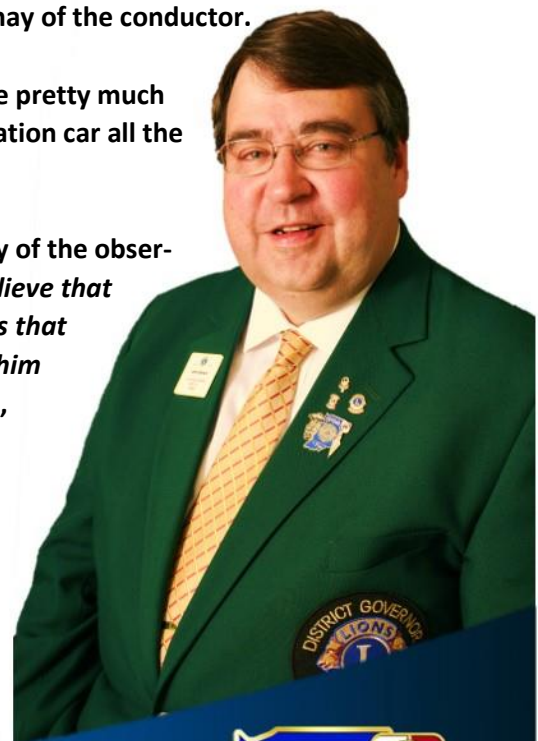

Last year I wrote about the girl who loved the spirit of Christmas and was the leader of the group. When the conductor punched her ticket, it said "LEAD." Her immediate thoughts were lead like a lead balloon when in fact it meant lead as in leader or lead the way.

This year's story is about Billy. Billy was the only child on the train whose name we know, and he was from the other side of the tracks, living in a beaten down house with a large hole in the roof. Billy was initially hesitant to even get on the train. That is until the train starting pulling away and his curiosity got the best of him. He ran and ran, as hard as he could, and the only way that he was able to get on the train was when one of the boys on the train pulled the emergency brake, much to the dismay of the conductor.

You see, Billy didn't fit in with the other kids. In fact, he pretty much kept to himself, being the only one riding in the observation car all the way to the North Pole.

We really learn about Billy as he was out on the balcony of the observation car singing, *"I wish upon a star...and trying to believe that even though it's far, he'll find me Christmas Eve. I guess that Santa's busy 'cause he's never come around. I think of him when Christmas comes to town."* Billy wants to believe, but in his own words, "Christmas just doesn't work out for me...never has."

A few years ago, Lion Kent Williams of the Martinsville Noon Lions Club came and asked our members to consider sponsoring Christmas for some children under the custody of the Department of Child Services (DCS).  
(continued on page 2)

Most generally, our club does not openly solicit donations from our members, but the Board of Directors approved taking up a free-will offering from the membership. In that first year we collected nearly \$900 to sponsor three children.

The DCS suggested that the gifts be limited to around \$100 per child, and the extra money rolled over into the following year's Christmas drive, and so it began.

Lion Kent was a few years younger than myself, and he unexpectedly passed away a couple of years ago. Our club chose to honor his commitment to these children by naming our annual drive the "Lion Kent Williams Memorial DCS Christmas Fund." Each year, our club members continue to reach into our pockets and help sponsor a "Billy" in our community who just wants to believe.

By the end of the movie, Billy has met Santa, and he believes. Upon climbing back onto the train, the conductor asks for his ticket and proceeds to punch the words "DEPEND ON" into Billy's ticket. On turning the ticket over, it reads "RELY ON" and turning it over again it reads "COUNT ON".

My question to the Lions is simply this: Can the Billy in your neighborhood "COUNT ON" your Lions Club this Christmas?

From my family to yours,

*Merry Christmas*

DG Ross, Lion Jennifer, and Cub Danielle

## The "Other" Time

To be a Lion one should give of his Time, Talent and Treasure. No one told you in the beginning that you might have to make some sacrifices to be a Lion. Once you have taken care of your family, your work and your church, you need to consider what you will do with your "other" time. One does not have to give up recreational, hobby or sporting time, but maybe just break off a little piece of your "other" time and use it in a Lion service. Little pieces can be brought together and made into a larger piece, a piece that serves the community in which you live. I had an older friend that used to say "people can live long and well if they just balance their lives". I think there is something to that statement! Maybe he was talking about balancing family, work, church and Lions?

PDG Dick McKellar

P.S. Everyone has thoughts about something. Maybe we ought to express them just a little more with a short "say" in the district newsletter?

## Oh, What Fun!

The weather has finally turned cold, and we have had our first frosts! I've even seen snow flurries, but thank goodness, we haven't had any measurable snow.

October and November have been busy with Multiple District 25 Council meetings and First Vice District Governor Training. Indianapolis was the site for the Council meeting on October 22<sup>nd</sup> and 23<sup>rd</sup> and I also attended the reception dinner for International President Corlew the evening of the 23<sup>rd</sup>. It was great being able to meet my second sitting International President. I also attended the reenactment of the 1917 signing of the Lions Club incorporation papers at the State of Indiana Secretary of State's office on October 24<sup>th</sup>, where IP Corlew sat down with Connie Lawson at the Indiana State House. Although no news coverage was accomplished, there were many photos shared on Facebook. I was also fortunate to accompany the tour of the Indiana School for the Blind and Visually Impaired, during which IP Corlew presented a check from Lions Club for a new "smartboard". There was a demonstration later on an existing one, which I thoroughly enjoyed! I also had the opportunity to see a 3D printer in use. Technology is so wonderful!

*1VDG Chloe Weyrauch greets International President Bob Corlew at the meet and greet dinner at the Clermont Lions Club on October 23, 2017.*

The actual training for First Vice District Governors takes four weekends out of your year, but is very enjoyable. I attended training in Plainfield on October 29<sup>th</sup> and 30<sup>th</sup>, and November 18<sup>th</sup> through the 20<sup>th</sup>, and will attend training in Indianapolis on February 4<sup>th</sup> and 5<sup>th</sup>, and then again in Plainfield on February 18<sup>th</sup> and 19<sup>th</sup>. As I mentioned, it's very enjoyable and gives Lions a chance to get some one-on-one time with leaders in the Multiple District.

It was wonderful to see our third month of 100% MMR and SAR reports (September, October, and November), and I believe that we will be able to keep the trend going. Have you as your club Secretary thought about doing your MMR reporting as soon as you have your last meeting? And it would break up your time spent in one sitting if you did part of your SAR reporting around the 15<sup>th</sup> of the month, and the remainder a few days before the end of the month, with final items added at the end of the month. I don't know of any clubs that meet the 5<sup>th</sup> Monday, Tuesday, or Thursday, so why not try to do your MMR after your last meeting of the month? I realize, however, that Thanksgiving might have thrown a wrench in the mix in November.

For those of you who are interested in being involved more in the Zones and District, it is time to start thinking of what you would like to do next year. The plan for my District Governor year is to start contacting Lions shortly in the different areas to fill positions for next year. If you are interested in working on a particular project or committee, please don't hesitate to give me a call to discuss what the expectations are and how much time it will take.

Have a wonderful Christmas season, and a very Happy and safe New Year.

Yours in Lionism,

1VDG Chloe Weyrauch

## Travels and Training

Winter season changes our travel routes fast and unexpected. As the ice, snow, and freezing temperatures arrive, we need to bundle up and proceed with caution.

Speaking of travel, I recently had the opportunity to attend the Advanced Lions Leadership Institute (ALLI) in Houston, Texas. This training was great, and the knowledge gained along with all the reference material is valuable for any Lion. I can't praise the instructors and the LCI team enough for all their hard work. "OH, YA!!" the food was great.

Being a student for many years of Dale Carnegie courses, I was amazed how the Lions Leadership classes were more effective and more direct to the students. I strongly urge anyone to take advantage of the ALLI training.

Another valuable asset is the forming of new friendships while at ALLI. I made friends with Lions from all over the world. Great comrades! My club and a club in Georgetown, Guyana, have submitted paper work to LCI for approval to "TWIN" with each other. Both clubs are excited about future projects.

We all should be involved with training, whether at the club, the district, the state or the national level. Training only improves our leadership and ability to assist others.

Please stay safe as winter takes control.

## More Legacy Projects

(Right) Zionsville Lions Club has installed their new "Centennial" sign outside of their clubhouse. (Above) Members of the Lafayette Lions Club dedicated a Centennial Legacy Bench to former Lion Robert Dale. The bench is located in Land Trust Park at Clegg Gardens in Lafayette, made possible in part by a Indiana Lions Foundation grant.

## Lions Clubs International **FOUNDATION**

### WHAT'S NEW AT THE FOUNDATION?

LCI has created a new club position to help promote LCIF. The role of the Club LCIF Coordinator is:

- Educate Lions about the mission and success of LCIF and its importance to Lions Clubs International
- Make at least one presentation to club about LCIF and work with the club leadership to set a budget for the club's annual donation to LCIF
- Implement LCIF development strategies with club
- Collaborate with the District LCIF Coordinator to promote LCIF

Each Club President needs to appoint a Club LCIF Coordinator as soon as possible and send the name to the District LCIF Coordinator Karen McKellar at [kadica@tds.net](mailto:kadica@tds.net). This person will be entered into the LCI Computer and will begin receiving information to help them with this position directly from LCIF.

Many clubs have already made a donation to LCIF for the 2016-2017 Lions Year, but we are lagging behind last year. District C had 100% participation from clubs last year with the assistance of our District Silent Auction proceeds at the District Convention. Let's make it another \$100% year. We also more than met our goal of \$15,000 last year. LET'S DO IT AGAIN!

Do you have credits in your account toward a MJF Fellowship? Did you know that you can honor someone from your club or community with a Melvin Jones Fellowship by accumulating \$1,000 in your club's LCIF account? I receive updates each month. If you wish to know how much your club has waiting to be spent, just email me and I will give you the latest information. Each time a club makes a donation to LCIF the bank grows.

I have been asked if individual members can make donations. The answer is YES. Some clubs have a "contributing member" program. The Club Secretary accumulates those gifts and send them to the District with the name of the person and the amount given and they are submitted to LCIF under the "Contributing Member Program." These gifts must be a minimum of \$20.

Also, remember if you have a "special person" who you just don't know what to give at the holiday time, a Melvin Jones Fellowship is a wonderful gift. These can be purchased by individuals as well as clubs. Last year the district had three awarded from individual donations. These can be done on line at LCIF or through the district. Allow at least 4 weeks for the paperwork to be processed.

Lion Karen McKellar

District 25C LCIF Coordinator

## Vision Services Christmas Report 2016

The start of Christmas season means a lot of things, but it is also the traditional end of our school vision screening effort for the year. You should be very proud to be a District C Lion. We have had another record year of helping children, families, and schools have improved sight.

This year continued to see the school vision program expand to a new record of children and families served. We added four new school corporations and over 3000 additional children to our list of those served. Logansport was able to add their schools in their first year as a new club. Crawfordsville substantially expanded their reach, and Clinton Lions continued to do their usual, excellent job. It's a great story of service, quality, and dedication that is bringing new life to old clubs and old values to new ones.

Others noticed too: Indiana Lions were honored with the Coffman Friends of School Nursing Award last month by the Indiana Association of School Nurses. This followed up honors from the National Association of School Nurses earlier in the year. Your state council of governors voted unanimously to expand support for vision screening, education, and support programs.

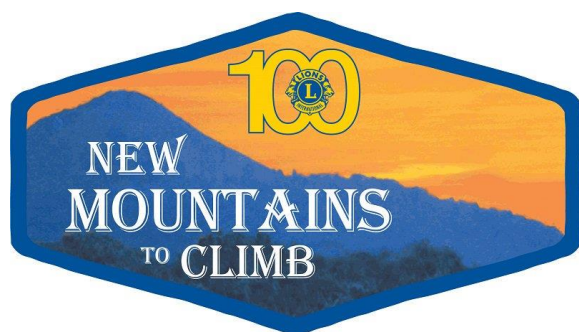

25C Lions will screen over 23,000 school-age students in this Lions year. Our efforts have had an effect: we are seeing referral rates start to decline in the schools that we have been serving. More kids are wearing their glasses in school. Broken and lost glasses are being replaced or repaired faster. This part we can see and measure. We can't see the better behavior, the better grades, the better performance in sports, or the happier families, but we know they are out there too.

Lions of 25C will refer about 4,500 students for further care this year. The work will not stop. But by our service, a few more kids who never saw a star in the night sky will now be able to do so, and might also keep a sharper lookout for Santa.

What a gift we bring! What a great group of Lions. Merry Christmas and the best of New Years to all.

PDG Charlie Short, Chairman  
Vision Services Committee
