What is a Lion!

September 2023

Lions of 25D,

As I shared in July, my theme for this year is: **What is a Lion?** Lions are many things and my newsletter articles and club visits will highlight some of the many answers. My hope is that when you are asked that question, you will be armed with your answer and ready to share the great things that Lions are.

This month, the answer is: **Someone helping the vision impaired.** As most Lions know, helping the blind and vision impaired has been a focus for Lions since 1925. That year, Helen Keller attended the International Convention in Cedar Point, Ohio and challenged Lions to become "knights of the blind in the crusade against darkness." Ever since, Lions have worked to support the blind and visually impaired in a number of methods, whether by supporting Leader Dogs for the Blind or the Indiana Eye Bank or by conducting vision screenings to identify those in need of assistance. Many of our clubs in District 25D are now conducting the state-mandated vision screenings for grades 1, 3, 5 and 8 in their local schools, and many others are conducting screenings for pre-schools using the Blinq cameras from KidSight. If your club hasn't previously done vision screenings, reach out to our district vision services chair, Henry Rodriguez. He can assist your club in being trained so that you can help children in your community be able to see and read. If you learn of students that need glasses, Lions International has a program with Eyeglass World and America's Best that will provide a child in need with free glasses. They have stores in Hamilton Town Center in Noblesville and Markland Plaza in Kokomo.

I have started making visits to clubs and am looking forward to several visits in September. I'm also excited to share that the Muncie Lions Club has submitted its charter application and will be scheduling a Charter Party once the application is processed. Many thanks go to charter members Suzzy Giesman and Brenda Ragland, as well as PDG Steve Holtzleiter, PDG Betty Weist, IPCC Scott Smith, 1VDG Rocky Simpson and GMT/GET Jeff Kozicki for their persistence in this effort.

It's not too late to register to attend Banner Night, September 9, in Noblesville – rsvp to Kim Luckey by September 4. And it's time to start registering for the 2nd Cabinet meeting on October 14 in Union City. See the flyer for details.

Thank you for **helping the vision impaired** as we continue *serving a world in need*.

Yours in Lionism,

DG Julia

Message from First Vice District Governor Rocky

Hello Fellow Lions,

August was an exciting month and September is going to be better than what anyone would expect. I come to each Lion and say that We Serve as the motto of our organization. So what does it mean...

We- A group more than one individual. It could be a gaggle of people or a Club... Like a Lion's Club. "Work is less with many hands!"

Serve – Provide for the service of others. It can be to assist and help others or providing Glasses or Hearing aids. Or just looking after your fellow man or woman.

I was reminded of our motto over the end of August how people have come together to help others. Lahaina Maui was a prime example of people helping others and now, a storm in the gulf. I think that "We Serve" could help lots of people this year.

We Serve others and usually in an hour of need.

This year, I'm asking for assistance from fellow Lion's clubs to assist in manning of our donation Station for the Christmas Lights at Greentown Fairgrounds. It's a chance to spend three wonderful hours greeting cars during the Holidays, sharing the spirit of the season, and after it's over, spending time eating the crock-pot dinner in the office. If you would like to spend some time and help, please call PDG Mike Imbler at (765) 776-0424 to put your names on our schedule. We'd love to spend a wonderful evening with you all.

Rocky

Message from Second Vice District Governor Jim

Hope everyone is doing well. The month has flown by for sure. If you didn't get a chance to work the state fair, it's an experience. This was mine and my wife's first year and we really enjoyed it. Met lots of great people and Lions members and enjoyed the conversations.

As a new incoming 2VDG, you all know I am in the learning stage, so please hang in there with me if I ask a lot of questions when we speak.

I want to thank my home club, Union City Lions Club for A fabulous job on their Food Booth during Stateline Heritage Days Festival and the Rodeo in our Harter Park the following weekend. It was an extremely busy two weekends for this club but they stood strong and did their job well. Lions Serve, and they did just that. Hundreds of brats were served and hundreds of corn on the cob was cooked and lots of snow cones were sold. This club came out in full force to show the community the Lions Club is here. Thank You!!

I want to thank the other clubs in the district for their community events they have had and the great success they had. It just shows Lions at work, showing that Lions Serve.

With that said, let's try to recruit a couple new members this month. That would be fabulous. I hope to get to your club at one point to visit and get to know each of you more. I am working on trying to get this in my schedule.

Thank you for your service and remember to bring a new member in September, or anytime!

Respectfully yours,

2VDG Jim Dubeansky

GMT/GET—Global Membership Team and Global Extension Team

Greetings to all Lions of 25-D!

I hope everyone is doing well. In the last month, I have been thinking a lot about the game Connect 4. While that may seem like an odd opening, it does relate to my theme of Games and Lions. If you haven't played, the game is like tic-tac-toe, but you take turns dropping chips down vertical chutes trying to have four of yours in a line while stopping the other person from doing the same. The chips can be seen as links in a chain.

How does this relate to Lions (and Membership)? Well, if you think about it, each of us could be one of those chips. We aren't the first one on the board, as others came before us. One of them sponsored each of us into this great organization. That is one connection we start with and should work to strengthen (from both sides). Since we are not in competition with other people or other clubs, we should all take up the challenge of making additional connections.

Here are four types of connections you might consider:

- Connect with a member of your club who you don't know well. At the next meeting, sit with them and find out more about them.
- Connect with someone from another club. Invite some of their members to come to one of your meetings or hold a joint service project. The clubs are all in the District Directory.
- Connect with Lions across the District event. This could be Banner Night on September 9th at 6:30pm at the South Harbor Clubhouse in Noblesville or a District Cabinet meeting, the next of which is on October 14th at 6:30pm at the Union City Lions Club.
- Connect with someone in your community and invite them to connect with your club.

Whatever you decide to do, have fun doing it and people will want to connect with you.

Lion Jeff Kozicki

25D GLT/GAT Assistant Area Leader

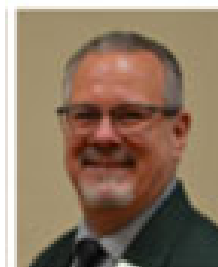

As your District GLT, I have discovered that the only training done for all of you is for the Officers and Zone Chairs which only takes place once a year. I believe that we should be doing more for you and your Club.

I want to encourage you to please email me and let me know any area that you think we should be providing information and training for you and your Club. I, and others that may be better at explaining a certain topic, are willing to plan an event near your area, so that you don't have to travel and spend an entire day away from your family and other events you have going on. So, please take a minute out of your time and email me at mutt4866@gmail.com and let me know how we can best serve you.

"If you have knowledge, let others light their candles in it." Margaret Fuller-American journalist
Several Clubs have already scheduled a presentation on the GMA (Global Membership Approach) and how it can assist you in improving Leadership, Membership and Service and strengthening the future of your Club. The Clubs are from District 25D as well as 25B. I would encourage any Clubs or Zones in District 25D to schedule a time to at least look at a program that is working all over the World to help strengthen Lions. Let's make District 25D the example for success for the rest of MD25 to follow.

We have a strong District Governor this year and Leader in District Governor Julia, and it is the least we can do to help make her/our District the best it can be!

Updates to the Hoosier Lion

For many years, the Lions of Indiana have studied the Hoosier Lion. Multiple surveys have been conducted and various models from other states have been considered. The 2023-24 Council of Governors has voted to approve a proposal from 4th Hawk Media LLC to print three issues and publish six electronic issues during 2023-24.

The electronic issues will be sent to all Lions with email addresses and the print issues will be sent to all addresses (one per address). This method reduces mailing costs and allows the publication of more information in the electronic issues. The new publisher will also print full color images in the print versions. We are excited to announce these updates and look forward to your feedback. Please send articles for publication to the district newsletter editor and district PR chair, who will forward them for Hoosier Lion publication. (25D = woodward1999@sbcglobal.net)

Eyeglass Recycling

Recently, PDG Mike Imbler, Eyeglass Recycling Chair of Greentown had 45,000 pair of eyeglasses picked up for processing and helping others in different countries see better.

IPDG Eric Schuman, Eyeglass Recycling Chair of District 25-D is announcing the collection points in the District for eyeglasses.

They are the Greentown Lions Club in Region 1, the Anderson Noon Lions Club in Region 2, and the Saratoga Lions Club in Region 3.

So have your club collect eyeglasses and hearing aids and get them delivered to one of the three collection club in the District. They will then be picked up and taken to the Greentown District collection site for further processing.

ENVIRONMENTAL GOLDEN NUGGETS

This month's golden environmental nugget is how we can help improve the environment. These ideas can be used also as a club membership event. Invite a non-lion to help you.

Plant a tree in your community

Recycle ink cartridges

Plant flowers for an elderly friend

Provide rain barrels for food bank gardens

Recycle ink cartridges

Rake your neighbor's leaves this fall

Recycle eye glasses, cell phones, cardboard.....

Paint over a wall that has graffiti on it

Pick up trash along a creek or stream

Adopt a highway, park, or pick up trash day

There are many ways on how you and your club can make a difference in your community. Ask your city, town or county officials on how you and your club can help them.

Don't forget to take a picture of your environmental event and send it to me.

Information and Technology Article for District 25D

What is Synthetic Identity Fraud?

Per Thomson Reuters at [legal.thomsonreuters.com](https://www.legal.thomsonreuters.com), *Trends in synthetic identity fraud*, Tad Simons, April 21, 2023, "Over the past few years, synthetic identity fraud has surpassed credit-card fraud and identify theft as the fastest-growing form of fraud in the world. Why? Because stealing with a synthetic identity is easy, it's cheap, and the risk of getting caught is relatively low."

A Social Security Number can be purchased on the dark web for as little as a dollar. With that and PII (Personally Identifiable Information) which can be commonly found on the open web, a bad actor will create a fake identity and open credit cards, bank accounts, and all manner of instruments in that manufactured identity. They will often start slow with small transactions to test the new setup. If successful, the thief may go on a shopping spree and then disappear.

From the same Thomson Reuters article, Fraud-as-a-service (FaaS) is a new business model that thieves can sell. It is "literally a service to help people commit fraud." It is even being used to "facilitate money laundering, human trafficking, and finance terrorism."

Prevention and detection are difficult. That is why . . .

You must watch your own accounts. Pay attention to all financial transactions, reporting suspicious ones to your financial institution no matter how small (again, it could be a test).

You should know web sites you visit. Pay attention to the URL (Universal Resource Locator or web site address) to ensure you are on the site you expect.

When on a web site where you're making or reviewing financial transactions, **you** should ensure the URL begins with HTTPS and there is a lock icon beside it.

You should make passwords complicated (See last month's IT article). Change them frequently.

You should consider subscribing to a personal information monitoring service like LifeLock from Norton. There are others available as well.

Not all fraud attempts can be stopped. Often, losses can be recouped by the financial institution defrauded, however. Do *your* best to ensure *your* information is secure.
