Greetings Lion's,

Here we are in Convention season once again. We have been working hard to bring a new and fresh approach to our Spring Convention. I hope you will attend to see what is new and exciting. After all that's what we are about in the Lions Club. We will have a new format to the event. We have given this a lot of thought and want to give us something to think about and come away saying that was fun and exciting. I hope you will share in the excitement.

Remember that in 2017 District 25E will be hosting the State Convention in Evansville. Lion Erica Thomas has taken on most of the work involved as committee chair to allow me to be a District Governor. There is plenty of work for all of us to do and to participate in the 2017 State Convention. The committee has been working hard to make this convention a family friendly destination.

Hey there are clubs I have not heard from for a visit. I will be sending out emails and making phone calls. If you want a certain date than you need to get it set up. If I have not heard from your club I will let you know what I have open. From there I will let you know when I will be there. There is a lot of work yet to do and a very short time to get it done.

I want to thank you the Lions of District 25E for the year I have had so far and I am looking forward to the balance of the year. There is a lot of great work we do as lions in our communities and there are a lot of people out there that want to be Lions. We just have to help them realize that they want to be Lions. Ask your President to get in touch with your Zone and or Region Chairs to show you how. If they need help we have great recourses in our district to draw from. My self and our Global Membership and Leadership Chairs want to be used and make your club be everything it can be. We just ask for equal commitment. It can be scary, change, but exciting and full of spirit.

This year we are going to Shipshewana Indiana for State Convention. I ask that you plan to add it to your travel plans. It will a fantastic adventure. I know I am looking forward to hearing from our Leader International President Dr. Jitsuhiro Yamada. It will be a great weekend with plenty of sites to see and new and exciting adventures to be had.

Yours in Lions,
DG Glen M Georges

2nd Vice DG Corner:

Hello Lions,

First, I would like to thank everyone who participated in the district's leadership day Back in January. I feel the day was a success and hope we are able to do additional sessions in the future.

The second item is regarding burn out. This has been on my mind a lot lately but I am having a hard time organizing my thoughts on the subject, so if the rest of this article is a bit 'off', I apologize.

How many of you have experienced boredom and/or been burnt out in your Lions club? I know I have experienced both from time to time. It is normal to experience some burn out and boredom occasionally.

There are several ways to combat this experience. One way is to assist your Tail Twister (or volunteer to be the Tail Twister if your club doesn't have one) in performing a new and energizing activity. This helps everyone in the club to do something different and helps you try something new.

Another way is to sit with a different group of Lions than you normally do. By sitting with different people, you may come up with new ideas and improve your relationships with others.

You can try doing something different at your club, like running for an office or volunteering to serve on a committee. This can expand your horizons and maybe show you the world from a different perspective.

Sometimes we don't realize how many tasks we take on in the club. We do them so we know they get done, but we forgot that there might be others who would do these tasks, if we just ask. Sometimes you just need to take a break.

I would like to continue this line of thinking with the concept of club burnout.

Thanks,
2nd VDG Keith

Hello District 25E,

I ask you the clubs of our District to consider \$50.00 donation to the Vision Screening so we may purchase supplies and any repairs that come forward. We was blessed with the grant to gain these wonderful machines. We need your help to keep them in top shape and monies to buy supplies. When you send your check to Cabinet Secretary/Treasurer note in the memo where to apply you donation.

Thank you,
DG Glen Georges
