We are Lions

Our 45,000 clubs and 1.35 million members make us the world's largest service club organization.

We're also one of the most effective. We get the job done.

We recently:

Brought 3,000 volunteers together to build a playground for children of all abilities in California, USA.

Fed 60,000 people in a township in South Africa. It's something Lions do there every day.

Sent a team of eye surgeons to Honduras to treat more than 100 adults and children.

Everywhere we work, we make friends. With children who need schoolbooks, with seniors who need transportation and with people we may never meet.

Greetings from Lion President Don

Happy New Year Lions

I trust you had an enjoyable Holiday. As we begin the second half of our Lions year, it appears it won't be quite as busy as the first half.

Bingo will continue to occupy Wednesday evenings and it is important to have enough Lions to work, in addition the Winterfest Bingo on January 29 will require a few extra workers as we can expect a larger crowd than normal.

All the 150 Club tickets need to be sold, this is a good money maker for the Club, and has been for a long time.

The Club needs to support the Kidspiel and not just leave it for a few Lions to take care of. This is a good Public Relations exercise and in the past has raised significant funds by us selling draw tickets. The Kid-spiel will require the services of all Lions that can possibly work, both that day and organizing or selling tickets ahead of time.

I'm still looking for a Lion to come forth and be a "Guiding Lion" for the new Colborne Club, here is an opportunity to put your experience to work.

Our first Meeting of the year is January 10, see you there!

Yours in Lionism

Lion Don

From the Podium....

... providing a forum for any Lion to raise an issue, express an opinion, say “ thanks” To someone, talk about his/her pet peeve This month *Lion Harvey* brings us news about plans for our club’s 65th anniversary

65TH CHARTER ANNIVERSARY

This February 13th, the Lions Club of Brighton will celebrate its 65th Charter Anniversary of Lionistic service in the Brighton area and beyond. That day in 2011 is a Sunday, one day before our first regular February meeting.

At the December Board of Directors meeting, the Directors reached consensus on a plan to celebrate this important event. We decided that we should all invite our spouses, our special friends and other local friends to join us and go to a restaurant for dinner, probably a local one. It has been put into the hands of the Program Committee to set up.

We decided that it would be a really nice time to do this as we'd be going out on Valentine's Day while we celebrate our 65th, and we'd be with some of the most important, influential people in our lives. There would be no District Officers invited, unless some Lion wanted to invite someone as a friend, but not as a District Officer. We plan to have NO speaker. We just want to have a pleasant time with our local Lions family and friends.

The Directors feel that we really need to do this for the good of the Club and for our own good as well, and we look forward to a large

turnout of our members, even those who have been out of town or away for other reasons over the last several months. I believe we are turning the corner in our efforts to find some new fund-raising ideas and we want to keep it going. I also believe that we are getting back to the idea of thinking like Lions, which we seemed to let slide for awhile. Remember, we are an important part of the Lions family and this community, and we need to pull together to keep it going.

Please plan early to attend and let Lion P.P. Owen know that you and at least one other person will be there on February 14th for a little Lions Love-In.

Let's remember what we hope will become the new official saying, AS SUGGESTED BY LION INTERNATIONAL PRESIDENT SID SCRUGGS –

L I O N S -
LOVING INDIVIDUALS, OFFERING NEEDED SERVICES!

How about it, Lions?

Lion Harv

Message from our International President

Sid L. Scruggs III

CALENDAR CHANGES; SERVICE IS CONSTANT

The world of Lions is a bit upside-down as much of the world views life. As Lions, instead of a focus on working and making money, we concern ourselves with serving and making life better for others. In a world often divided by borders, language and culture, we find unity in service. As much of the world celebrates New Year's, our annual Lions' calendar reaches the halfway mark.

It's been a privilege to serve as your international president for half a year and witness the incredible zeal for service Lions of the world have. I have asked Lions to renew their service commitment and thousands have done so. I have encouraged Lions to embrace the four global service action campaigns and to take on new projects related to youth, sight and hunger. In April, I'm sure Lions will take on innovative and effective projects to protect the environment

Service is what we do and defines who we are. Our service is a positive way to increase membership. It happened with my club, the Vass Lions in North Carolina. We jumped from 12 active members to 65 members by increasing our service activities. Our club invited younger parents by working with the Boy Scouts and sponsoring the Peace Poster

Contest and a Leo club. We brought in people interested in hands-on service by being involved with Meals on Wheels, health and eye screenings and delivering food baskets. We attracted people who wanted to be part of a larger, successful organization with a global outlook but involved in local projects.

I tell this story not just out of pride but to encourage other clubs and offer a blueprint for club success. When we are a Beacon of Hope to others, we also shine a light on ourselves. Being active in the community allows us to be visible, viable and worthy of joining.

I initiated the [Bright Start Awards](#) to encourage district governors to engage and invite new members for service. Our Membership Division at headquarters can offer expert guidance to develop projects to encourage new members and retain our current members. Please visit the [Member Center](#) for more information.

As we embark on the second half of the Lion year I thank you for all your service and encourage you to be a Beacon of Hope in your community. Among your New Year's resolutions please include a continued commitment to our mission of service.

And now, **SOME SPICY WIT**

.....seldom sage, but ~~always~~ mostly savory!!!

The Way to Inner Peace

I am passing this on to you because it definitely works, and we could all use a little more calmness in our lives. By following simple advice heard on the Dr. Phil show, you too can find inner peace.

Dr Phil proclaimed, "The way to achieve inner peace is to finish all the things you have started and have never finished." So, I looked around my house to see all the things I started and hadn't finished, and before leaving the house this morning, I finished off a bottle of White Zinfandel, a bottle of Bailey's Irish Cream, a package of Oreos, the remainder of my old Prozac prescription, the rest of the cheesecake, some Doritos, a box of chocolates, and a half bottle of scotch.

You have no idea how freaking good I feel right now.

Pass this on to those whom you think might be in need of inner peace.

Home on the Range:

Two buffalo were standing on the range when a passing tourist said, "Those are the mangiest, scroungiest, most moth-eaten, miserable beasts I have ever seen."

One of the buffalo turned to the other and said, "You know, I think I just heard a discouraging word."

HUMOR FOR LEXOPHILES - (i.e. GROANERS?)

- The butcher backed up into the meat grinder and got a little behind in his work.
- To write with a broken pencil is pointless.
- When fish are in schools they sometimes take debate.
- A backward poet writes inverse.
- In a democracy it's your vote that counts; in feudalism, it's your Count that votes.
- A chicken crossing the road is poultry in motion.
- With her marriage she got a new name and a dress.
- When a clock is hungry it goes back four seconds.
- He had a photographic memory which was never developed.
- When you've seen one shopping center you've seen a mall.
- If you jump off a Paris bridge you are in Seine.
- When she saw her first strands of gray hair she thought she'd dye.
- Bakers trade bread recipes on a knead to know basis.
- Acupuncture: a jab well done.

PROPER INSULTS

Unfortunately, with the decline of literacy in our population, we are losing the ability to insult persons properly, as in the following quotations:

- "He is not only dull himself, he is the cause of dullness in others." -- Samuel Johnson
- "He is simply a shiver looking for a spine to run up." -- Paul Keating
- "He had delusions of adequacy." -- Walter Kerr
- "He inherited some good instincts from his Quaker forebears, but by diligent hard work, he overcame them." -- James Reston (about Richard Nixon)
