## LIONESS/LIONS LIAISON REPORT TO CABINET 20/11/11

In our District A3, eight of the nine Lioness Clubs are actively working to serve their communities. There are 143 members, in total. In the Multiple District three more clubs cancelled, but there are still sixty-nine clubs with a membership of 1,456.

I attended the District A3 Togetherness meeting on October 30 at the Trenton Lions Hall where six clubs were represented. The Lioness Spring Conference will only be for 1 day this year, the last Saturday in March, and will be held at the Norwood Town Hall. Out of all the club activities that were reported on, I think one stands out. The Napanee Lioness Club started out not too many years ago to make a few meat pies to sell. By this year the orders rolled in and they sold 956 pies before they had to turn people away.

I have two copies of the Lioness Multiple District Newsletter to pass around. I'm sure you will find it interesting to see what is happening in the Lioness world. Oh yes. The Trenton Lioness Club now have a new member. PDG Lion John Thompson has joined their ranks as an Honorary member. We're glad to have you on board, John.
