

Cabinet Report 20 November, 2011

District Governor, Lion Earl Oliver

This is my second report to Cabinet for year 2011-2012 for Region 11 District A3.

Since our last Cabinet Meeting Clubs in Region 11 have been very busy carrying out many projects, Amherstview Lions were kept busy with their Annual Santa Claus Parade which was another success this year and their twice a month bingos, Christmas Bazaar and monthly pancake breakfasts and a Seniors Wine and Euchre Party. Kingston Lions held a Fish Fry in August and their 75th Charter Anniversary, their annual Diabetes Tag Day as well as selling Christmas Cakes, heavily involved in vision screening in the many schools in the city of Kingston and also inducted 3 new members into their Club. Kingston Lakeshore West held a BBQ in Kingston North end as a fund raiser for Community Health Services in this area. Sharbot Lake Lions have been busy with many projects including a barbecue and collection of bottles at the local beer Store and celebrated their 60th Charter Anniversary. Tamworth and District Lions were busy in August with their Annual Fish Fry, and they have inducted 3 new members. Napanee Lions have been busy with many functions including a fish fry and they have inducted a new member. Bath & District Lions have been busy with their monthly Pancake Breakfasts, Christmas Bazaar and are regularly assisting local groups with the use of their barbecue. Denbigh-Griffith have been busy with their monthly Bingos, vision screening and many other club projects. Newburg-Camden Lions keep busy with their Jamborees, Vision Screening and other projects within their area. Sydenham and District Lions collect glasses for distribution in Central America and their Annual Golf Tournament. Verona Lions Club has been busy renovating their club building to make it more accessible to the handicapped.

I continue to encourage inter-club visitation on my visits to clubs in Region 11. I am told that the new club at Queens University should be ready to Charter early in the new year.

Respectively submitted

**Regional Chair
Region 11**
