

# District Spotlight

*Lions District 5SW Newsletter 1/26*

## District Highlights

District 5SW is facing significant challenges related to club sustainability, financial stability, and membership retention. Several clubs are suspended or at risk of disbandment due to unpaid international dues, low activity levels, aging membership, and struggles to maintain required officers and a minimum number of active members. Concerns include discrepancies in reported membership numbers, difficulties in following formal reinstatement or disbandment procedures, and delays in resolving arrears. Over the last several years, the district has experienced a net membership loss, with the current total standing at 504 members. This low membership is contributing to broader issues with engagement and long-term viability.

To tackle these, a district leadership board is implementing hands-on strategies centered on direct support and revitalization. Leadership is conducting in-person visits to at-risk clubs to evaluate status, assist with paperwork for reinstatement or disbandment, recruit new members, and address dues issues promptly. Initiatives include providing specific club officer training, supplying membership materials, and plans to assign guiding lions to help struggling clubs. Marketing plans are progressing through grant-funded projects for banners, posters, and display boards to enhance visibility, along with establishing a dedicated marketing committee. Other efforts focus on finalizing the district directory, publishing a quarterly newsletter, updating the District Website, and promoting leadership training.

Many Clubs within the District continue to provide valuable community service as evident in this Newsletter. Please do not hesitate to reach out to any of the District Leadership with ideas activities and concerns as the District rebuilds to SERVE.

## Lions Clubs International PEACE POSTER Contest

For over three decades, Lions clubs around the globe have been sponsoring a very special art contest in schools and youth groups. Creating peace posters gives children everywhere the chance to express their visions of peace and inspire the world through art and creativity.

For 2024-2025, District 5SW had three entries. First place was Ella Hill representing the Wheatland Lions Club. Ella received \$100 from the District and represented the District in the MD5 competition. White River Lions Club entry to the District contest, Kayzlei Knecht, placed 2nd in the District and received \$75. The third place entry was Madison Hollow representing the McLaughlin Lions Club. Madison received a \$50 recognition.
