A Message From the District Governor

District Governor
Doug Nace

Greetings Lions, Lioness/Lions and Leos of District 14-C

Believe it or not we already have a quarter of the Lions Year under our belt. The warm summer days are fading away and we are now experiencing cooler and shorter days. In some cases this would be a sign to get in preparation for hibernation, but not Lions. This is the time of year when our Clubs and District becomes very active with Fall Festivals, Apple Festivals, Halloween Parades along with so many other projects.

The Lions and Leos of District 14-C are doing a fantastic job serving their communities. As I get around our District, I am so impressed with what you and your clubs are doing in your communities. I am seeing a movement with the Clubs aggressively getting exposure in their communities and we are starting to see individuals with the same passion for service wanting to join our organization.

Welcome them.

Welcome them all to be part of our service organization that provides the service in their community, **Your Lions Club!** Young, Old, Women, Men, welcome them with open arms so we can provide even more service and help more people. I always like to keep things simple, like simple phrases, especially the one **"Just Ask."** That is all you have to do while you are working at a fundraiser, with family, at work, at church with friends. Just Ask if they would like to be a Lions Club member. We need to share that feeling you get when you give someone a hand up to get them through a rough time or a family that is struggling after a disaster. There are a lot of compassionate people in our communities and many times asking them to help with our causes will let them know they are not alone and can be part of a fellowship by being a Lions Club Member.

I recently attended the USA/Canada Lions Forum which was held in Atlantic City, New Jersey this year. Once again District 14-C had an impressive delegation of 13 individuals that attended. We had over 90 different seminars to choose from and our delegation came back with some new ideas, new products were researched and we all got to see old friends and make new ones.

If you never attended the USA/Canada Forum, this is great opportunity to get training, meet people and just have a fabulous time. I like the fact that you will have the opportunity to see Lions from the club level all the way to the Lions International President at the Forum. This year we saw 7 Past International Presidents, who are very approachable and want to get to know you. If this is not on your bucket list, you may want to think about adding it.

Keep up the fantastic work and **Thank You** all for everything that you do. "WE SERVE"

Yours in Lionism,
Lion Doug Nace

A Message From the 1st Vice District Governor

**1st Vice
District Governor
Patti Wurzbacher**

Lions, LEOs of District 14C

What an incredible experience I've just returned from—the USA/Canada Forum in Atlantic City, NJ! This was my second Forum, and once again, it exceeded every expectation. The theme, *Servant Hero*, truly came alive in every session, every event, and in every Lion who attended.

The Forum is not just for leaders or those seeking leadership roles—it's for every Lion! It's a chance to connect with fellow Lions from across the continent, learn from inspiring moderators, be moved by powerful keynote speakers, explore the exhibit hall, shop in the Forum Store, and most importantly, bring home new energy and ideas for our clubs and District. With more than 100 seminars, our minds were challenged, our spirits lifted, and our toolkits for service expanded.

One of the most moving moments came from BJ Blahnik and his Leader Dog, Jackson. BJ shared his life's journey with RP, Retinitis Pigmentosa, reminding us to live with an "Attitude of Gratitude." His story of turning negativity into positivity—symbolized by removing rocks from a heavy backpack—left not a dry eye in the room. Once again, Leader Dogs demonstrated the power to bring light where there was once darkness.

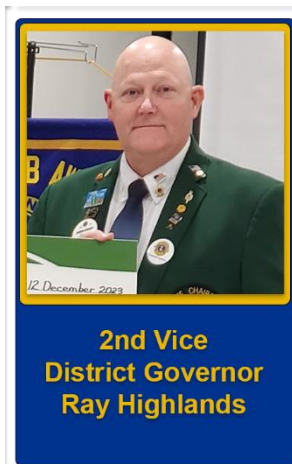

Our International President, A.P. Singh, urged us to use our "chips of kindness and cards of compassion to go to the casinos of LCI and win the jackpot." To grow our membership and multiply our service. The greater our numbers, the greater our impact on the world!

I encourage each of you to attend a Forum in the future. It's four days filled with learning, laughter, fellowship, and unforgettable moments. Most of all, it's a reminder that wherever we come from, we are united by one powerful truth: **We are SERVANT HEROES!**

We Serve,

FVDG Patti Wurzbacher

A Message From the 2nd Vice District Governor

It is an exciting time as we move from summer to fall. As the weather changes we are reminded that change happens all the time and as we move into October, many changes are happening around us. When seasons change each year, some see it as the end to summer with lost warmth and time at the beach, while others see it as a wonderful array of coming colors and cooler weather with the upcoming holiday season. It is similar to someone seeing a glass half full of water, and someone else seeing the glass half empty. When someone asks the question; "What are Lions" your answer will be based on if you see the glass half full or half empty.

Lionism gives us an incredibly unique opportunity with the glass that we carry. Consider the water gone from the glass as service completed in the past and the remaining water is the service we can do in the future. If we are thirsty and drinking water from a glass and need more water, we would just go fill the glass back up at a tap. As Lions, we fill the glass back up by knowledge. Knowledge allows us to expand our ability to understand more aspects of Lionism and opportunities to provide service to our communities and around the world. This knowledge also gives us the ability to tell the story of Lionism to others when asked "What are Lions?" This knowledge is the water needed to fill our glass backup with more service and more hands to help with future service projects.

Lion Lisa and I went to the 2025 USA/Canada Forum in Atlantic City. We had the opportunity to set through numerous training sessions of our choice out of the 100+ breakout sessions. We also had the opportunity to meet lions from all over the US, Canada, and Caribbean and learn what they do to make a difference in their communities. Walk through the exhibit hall talking to vendors about new products and other Lions about future events. Lion Lisa and I have enrolled online and worked to complete our bachelor's degrees from Lions University, and both received those degrees at the Forum. Forums are much different than the International Convention as Forums have a quarter of the people attending, and the Forum is much more relaxed with breakout opportunities and chances to talk to other people.

As I journey through this year meeting people, attending meetings and training; I am amazed on the information I find out about how much bigger and much more powerful Lions International is outside my own little club.

Whether it be taking a course offered by the District through Zoom or classes on Lions International there are opportunities to learn more about yourself and Lionism. I challenge all Lions in District 14-C to learn one new thing about Lionism each month and enhance your ability to not make a difference but **Be the Difference**.

Yours in Lionism

DISTRICT INFORMATION TECHNOLOGY & WEBSITE

Facebook

Does your club have a Facebook page?

How often do you put information on your Facebook page?

Facebook recommends posting at least 6 times a week. Once a day, Monday through Friday and once over the weekend.

Please post something at least once a week on Facebook. So take pictures of everything your club is doing and post them with a little description. People do not realize everything our clubs are doing and if you are posting only when you have a special event you are not benefiting your club, and the public is not getting the message.

PLEASE NOTE THAT OCTOBER IS CYBERAWARENESS MONTH and if you get an email, post, or notification that you must click a link to fix; DO NOT CLICK THE LINK, it is most likely a scam to take over your page.

Please remember you can send information, photos, or any other details to lionsdistrict14C.fb@gmail.com to be considered for the district Facebook page.

Mechanicsburg Supports Students with Operation Wildcat

In the spring of 2006, the Mechanicsburg Area School District PTOs and Parent Advisory Committee members began Operation Wildcat to help local students and families in need. In August, the Lions Club of Mechanicsburg donated 802 School Supplies to Operation Wildcat. Not only did the donation include typical school supplies, 15 lunch boxes were in the mix of items. Our club never fails to step up to the plate and deliver on needs in the community!

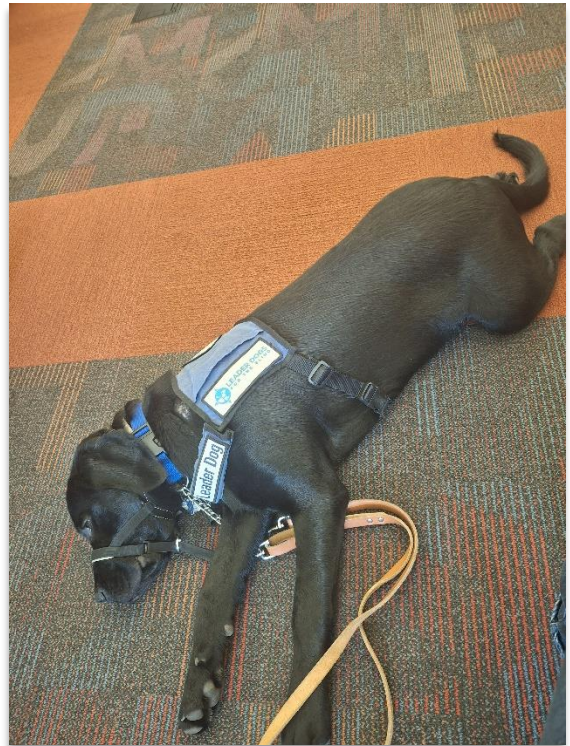

Paws for Thought

By LD Puppy Raiser Robbie Teal

FLD Stella is growing so fast. It is hard to believe she will be 8 months old on October 4th. She is 68.8 pounds, bright and beautiful. She has gone camping, meet our new district Governor, and participated in our local car show at the VFW. It is starting to get harder to find new experiences for her. She knows sit and down, and has accomplished learning left and right turn, back up, around, and of course forward. Lion Vera has taken her to church for trivia night and she was a perfect little lady. If any clubs are interested in having Stella, Vera and myself come to a meeting, please let contact me at Beerbaroness.rt@gmail.com.

My 6 year old Granddaughter loves handling FLD Stella, and she does it very well. We even spent some time at the local library with Stella. Although Stella got bored while we were reading and took a cat nap.

Yorktowne Promotes Service to Community

The Yorktowne Lions Branch Club had an excellent display at the SpiriTrust Lutheran Health Fair in York on September 23, 2025. PDG Shirley Starner along with members of the club answered questions and informed residents of what the Yorktowne Lions do in the community. More importantly they were accepting new member applications and had a professional two table display along with their banner and video display of what their club does. Pictured are members of the Yorktowne Lions Branch Club that were manning the booth.

Plainfield Awards Local Merchant for Service

Over the past number of years (too many to count), the Country Butcher Shop in Plainfield has helped the Plainfield Lions Club in many ways, especially during the club's fundraising efforts and its annual picnic. In addition, the business has helped Lions District 14C, Zone 2A, by allowing them the use of their grounds for their annual Bake Sale, held on the Saturday of Labor Day weekend. Last week, the Lions Club presented the business with an Appreciation Award plaque thanking them for all of their help. Scott Leidigh, president of the Plainfield Club, presented the plaque to Jen Spahr from Country Butcher Shop.

Mechanicsburg Provides Service to Breast Cancer Charity

Pink Hands of Hope is a thrift store and non-profit organization dedicated to supporting women battling breast cancer in Central Pennsylvania. During September, The Lions Club of Mechanicsburg provided a Day of Service. Some volunteers worked to clear, weed, and refresh the flower beds. The day also included tasks to tag items, organize and re-label bins, and move equipment and supplies to a trailer.

The Deadline for the November Issue is October 23rd

Newsletter Guidelines:

- Articles should be Word or PDF documents.
- Send all pictures separately and send the originals, not copies downloaded from Facebook or social media. This helps me resize and re-render them to fit our guidelines.
- Pictures should be JPG or PNG files.
- Include the names of everyone in the picture. Pictures without identifying information will be the first ones cut for space.
- Tell us something about the event or organization you're supporting. The more information you provide, the better chance of your article being included.
- You **MUST** include your name and the name of your club in the email submission. This isn't related to size requirements but ensures your email will be read. Emails that contain nothing but an attachment often get sent to a Spam folder or blocked altogether. By putting your name in the email, I also have someone to contact if I have questions.
- Flyers, posters, and brochures cannot be more than one page. You may send a longer piece, but it will be cut down to be only one page and it's always better if the submitting club makes those changes instead of me.

Submit articles to the following email:

The ABCs of LCIF

PDG Keith Shoff

Welcome to Fall - the leaves will soon be turning, but in the meantime, my yard is currently full of acorns. Did you know that acorns can be ground into a gluten-free flour for baking bread, pastries, and pancakes, or processed into a coarse-ground meal for grits and porridge? Acorn flour can be incorporated into pasta, stews, and curries, or used as a substitute for hominy in dishes like pozole and the flour can also be roasted and brewed into a coffee-like beverage. Quite a versatile little nut that we don't give much thought to.

LCIF is another versatile tool designed to help us, Lions, to serve the world. As the charitable arm of Lions International, it can support large-scale humanitarian initiatives like [Lions Quest](#), which offers youth development programs, or programs focused on areas like diabetes, vision care, and environmental stewardship, and yes, disaster related programs as well. LCIF provides grants to Lions clubs and Districts to empower them to implement these programs and address community needs worldwide. District Governor Doug is encouraging all his Cabinet members to donate to LCIF, as he himself does. Remember, donations of any size are appreciated, both by individuals and by Clubs. Money sent in and designated to either "Empowering Service Fund" or "Disaster Relief Fund" are available to be used for Melvin Jones Fellowships and in addition, our new International President, A.P. Singh is continuing the limited-edition Presidential Supporter Pins for a one-time donation. I now have these pins in my possession, so let me know if you're interested in one or all.

Bronze Pin
US \$50 - \$99.99

Silver Pin
US \$100 - \$199.99

Gold Pin
US \$200 and above

When donating to your Foundation, checks should be made out to "LCIF" in whatever amount you wish to donate. You can personally send the check to LCIF, but better yet, let me send it in and I will see to it that you get any and all recognition for your donation.

Thank You for donating to YOUR Foundation !!!

Myth: Earthquakes only happen on the west coast
Truth: They can occur any place at any time.

Myth: Earthquakes east of the Mississippi River are not a big deal because they are smaller.

Truth: Smaller earthquakes on the east coast cause more damage because of the density of the ground. 5.8 Magnitude in 2011 was felt as far away as Boston and caused millions of dollars of damage all up and down the east coast to include 15 million in damage to the Washington Monument.

In September, the Plainfield Club named Lion Lisa Shade as their 2024 – 2025 Lion of the Year, which ended on June 30, 2025. Lisa was instrumental in starting a new fundraising project for the club, participated in the Adopt-A Highway project that the club performs in the Plainfield area, and served as the liaison between the club and the caterer for the club's 2 dinner meetings. She also helped with the club's preparation and distribution of fruit baskets during Christmas. Lisa designed many of the club's posters used during their fundraising efforts. Lisa, shown on the right in the picture, received her award from Ron Garman, left, the President of the Plainfield Club during the 2024 – 2025 club year.
