

Lions Clubs International Foundation
District 6-SE Cabinet Meeting

June 8, 2024

So far this Lions' year, Lions Club International Foundation (LCIF) has granted \$44,000,000 to help people around the world in various ways. Grants have been approved for purchasing a special education bus, a van for food donations, new Plusoptix vision screeners, pediatric retinal diagnostic equipment, diabetes screening equipment, building inclusive playgrounds, building a sensory garden, and many other needs. Grants have also been approved for tornados in Nebraska and Iowa, fires in Texas and Oklahoma, earthquakes in Morocco, and many more disasters.

A \$100 dollar donation can fund one of the following;

Vision screenings for 50 at risk youth

Relief for 39 disaster victims

Housing for a family during a child's cancer treatment

Diabetes screenings for 98 at risk individuals

Improve access to food for 90 hungry people

Fund a one-year Lions' Quest program for a classroom.

Funds donated to LCIF are tax deductible and every dollar goes to helping others.

After serving District 6-SE as LCIF Coordinator for 12 years, I am leaving the position to serve on the Colorado Lions Camp Board of Directors. I will continue on as the Hunger Coordinator for the District. It was time for a change.

PCC Bob Selle, LCIF Coordinator, District 6-SE
