

## 6SE District Convention Report 3/9/24

All of our plans are in place and last minute details are being discussed.

Take a look at the attached timeline, invitation, and registration, and get involved - bring a silent auction item, volunteer to greet folks at the registration table, offer to bring a snack to the hospitality room, bring your clubs collected used eyeglasses to sort, or even help lead the singing of the national anthem!

Our special guest is International Director Guy Hollander, bio attached so you can get to know him in advance.

We look forward to a fun and active gathering on the plains on April 12th and 13th.
