Park & Ride

How to ride

MAX SYSTEM MAP

MAX Light Rail System Makes Traveling Around Portland a Snap

Forum attendees will enjoy access to 24/7 transportation around Portland through the Metropolitan Area Express Light Rail, better known as MAX. Every registered attendee will receive a MAX Pass when they pick up their registration.

According to the MAX website, MAX Light Rail runs every 15 minutes or better most of the day, every day.

The Forum Committee recommends that you review the MAX routes prior to arriving in Portland in order to determine where the closest stop to your

That means no waiting for buses to get you to and from your hotel, and easy access to trains that will get you where you want to go in the City Center and beyond to areas like:

- Beaverton
- Clackamas
- Gresham
- Hillsboro
- Milwaukie
- North/Northeast Portland
- Portland International Airport

hotel is and find the closest stop that will take you to the Convention Center. You will find an interactive map at <https://trimet.org/max/index.htm>

If you are not experienced in using public transportation, you may want to check out the information on 'How To Ride' found on that website, too.

Happy riding!

Portland Segway Tours

Glide through Portland, Oregon's exciting downtown while riding on the newest version Segway. See some of the most popular downtown destinations with an experienced adventure guide. Stops include Portland State University, Powell's famous bookstore, as well as gliding down Burnside Street through China Town and Old Town.

UV

HEV

Protect Your Vision: Beyond UV

When it comes to protecting your eyes, UV coverage is no longer enough. You need Zenni's Beyond UV lenses to provide all-day protection – indoors and out – against the harmful effects of high-energy visible (HEV) blue light and UV rays.

Harmful Blue Light is Everywhere

SUN

DEVICES

ARTIFICIAL LIGHT

With the rise of digital technology, we're being exposed to even more sources of blue light over longer periods of time.

97%

of US kids under age 4 use mobile devices

77%

of Americans have smart phones

6.5 hrs

average time teens spend on screens each day

A Clearer Solution

Unlike most blue blocker lenses, our technologically advanced Beyond UV lenses are virtually clear with minimal color distortion so you can use them all-day, everyday to protect your eyes from harmful blue light

Pricing for Beyond UV lenses with standard anti-reflective coating included starts at just \$16.95.
