Dear Club Secretary:

A change was made with Lions International effective January 1, 2024, regarding the delegate count with a new designation of DISCOUNTED. This section reads, *“a member of this club who pays discounted dues as a result of their family membership status, or participation in any other discounted membership program offered by the Association who desires to retain membership in this club and meets the qualifications for discounted dues, the membership status shall be verified by the Board of Directors of the Club. A Discounted Member shall be eligible to hold office in district and international meetings but shall pay such as the local club may charge, including District and International dues. This membership category shall not be included in the club delegation formula calculation.”*

For example, if you have a club with 40 members and at your district convention you would normally get one (1) delegate for every ten (10) members so you would get four (4) delegates, but if any of those members are discounted or members pay less than full dues, they cannot count in that delegate count. If you have six (6) of those in your club, your count is down to thirty-four (34), you could only get three (3) delegates. Your clubs need to pay attention to that count. That delegate can vote, but they cannot be included in your delegate count.

CLUB NAME _____

Your club is permitted one (1) delegate for each ten (10) non-discounted members, or major fraction thereof, based on your January 2026 Monthly Membership Report. The District Governor and all Past District Governors are allowed one (1) vote that does not count against your club delegate quota.

The fee is \$7.00 per Delegate and \$7.00 per Past District Governor (PDG):

>Number of Eligible Delegates (DO NOT include PDG's) _____ X \$7.00= _____
>Number of Past District Governors (PDG's) _____ X \$7.00= _____

TOTAL _____

PLEASE RETURN THIS FORM WITH PAYMENT NO LATER THAN MARCH 30, 2026
