LIONS CODE OF ETHICS

1. To show faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.
2. To seek success and to demand all fair remuneration of profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts of my part.
3. To remember that in building up my own business it is not necessary to tear down another's; to be loyal to a client or customer and true to myself.
4. Whenever a doubt arises as to the right or ethics of my position or action towards my fellow men, to resolve such doubts against myself.
5. To hold friendships as an end and not as a means. To hold that true friendship exists not on account of the service performed by one another, but that true friendship demands nothing but accepts service in the spirit in which it is given.
6. Always to bear in mind my obligation as a citizen to my nation, my state, my community, and to give them my unswerving loyalty in word, act, and deed. To give them freely of time, labor, and means.
7. To aid my fellow men by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.
8. To be careful with my criticism and liberal with my praise, to build up and not destroy.

LIONS INTERNATIONAL OBJECTS

- To Create and foster a spirit of understanding among the peoples of the world.
- To promote the principles of good government and good citizenship.
- To Take an active interest in the civic, cultural, social and moral welfare of the community.
- To Unite the Clubs in the bonds of friendship, good fellowship and mutual understanding.
- To Provide a forum for the open discussion of all matters of public interest: provided, however, that partisan politics and sectarian religion shall not be debated by Club members.
- To Encourage service minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavors.
