As of the writing of this report, we have all received the word that there will be no convention this year due to the coronavirus. The committee has turned its focus on Montreal in 2021. The committee approved the new state pin design for next year and they will be available for distribution in August.

## 2020 SPECIAL MINI PIN

The design for the 2020 special mini pin that was to be given to all attendees was approved and should be available for distribution at the MD13 Convention in May.
