

Zone 2 Report
By
Lion Justin Knox

This year has been a most trying time for our clubs and district. Starting with an issue of membership loss, to every club in the state of Ohio canceling meetings, fundraisers, and events due to COVID-19. Even though this year has been a most unprecedented time there have been many good things that have happened in my zone. Some clubs were able to hold fundraisers and service projects. But other clubs helped out by gaining new members and helping our district to grow. So congratulations to these clubs and to the 25 new members.
