

December Newsletter

Hear Me Roar!!

Halfway there!!!! The month of December for me was met with heart ship. I lost my brother and best friend on Christmas morning. I did not put out a November Newsletter as my head was not in the right space. This is no excuses but as we all know when you are human your emotions can get the better of you. COVID for most of us has been just like that for the past 2 years. Not being able to see family and make memories as we have in the past. Let's hope 2022 will be a better year for all.

A New Year!

New year is not looking as good as the old. With this new variant of COVID the rules are changing so rapidly. The information that is coming out that I have been receiving is stating that some functions are being allowed to take place while others are forced to postpone. We don't know whether or not we can have our cabinet meeting as of yet. Some events can have over 1000 people while others can't have but 10. I want to assure you we will do everything possible to keep folks safe for 2022. Once we know what our restrictions are registration will be sent out. Fingers crossed.

Hear Me ROAR!

I would like to thank each and every club that I had visited. The kindness and generosity from each and every member that I met while there was something to be proud of. It has been a pleasure to talk to each and every one of them and I hope they feel the same as it made me feel welcomed and that I would love to come back and see them all again!
