Hear Me Roar!!

February was a busy month and I want to thank all of those who participated and especially helped to make the Winter Cabinet meeting a success. I was at least able to have one visit during the month and I thank those at Spryfield for welcoming me to their club. I'm looking forward to visiting with the remainder of the clubs in my district.

Lifting of Restrictions

The last two years we have all been living such a different life of isolation, social distancing and working from home. As of March 21, 2022 all restrictions in District N2 are being lifted. Most of you have heard how I feel about zoom but that said as DG I still want to ensure that folks remain safe at our meetings, at our socials and at our gatherings. Continuing to practice safe distancing, curiosity, and common sense. Therefore, if you feel you need a mask wear a mask, if you feel you need to sit at a distance, sit how it make you feel comfortable. Please be safe and remember I'm always here to talk.

Spring Convention!

With the Spring Convention coming up fast, I'm hoping that it is possible for everyone to show up. What I would like to see happen is for folks to reach out to me with ideas of how you would like to see this convention go. We want to take this and make it memorable and not just the same old, same old. I have heard from many that reading of reports are not what they want to hear, there are traditional folks who still do. So, how can we make this enjoyable for all!! We want to have this convention be the biggest one yet! I need your help and your assistance to make this happen!!
