

Hear Me Roar!!

Another month has passed, January 2022 is now behind us. I was hoping to get around to see more clubs but with the new variant visits were just not possible. I'm going to request that because of the difficulties clubs are having that those who are able, if they would like to reach out to me I will make a special trip around to see them. If you are having meetings I would be very pleased to join you in person.

Melvin Jones

It was a great honour to have been able to present the Melvin Jones Fellow Award to our very own CST Martyn Foreshaw. CST Martyn is a very integral part of the District Governors Team and puts every effort into his duties as both CST and Treasure for the Bedford Lions Club. I would like to think that Martyn is becoming a very close and dear friend not just my CST. Congratulations Martyn, well deserved!!

Hear Me ROAR!

Clubs Visited in January

- Bedford

Hearing For All!

I have been getting feedback from those who have recently been accepted in the Hearing for All Program. One from Truro and the other from Dartmouth. This is good news for those who are thinking this program is not working. It helps people to understand that it is hard to do this program during COVID. Hopefully it will continue for the next hundred years with support from all.
