Our 5th annual Strides Walk will begin with the t-shirt distribution. The 1 mile walk will begin at 11:30 AM and at the end you will receive a box lunch. The Forum has lined up activities designed to provide information on diabetes and ideas on how to implement diabetes in your club or district's service framework.

Here's your opportunity to learn what diabetes is, how it is treated, how people with this illness are impacted and what you can do to help them live healthier, happier and more productive lives.

Plan to walk the course to raise and help raise awareness about Diabetes in Spokane. For \$25, participants who register by 8/10 will receive a free t-shirt and box lunch.

Touchstone Story: The Lions Club Emblem

The Lions Club International emblem is recognizable and memorable throughout the world. Everywhere around the globe, Lions proudly wear, display and use the emblem to brand nearly everything. The image of the Lion in the emblem signifies—strength, courage, action and fidelity.

Lions demonstrated their sense of humor when they created the first emblem in 1917. The first logo was a visual pun: a lion and a club. The club was inscribed with the word “international”. By 1919 the members were asked to come up with a more polished logo.

Lions from around the world submitted designs for a new polished logo at the 1919 International Convention in Chicago, Illinois. A committee was formed at this International Convention to design a new polished emblem for the organization. The logo committee made the decision to contact Chicago commercial artist and founding member Maurice Blink to design the new emblem. Blink create a sketch using a circle with an “L” in the center and two lions heads in profile looking in opposite directions.

April 1920 the Lions board of directors approved Blink’s design. Melvin Jones explained its meaning. The emblem, Jones explained, “represents a lion facing the past with pride and the future with confidence, looking in all directions to render service.”

The earlier designs of Blink’s emblem were in full color and the lions were more realistic with wavy dark brown manes, glowing eyes, and very sharp white teeth. Over the years the lions became less fierce as the logo was standardized to promote consistent use world-wide.

In the early 21st century, the emblem was refreshed and updated to serve many more decades to come. Why? Because it works.

History of the Lions Club International Emblem

In nearly 100 years of use, the Lions logo has changed and evolved. But it has always stood for the same idea:

We Serve

1917: Note the visual pun in this early logo: a Lion and a club.

1920: This rendering with monogrammed L and back-to-back lions is the basis for the logo today.

Lions Club International: Our Second Century of Service

OUR SECOND CENTURY OF SERVICE

For 100 years, the Lions Clubs International mission of service has brought light into countless lives. Our Centennial torches, which inspired Lions and Leos around the globe, are now a shining display at our worldwide headquarters.

The inscription reads,

our second century
of service."**

Our five-year strategy, LCI Forward, builds on the success of our Centennial Celebration. Supported by Lions Clubs International Foundation (LCIF), LCI Forward is strengthening our organization and will empower Lions and Leos to serve 200 million people, not across a span of four years, but every year.

So be proud of your contributions to our Centennial Celebration. Together, our achievements have made our organization ready to serve humanity in the century to come.

**Optimism is the faith that leads
to achievement. Nothing can be
done without hope and
confidence.**
