**CONVENTION DISTRICT/STATE/INTERNATIONAL-** Lion Kendell Hughes reports the Park Hills Lions Club have found out the original proposed location for the District Convention cannot fulfill the needed requirements, so the more appropriate location in downtown Farmington is being worked out. International Director Lion Connie LeCleir-Meyer will be our Special Guest.

PDG Lion Don Beckham updates everyone that progress on the details regarding the April 26-29 Missouri Lions State Convention are going great and everyone can start registering now. The committee met on Sept. 23 at the Double Tree Hotel in St. Louis, MO, sight of the 2018 State Convention. The toured the hotel facilities by the District 26-M2 Convention Host Committee. A report was given by PCC Lion Jeff Hilke of the final 2017 Convention held at Tan Tara, the committee was able to return the \$2,000 advance along with an additional \$2,821.76 in profit. The tour of the Doubletree reassured the committee that the Host Convention Committee from District M2 is well organized and on target to host a great 2018 Convention. Dates for the Convention are April 26-29, 2018. IPCC Lion Joe Foster discussed the Service Project, including a canned food drive... more to come. The Lions International Convention is being held in Las Vegas, June 29 through July 3. The convention in Chicago was such a hit, expect a great time at the coming convention in Las Vegas!

**DIABETIC AWARENESS-** Lion Dave Baldwin tells the audience that World Diabetes Day is November 14 with Lions World Wide Week of Service devoted to Diabetes being Nov. 13 through 19. Diabetes is a global health epidemic that impacts more than 400 million people, resulting in 5 million deaths each year. As of now, LCI is offering a special Diabetes Patch for your club when you report your service through MyLCI.

**GLOBAL LEADERSHIP TEAM-** Lion Wendy Williams submits the State Leadership, Membership and Global Action Team are putting together a statewide training event. If anyone has any topics they would like to recommend being addressed, please send to Lion Wendy Williams and she will forward to Lion Ann Anderson for consideration. Time, location and cost have not yet been determined.

**GLOBAL MEMBERSHIP TEAM-** 2<sup>nd</sup> VDG Lion Rodney McConnell stresses the importance of posting what you club is doing on Facebook, reaching your target audience. On the District level, he is making an effort to help clubs recruit and retain members. At this point, 40% of the District M1 clubs have not designated a Membership Chair which leads to some information not being up to date, both from LCI to Club along with Club to LCI.

On both the State and District level, membership has decreased again this past year. We need to gain younger members and doing so requires social media. The Peace Poster Contest help increase exposure and turn into recruitment. For retention, it is important to keep members active with duties and projects. DG Lion John Preston reports that as of the 5<sup>th</sup> month this year, District 26-M1 is still positive and the only District being so in the state.

**GLOBAL SERVICE TEAM-** Lion Dave Baldwin reports that from the perspective of the importance of clubs reporting their Service Activities through MyLCI, we have gone from 10 clubs reporting and raising \$50,000 in 2014 to last year having 23 clubs reporting and over \$800,000 raised! The goal is to raise the number of clubs reporting to 67% as is the average number of clubs worldwide. If we could achieve breaking through 28-29 clubs reporting, we have the chance to report breaking \$1 million dollars raised!

**HEARING-** PDG Lion Tom Steinbach reminds everyone to sell as many Sweepstakes Tickets, Hearing's only source of funds, possible and bring them to the District Convention where the drawing will take place. They are in the mail. The Hearing Van will be available in the District, February and June.

**INFORMATION TECHNOLOGY-** Lion Dave Baldwin updates everyone that at this point the IT Committee on the state level is finalizing a new web page for the Missouri Lions which should have an impact on the District 26-M1 webpage. He expresses a heartfelt thanks to 2<sup>nd</sup> VDG Lion Rodney McConnell for taking care of the immediate needs regarding the District website as Lion Dave is catching up the Social Media and other things. Both remind the attendees of their need to send Calendar info along with photos to both places (Marketing and IT)!

**LEADER DOG-** PDG Lion Lana Wilson reports everyone having such a great time during the visit by Lions across Missouri to the Leader Dogs for the Blind Headquarters in Michigan. The bus was full! This time around, her son and his wife were along. Their son, Cheston has been blind since birth and she and IPDG Lion Bob Wilson wanted them to see what this place could do for Cheston as well as what Lions do. They were impressed! And you would be impressed with the renovations that have taken place through the generosity of so many, including Lions all over and here in District 26-M1! Remember, Leader Dog is asking you to consider sponsoring one of these sweet puppies with a \$500 donation. These sweet puppies are with a volunteer learning the skills they need to become the eyes of a blind person. You will receive a 5x7 along with 4 wallet sized photos, a profile of your puppy and Sponsorship Certificate.

**LBOMB-** Lion Jocelyn Morris introduces our Special Guest, the LBOMB State Committee Chair, 2<sup>nd</sup> VDG of District 26-M2, Lion George Winkler. Lion George thanks everyone for the support received for the 34 facilities in the State of Missouri LBOMB manages. At this point, 8 are under temp managers along with 2 being remodeled. As of today, the contract taking care of food service at Fort Leonard Wood is on its 8<sup>th</sup> extension, serving 36,000 plates of food. Lion George tells everyone to look at the letter Lion Dave has posted on Facebook along with the email regarding the Bill HR1990 that is being considered looking to commercialize places like the rest areas throughout the state, currently being managed by LBOMB. This would have a direct impact on almost 400 blind entrepreneurs resulting in them losing their business. LBOMB encourages people to contact elected officials to stop this. The blind and visually impaired have been working this vending service for 71 years and it would be a shame to stop such a wonderful program. Oh yeah, remember to include LBOMB in the “club budge”!

**LCIF-** Lion Jerry Reaves shares the current issue of Lions Magazine where International President Lion Naresh Aggarwal discusses hunger and how many in our country go to bed hungry every night. Every hour, 4 people die of hunger. We need to be thankful for what we have in the US and help through LCIF. So, donate to LCIF and donate to your local food banks!

**LIONS OPPORTUNITY FOR YOUTH-** PDG Lion Lisa Clinton submits that details of this year’s welcoming of Guest Foreign Students will be coming. Please consider being a sponsor of one of these students! As you know through meeting them at the 1<sup>st</sup> Cabinet Meeting, they are a great group!

**MARKETING & COMMUNICATIONS-** Lion Dave Baldwin thanks everyone for sharing what their clubs do on social media via Facebook, encouraging everyone to make sure items are being posted on their page. If they are, they will be shared on the District page. Each day, new posts are placed on the District page from our partners along with posts from clubs. This is a great source to stay up to date.

**MID-SOUTH LIONS-** PDG Lion Don Beckham reports the First Quarterly Board Meeting of Mid-South Lions was held on September 16, 2017. It was the celebration of the 75<sup>th</sup> Anniversary, including a Golf Tournament and Saturday evening Anniversary Banquet. During the banquet, Dr. James C. Fleming was inducted into the L. B. Baker Hall of Honor. IPP Lion Bob Corlew was the Guest Speaker and he offered a challenging message for the work of Mid-South Lions.

As of September, we have 73 people on the waiting list, needing surgeries. A lack of funding keeps us from providing the necessary medical care. Contributions from District 26-M1, YTD, \$1,859. The next meeting is November 17-18 at the Branson Grand Plaza Hotel.

**PEACE POSTER-** Lion Charlotte Williams thanks all of the Clubs that are participating in the Peace Poster Contest this year with the theme- “The Future of Peace”, including the entries received today from the 2 schools sponsored by the Sikeston Lions. Judging for the District 26-M1 entry will be in mid November. Remember it is important to follow all of the steps listed and the entries from the Clubs must be postmarked by November 15!

**SAVING SIGHT-** Lion Dr. Cassidy Obermark provides updates regarding Saving Sight and how the Board voted against the proposal offered to officially separate the Missouri Lions and KidSight from Saving Sight. She has been serving as Secretary for the Board and has been recently named Vice President of the Board. We are getting to the point where Dr. Obermark's term will be finishing this June so there will need to be another vote by the District at this coming convention on who will be the District 26-M1 Board Members starting in July. Dr. Obermark tells the audience of her desire to serve another term.

A question is asked if there is a need to switch donations to KidSight directly. DG Lion John Preston explains that this year, due to an audit, KidSight needs to receive the money for accounting purposes. Clubs need to discuss where the money they give needs to go and send that way. It would be best for clubs to send their checks to KidSight. A message explaining this will be emailed to the club Presidents and Secretaries.

Another question is asked related to how will KidSight be funded if we are separating bank accounts. It is explained that they are working through State Grant/Funds to help.

Overall, we are looking to make KidSight a Missouri State Lions function. The mission would become Missouri Lions Eye Mission with the Council of Governors approved. Keep an ear out as we move forward, for we will be doing Missouri Eye Missions using ReSpectacle inventory from Missouri.

**SIGHT CONSERVATION-** Lion Allen Taylor asks how many clubs participate in Lions Looking For Lenses? He explains how is local club the Cape Girardeau Evening Lions work in conjunction with the Post Offices of Cape Girardeau and Jackson letting people know they can leave their eyeglasses and hearing aids in the mailbox during a one week period which will be picked up by their mail carrier. This enables the collection of more inventory plus increase the exposure of Lions.

**USA/CANADA FORUM-** Lion Wendy Williams submits news of the upcoming September 20-22 USA/Canada Forum taking place in Columbus, OH. The theme is Building Teams through Leadership. Registration is now open. Remember, year round, training is provided by US/Canada Forum at their website. There are 3 programs that can be completed and they are Free!

**WORLD SERVICES FOR THE BLIND-** PDG Lion Tom Steinbach reports that World Services for the Blind CEO Lion Sharon Giovinazzo sends love and hugs to all of us Missouri Lions. He explains the opportunity WSB brings about. With 70% unemployment among the blind or visually impaired, WSB is one of the best investments available for your charity dollars.

The motto for WSB is "Sustainable Independence". Their goal is "Empowering people who are blind or visually impaired to achieve this sustainable independence". Since 1947, WSB has helped more than 13,000 people from all 50 states and 58 countries.

Under the leadership of CEO Lion Sharon, WSB continues to grow, with the average number of resident clients for this year being up 16%. The LCIF Grant for \$316,500 has been completed and is closed. 46% of that money was spent on infrastructure which will continue to pay dividends moving forward. WSB is now moving to On Line Learning Systems which compliments in house offerings.

The Older Blind Program (OIB) is administered by WSB for the State of Arkansas. This program will increase by 30% per month. WSB also has expanded services like Transitional Youth programs for the 16-21 year old population. So at this point, WSB is geared toward sustainable independence from the cradle to grave.

Lions are most welcome to come visit World Services for the Blind for a chance to see the services provided! Without the Lions patronage, WSB could not provide the life skills, career training and other essential services provided.

**GOVERNOR'S REPORT-** District Governor Lion John Preston begins with the question, “So who did we help with all of these articles of clothing?”, pointing to the baskets and crates. Sikeston Lions Club President Lion Megan Hampton tells everyone of the Spread Hope Now Organization gave out over 300 coats last year throughout Southeast Missouri. These precious items will get into the hands of those who need them. DG Lion John thanks everyone for bringing the items that have been collected.

He proceeds to show something he received in the mail, the new Centennial Membership Package containing, “all of this neat stuff!”

DG Lion John reminds everyone of the District needing new Officers as we move toward the District Convention and Election time.

**TAIL TWISTER-** Lion Jerry Reaves finishes out his collections for penalties that total \$250 to be sent to LCIF on behalf of our dear friend in service, PDG Lion Norbert Halter of the Charleston Lions.

The meeting is adjourned

Respectively Submitted

Lion Dave Baldwin  
Cabinet Secretary, Missouri Lions District 26-M1
