

## District 27-E2 Contributions

Your Lions Club's and individual contributions are important to your Lions Organization and the projects it supports. To make sure that your contributions get credited properly it is important to address the check correctly to the organization. Only one organization should be listed on the check, with the specific program or fund of interest listed on the check's memo line (for example, for a Melvin Jones contribution, the check should be addressed to "LCIF" and the memo line should read "Melvin Jones Fellowship"). The following is a list of the various Lions organizations/programs and their addresses. Keep in mind your local contributions as well, and that the cost of operating all these programs increases each year. Consider keeping pace with inflation by increasing your level of giving or adding to your list when supporting Lions projects.
