C7
Global Membership Coordinator

Dear District Governor Likens and Cabinet,

I am asking all clubs in the district to host a membership night during the month of September inline with LCI. I am encouraging clubs to make this a fun night and do a football themed night and use their imagination in planning their nights.

I will be attending as many zone meetings as time will allow to encourage clubs to work on retention, and find out why members are leaving, also encouraging those clubs dropping members for non-payment to try and set up some other alternative with the member to collect their dues(ex. payment plan) if the member still wants to be a Lion.

At the time of this report the district has added 12 new members, 1 transfer member for a total of 13, with 14 drops with a total for the district -1.

In Lionism
Fred Porter GMT
