J2
1VDG/Region 1 Chair

Dear District Governor Likens and Cabinet,

I am working on setting up my club visits for this year. Most clubs take the summer off so will be hitting the road come September, I am planning on attending the several zone meetings that have already been scheduled and continuing those visits throughout the year as time permits.

One area I want to stress while visiting clubs is that the district is here for them and have well informed Lions that are willing to help out with any other needs. Encouraging them to attend zone meetings and participating in the district events including attending the state convention.

In Lionism
