

F-4

Ohio Lions Sight and Hearing Foundation

August 10, 2019

The Foundation held its first 2019-2020 meeting on Saturday, August 3. We added two new district Sight and Hearing chairs, Greg Hess from OH 2 and Kathy Cosgray from OH 5, as Foundation trustees.

After paying for two cataract surgeries the Foundation has \$17,051.02 of assets. The recipient of these grants is a 68-year-old woman who lives in Seaman, Ohio. She is the sole care giver to her son who has Down Syndrome and Autism. Because of this she has not worked enough quarters to be eligible for Medicare B, which would pay for the surgeries. She has had one surgery and is scheduled for the second on August 13. After both surgeries, she will be able to safely drive again and transport her son to his needed medical appointments.

Respectively submitted,

Robert Medley
