

# Childhood Cancer/STEPS Report

February 10, 2019

District 13 OH-5 Cabinet Meeting

## Childhood Cancer/STEPS

The Ohio Lions contributed 235 boxes of new Legos to the Super Braxton Lego Drive. This is including the boxes that were purchased from the Cabinets generous donations at the last meeting. The Legos go to Nationwide Children's Hospital for Pediatric cancer patients. They are always in need of Legos but can only take 300 at a time. When the hospital gets low on Legos, they give Braxton's parents (the Long family) a call to let them know they need more Legos. The family has a storage locker where they keep the donated Legos. This is a drive that is continuously going on so I will continue to take Legos to the family as I get them. Keep spreading the word about the Lego drive. I will continue to come and pick them up where ever you need me to. Thanks to you all who got the word out and collected or contributed to this drive. Hope you continue to give your support.

If there is anyone who asks about used Legos, the Reynoldsburg Lions Club will also take those, but they are used during events at a Lego Station, in Braxton's name. This Lego Station is to keep Braxton's memory alive and to keep Pediatric Cancer at the forefront.

The Super Braxton 5K Committee is having their first meeting February 25<sup>th</sup> to start getting things together for the 2<sup>nd</sup> annual Super Braxton 5K. We are hoping to exceed the 1<sup>st</sup> years total of 201 registered runners/walkers/virtual walkers. I am confident that we can make it bigger and better this year, it was such a huge success last year. We learned a lot about what worked and what we need to do differently. Looking so forward to this event again.

Respectfully submitted,

Lion Debbie Bolyard

Pediatric Cancer Chair
