Re: Lions Quest Report

PDG Sheryl Schlater, MD13 Lions Quest Chair – Goals and Updates (updates are in italics).

- 1) My first goal was to hold a training session for Lions Quest with all the District Governors, 2nd VDG's, and the 1st VDG's. *Done*
- 2) My second goal was to hold 2 teacher workshops. *We held 1 teacher workshop. On 5/1/20 PDG Charlie Newland is putting together another 1-day workshop for Miami Trace Middle School, which is grades 6 thru 8. They are doing the 6th grade this year, then next year the 7th grade, and the following year will be the 8th grade. There will be 35 to 40 teachers in attendance. The trainer is Sue Keister. The school will provide the cost of \$2750 for the workshop. PDG Charlie is working to get the funds for the teacher packets.*
- 3) My third goal was to determine different sources of funding for Lions Quest to include but not limited to the \$1.00 challenge, club donations, using the

James & Betty Coffey Foundation, school inputs, fundraisers, and other donations.

- 4) My fourth goal was to promote Lions Quest with other programs that include youth and the schools. *We have asked our coordinators for Youth/Leo to talk about Quest when they go around to their different meetings. PDG Charlie is promoting Quest as he goes around to the different schools.*

- 5) My fifth goal was to promote Lions Quest at all club meetings, zone meetings, etc. *PDG Charlie and myself promote Quest when we go to any meetings.*

- 6) We are also working on trying to get a workshop done for the Crestline schools. A new Superintendent and a new Principal have just recently started there. They are settling into their new positions and they are interested in finding out about Lions Quest and how it works for the teachers & students. PDG Jim Jeavons is also helping with this.

- 7) The Cherry Hill Assistant principal has left and gone to Greenfield McLain Schools. She has gone through Lions Quest training at a seminar and has been doing it at Cherry Hill.

Yours in Lionism
