## *Governor announcements*

### From the pen of DG Lion Joe Jackson

#### A Closer Look: Issues/Services for LIONS

#### CLUBS and their Communities

#### The Power of We

Dr. Naresh Aggarwal, Lions Clubs International President, has promoted the **Power of “We”** to become action and service.

Ohio Lions have used that power in recent events: Echoing Hills and The Lewisporte Area Flight 15 Scholarship Fund.

- Echoing Hills recently celebrated fifty years of service to disabled clients.
- The Lewisporte Area Flight 15 Scholarship Fund was initiated by passengers grounded in Newfoundland on 9/11. These passengers were so grateful to local LIONS that provided food and shelter that they established a scholarship fund. Their story is chronicled by the Broadway musical, “Come From Away.” Lion Shirley Brooks-Jones of the Tri-Village Lions shared their story as one of the passengers.

On Sunday, September 24, LIONS and other participants will participate in the STEPS events at Worthington High School (9/24) and Brumbaugh Farms in Arcanum (9/24-10/1) to fund research for pediatric cancer. Please see the STEPS website for more details at [www.lionssteps.com](http://www.lionssteps.com).

This is truly the power of “We” for both action and service!

### **From the desk of 2VDG Jackie;**

I had the pleasure at the International Convention in Chicago of watching Governor Joe take the oath of office as well as I got to pull his "Elect" ribbon and make it official as our new District Governor of OH5. We are in good hands this year with Governor Joe.

It's been a great couple of months as your 2<sup>nd</sup> Vice District Governor. Governor Joe, 1VDG Mike and I have had some great meetings together. We truly are a team and we are here to help all of you in any way you need. Just reach out to any of us and let us know how we can help.

I've been able to teach a few clubs how to do vision screening with the District's PlusOptix vision screener. One is a club we're working on chartering, they are going to be a great club. If any of you have the desire to do vision screenings in your area let me know, we'd love to have all clubs doing vision screenings! We are Knights of the Blind after all and what better way to help keep our kids' eyes healthy. If we can catch vision problems early, before the age of 7, they can be corrected before they become permanent. You can do screenings with preschoolers, community health fairs and other events to catch children before they reach school age. It's the best kind of service we as Lions can do for our communities.

Governor Joe, 1VDG Mike, and I along with a few others have been diligently working on our District Convention. We'll have more information for you all later and we want to bring back some fun for all of you for **your** District Convention. Do you have ideas on what you'd like to do for fun on Friday night during the convention? Euchre Tournament? Corn Hole? Let us know, we'd love to hear from you about what you'd like to do. Keep watching the Pride Report for more news.

I'll be planning some club visitation soon with many of you and I'm hoping to attend as many of your events as my time allows. If you need me in the meantime, don't hesitate to let me know.

Take care. Yours in Lionism,  
2VDG Lion Jackie

## President's Message

Dear Lion,

Growing up in Batala, India, I witnessed the amazing power of service firsthand. I watched daily as the Golden Temple—the holiest of all Sikh temples—operated one of the world's largest soup kitchens, distributing up to 300,000 meals to people of all ages, races and denominations.

I knew I wanted to do something to change Batala and the world. And I found that opportunity as a Lion. It changed my life. And the longer I served, the more I realized just how important our motto, "We Serve," truly is. That's why it's my theme for the year.

I also realized that as individuals we can only do so much. But when we work together, 1.4 million of us can make the impossible a reality. Just imagine the impact of each of us serving just one more hour per week—that's 73 million more hours of service each year. That is **the Power of We**.

I realized that solving our world's greatest problems is within reach when we work together to change lives and make the world a better place through service. That is **the Power of Service**.

And I began to see how we could take advantage of our global presence by engaging Lions in communities all over the world. That is **the Power of Action**.

As your international president, it is my honor to guide this great organization into our next century of service. You can learn more about my vision for Lions and download my presidential program by visiting the [president's program page](#). I can't wait to work with you to make this vision of our second century of service a reality.

All the best. See you as I travel around the world.

## President's Message

Dear Lion,

Every one of our 1.4 million members is passionate about service. And we know we can achieve great things by working together. This is the Power of We—and why we created the Global Action Team. It brings together our leadership, membership and service, and puts the entire Lions network to work for your club.

The **Global Action Team** consists of:

- **Global Leadership Team (GLT)** to identify leaders and development opportunities for every Lion.
- **Global Membership Team (GMT)** to help clubs find new members and keep current Lions coming back.
- **NEW! Global Service Team (GST)** to provide service resources and project support.

Service has always been the heart and soul of Lions. That's why we developed this service-aligned structure to help clubs around the world take action to serve more people. If every one of our Lions served just 8 people per month, we would impact 134 million people this year—a big step toward our goal of helping 200 million people per year by 2021. This is the Power of Action. Learn more about what this global network can do for your club by visiting the [Global Action Team webpage](#).

September 2017

Sincerely,  
**Dr. Naresh Aggarwal**  
Your International President

## Fill Your Global Action Team Positions

The Global Action Team is a tremendous resource for your club, but you are also a key part of the team. Your club has several new positions that give you direct access and input into the global team:

- **Global Action Team Club Chairperson** – filled automatically by club president
- **GLT Club Leadership Development Chairperson** – filled automatically by vice president
- **GMT Club Membership Chairperson** – to be elected
- **GST Club Service Chairperson** – to be elected

Make sure your club elects GMT and GST chairpersons as soon as possible so you can bring the benefits of this global network to your club. Then report your new chairpersons on MyLCI. Visit the [Global Action Team webpage](#) for more information.

## Share the Global Action Team with Your Club

There's a lot to know—and love—about the Global Action Team. So make sure you visit the [resource webpage](#) to find resources like the [pocket guide](#) and [talking points](#) to help introduce it to your members. The Global Action Team can help you

increase your impact and energize your leadership, membership and service. Bring the Power of Action to your club today!

Lions Clubs International  
**FOUNDATION**

## Our Foundation

Dear Lions,

I'd like to begin my first newsletter by saying I am very excited for my new role as chairman of Lions Clubs International Foundation (LCIF). Having witnessed the wonderful service projects that are being completed around the world, some with funding from LCIF, I am ready to serve in a whole new way by supporting our foundation.

LCIF supports life-changing service projects Lions complete all around the world, providing grant funding for your local and global humanitarian efforts. Your [contributions](#) to LCIF have helped people near and far by providing disaster relief, saving sight, supporting youth and meeting humanitarian needs.

This year, which leads to the foundation's 50<sup>th</sup> anniversary, we have a goal to raise US\$50 million to support Lions' compassionate service in more ways than ever. Lions show strength in numbers. When we work together, we can accomplish great things. I am confident this year will be the best year LCIF has had yet!

I look forward to my year as chairman and hope to see Lions and LCIF working hard to create positive change in our world.

Very truly yours,  
**Chancellor Bob Corlew**  
Chairman, Lions Clubs  
International Foundation

## **Lions Clubs International's Centennial Celebration at Convention**

More than 30,000 Lions from all over the world arrived in Chicago last month to celebrate LCI's 100<sup>th</sup> anniversary at the International Convention. Among the many events that took place, a highlight was watching the Special Olympics – Leos "Mission: Inclusion" Unified Basketball Clinic presented by NBA great, Sam Perkins. Leos and Special Olympics athletes participated in basketball drills and scrimmages while working together and learning more about one another.

Convention is a great time to thank the generous Lions who donated. A special thanks is in order for Melvin Jones Fellows, Progressive Melvin Jones Fellows, Melvin Jones Fellowship clubs, and those in the Humanitarian Partner program. This year, we raised one of the highest donation amounts in LCIF Convention history. Because of your contributions, communities all around the world will receive help when it is needed.

## **The Project for Elimination of Avoidable Childhood Blindness**

For more than 15 years, LCIF's SightFirst program and the World Health Organization (WHO) have partnered to serve more than 127 million children by working to eliminate avoidable childhood blindness. The Project for Elimination of Avoidable Childhood Blindness is an initiative that began in 2001. Since then, 51 Child Friendly Eye Care Centers have been established and supported in 50 countries within Africa, the Americas, the Eastern Mediterranean, Europe, Southeast Asia, and the Western Pacific. The centers provide preventive, therapeutic, and rehabilitative eye care services for children aged 0-15 years. To date, more than 67,000 pediatric eye care staff have been trained, more than 13 million children have been screened for eye diseases, and more than 127 million children have received treatment. There have also been nearly one million education sessions for parents, caregivers and healthcare staff. Because of your donations to LCIF, millions of children have been given the chance to avoid childhood blindness.

## **Club LCIF Coordinators Position Update**

The **Club LCIF Coordinator** is an ambassador for LCIF at the club level and is crucial to the promotion of our foundation. This person shares LCIF stories, motivates fellow Lions to support LCIF, and enables LCIF to advance its humanitarian work both locally and globally.

Club LCIF Coordinators will be equipped with resources that will allow them to champion the goals of the foundation to Lions.

A new policy has been put into effect to help fill this vital role at the club level. In addition to serving as mentors to the club president and vice presidents, immediate past club presidents will now serve as Club LCIF Coordinators. If he or she is unable to serve in this capacity, the position may be filled by another club member.

**The Bradford Lions** are having a BBQ chicken and Pork chop dinner on Sunday, Oct 1. All dinners are pre sale at \$7.00 each and tickets need to be purchased Sunday, Sept 24th. Contact any Lions member, purchase at both Bradford banks, or call Kathy Myers 937-448-2667. All dinners may be picked up on Sun. Oct 1st at Clark's Pizza from 11 AM to 1 PM., and all dinners are carryout.

## **Touchstone Story #81–Digital Connections**

Posted by Madeleine Miller on Wednesday, August 16, 2017

During Lions Clubs International's 50<sup>th</sup> anniversary celebration in 1967, an article appeared in the LION Magazine predicting how

technology would change the way people communicate by the Lions' 100<sup>th</sup> anniversary. Sharing news would be instantaneous. "Walking along the streets of Chicago, you'll be able to talk to a friend in Hong Kong and see him in full color at the same time," the article said. The author was right. In the 21<sup>st</sup> century, staying connected with Lions around the globe has never been easier.

Through Lions' digital channels and social media, members can gather ideas, express their Lions pride, exchange tips and share the results of projects and events immediately. With more than 1.35 million members across 210 countries and geographic areas, Lions Clubs International is truly a global network of service and friendship.

"We do live in a world community," Past International President Jim Ervin said. "We share together, we learn together and we help each other together."

Staying connected has always been key to the health of Lions Clubs. It is why, early in Lions' history, the organization established a "News from the Clubs" section in the LION Magazine, hosted conventions and maintained extensive written correspondence.

Today, communication between Lions is just as likely to occur on Facebook or Twitter as by email, phone or newsletter. Minute after minute, Lions somewhere in the world are sharing snapshots of their work—a vision screening, a blood drive, cleaning up trash, planting a tree, hosting a fundraiser.

In Indonesia and Hong Kong, Lions use the free mobile messaging app WhatsApp to communicate the latest Lions news and to call meetings. On the Channel Island of Jersey in the United Kingdom, Lions share their latest fundraising news on Twitter: "Jersey #LionsClub Swimarathon raises more than £133,000 for local charities."

Conventions, newsletters and traditional forms of communication aren't going away. But increased digital communication means that Lions can connect quicker than ever. For example, when the Barasoain Host Lions Club in the Philippines donated eyeglasses to students in March 2015, the club posted a photo of their project on the Lions Facebook page. Instantly, Lions worldwide could see the project and share the news with others. Hundreds of followers expressed their enthusiasm

for the project, encouraging the club to keep up the good work.

As the world gets smaller, Lions are making sure members know how to stay connected. Lions Clubs offer workshops on how to effectively use technology to engage with club members and the local community. In 2012, Lions in Europe began Social Media in Lions Europe (SMiLE) seminars on the best practices of social media. The program quickly spread to the entire Lions organization and continues to educate members.

No one knows what technology will develop during Lions' next 100 years to help members better connect with each other. Social media may soon be a relic of the centennial celebration era. But whatever the method, robust communication among members will remain a hallmark of Lions Clubs International.

## UPDATE From the Tri-Village Lions: Milestones for Sydney

Two years ago, we learned that Sydney Harrison had been diagnosed with Juvenile Myositis. Juvenile Myositis is a life-threatening and incurable disease that causes a child's own immune system to attack healthy tissue and cells, which can cause pain, organ failure and even lead to death. The Tri-Village Lions have focused on doing something active for Sydney and all the other children with Juvenile Myositis through our fundraising efforts in support of CureJM. Over the last two years, TeamSydneyforCureJM has added \$10,000 to the coffers of the research organization that is dedicated to finding a CURE for this devastating disease, and we don't intend to stop now. **Many Lions throughout MD13 and, particularly, OH5 have joined our efforts, and we thank you!**

That being said, we thought it was time to share some really wonderful news. Sydney turned six years old last week, and her obvious joy and vitality shine through in recent pictures.

There is still no cure for JM, but we are happy to report that Sydney is officially considered in remission, and next month she will have her last IVIG treatment (hopefully for a long while!) at Children's Hospital.

There is still no cure for JM, but they are getting closer! We'll keep finding ways to support that research, and hope that Sydney stays happy and healthy until they do!!
