

Planning Meeting District 37

To all Montana Lions,

We will be having a planning meeting for the Montana district following the Sight and hearing foundation meeting on April 11th 2015 in Helena. The sight and hearing foundation meeting is over about noon and we will secure a meeting room but have not confirmed that yet. I want to get this out so you will save the day and time. You are receiving this just because of your expressed interest or perceived interest. Please pass this on to any one who might be interested. All Montana Lions are Welcome. We will meet where we can have lunch one way or the other. More on the location to follow. You might not hear until the 6th of April about the location.

Thanks for all you are doing.

VDG Lion Richard Gessling
