

PLUS-OPTIX: From Lion Jessica of the Kalispell Sunrisers
Email received March 25, 2015

Hello Lions,

The Sunrisers have been going strong with providing vision screening for kiddos in the Flathead Valley, we've only be able to provide this service with the help of grants we received from a local utility provider, Flathead Electric Company.

Since they provided us the grants and we've been able to do so much good work, they asked Lion Dave Falcon to come in for a photo shoot for publicity purposes. We were thinking for a pamphlet, but they decided to go bigger...below is a picture of a bus that runs through downtown Kalispell with Lion Dave's picture on it!!
