### Symposium Goals & Objectives

- **Increased knowledge and Awareness** among Asian American communities about the **link between cancer, diabetes, and tobacco.**
- **Higher engagement in cancer & diabetes screenings, and tobacco prevention and control.**
- **Stronger advocacy efforts** for community-driven health initiatives.
- **New partnerships & networking opportunities** to sustain culturally tailored prevention programs.
- **Greater adoption of family-centered prevention**, promoting family education, healthy lifestyles, early screening, and tobacco-free living across generations.

### Key Topics and Focuses

1. *Breaking the Cycles of Cancer, Diabetes, and Tobacco in Asian Communities*
2. *Advancing Innovations in Cancer Care, Survivorship, and Diabetes Research*
3. *Culturally Tailored Prevention, Community-Based Solutions, and Policy Action*

YouTube

The symposium will be conducted in English and live-streamed with simultaneous Mandarin, Vietnamese, Korean, Japanese, and Hindi interpretations.

Please bring a charged headset and phone to access the in-language interpretation channels during the event.
