It Is In Our History

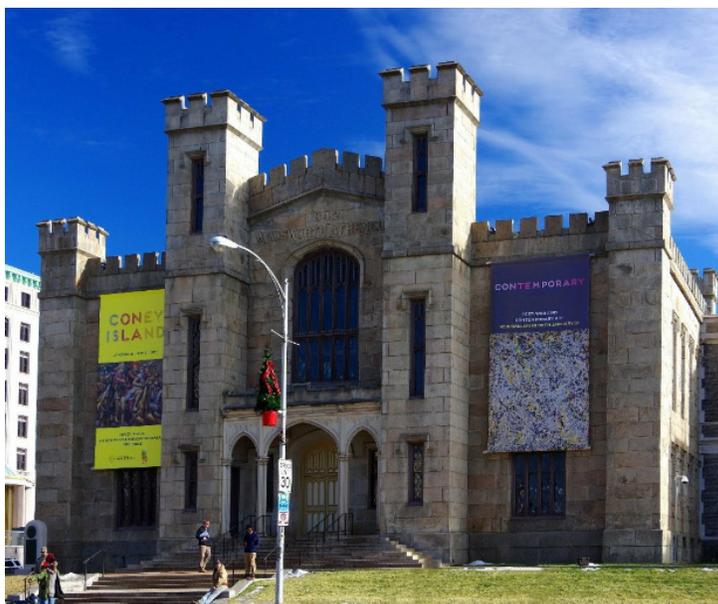

Photo by Dennis Hubbs

Parts of the article in the original story appeared in the New York Times, October 16, 1988, it reminds of some of our history.

The Lions of District 23-B had initiated the Lions Gallery of the Senses in the Wadsworth Athenaeum in Hartford. Art is a matter for more than just the eyes. There are titles and texts in Braille as well as print, and artworks to touch and to listen to as well as to see.

One of the guides to this multi-sense world is Rosalie Gay, who is blind. "I've been a champion of detection by using my fingers," she said, tapping a surface to indicate it was wood, rubbing a fabric between her fingers and discovering by its swishing sound that it was taffeta. "If we'd only open our eyes and look a little more, if we'd only open our ears and listen as well as hear, and if we'd use our minds, we'd be more capable."

The current tactile exhibition is "Once More With Feeling: Art Quilts, Collages and Wall Quilts to View and Touch," designed by Lloyd Burlingame, a sight-impaired artist. Getting the Whole Picture.

The Lions Gallery of the Senses was founded in 1972 to fulfill an idea of the Lady's Visiting Committee of the Connecticut Institute for the Blind and is supported by the Lions Clubs of Hartford and Litchfield Counties. The gallery sponsors changing tactile exhibits intended to be accessible to all, but especially those who are blind or visually impaired. Early on, the museum realized that all people could appreciate using other senses for esthetic discovery.

Why do we do what we do as Lions?
What are we here for? What is our purpose?

If you had more Lions, wouldn't you be able to do more projects that will benefit your community?

How many times do you work hard for your club and feel like there is not enough help to get the job done? New Members will help to continue your hard work.

Are you frustrated at trying to grow your club, because you have put yourself in a box and are having trouble getting out? Rather than dismissing new ideas, saying "it's been tried" or "it doesn't work", the idea is completely "out of your comfort zone", or you are just burning out, and losing some of your passion for service.

When someone sees you are passionate and enthusiastic about being a Lion, they want what you have and want to be a part of it.

When a new member joins, first impressions count!

Make them feel welcome, not like nobody is interested in who they are, and why they want to be a part of your club. You may find that they joined because of your passion. NO CLIQUES. Embrace the new ideas and find a way to support the new members. Make them feel welcome.

This does not mean you need to use everybody right away, but begin to prepare them for future roles in your club. So let new members in - build your club - continue your service with passion - and leave your stamp on your community, long after you are gone. Let a new member chair a new committee - what a novel idea! The more members you have the more your club can serve!

News:

Lions Sister-District Relationship:
Our District 23B has a "Lions Sister District Relationship" with two Districts (325K and 325L) of Nepal. Under this relationship we have supported to install an Emergency Ward/Room in 325L and supported scholarship for two middle school students in 325K.

District Governor Peter Nevers is excited about continuing this relationship and see how all three Districts could benefit from this relationship.

1st VDG Raj Shrestha is coordinating the relationship between these three Districts. They have quarterly meeting and discuss about their projects and programs in their respective Districts.

Last year, IPDG Dave Roberts and 1st VDG Raj Shrestha contribute \$500.00 and \$251.00 respectively to Nepal Fund. If any Lion wants to support for scholarships and for more emergency ward/room in public schools in Nepal, you could send a check to Cabinet Treasurer Jim Daniels with a note at the bottom of the check: for Nepal Fund.

1st VDG Raj Shrestha's Club Visits Report:

As a 1st VDG in the 1st quarter of this Lions Year, I have visited five Lions Clubs as of September 15.

Bristol Lions and Harwinton Lions Club:

These two clubs had a joint picnic on August 20. The Bristol Lions Club inducted a new member. There was a good participation of both Lions Club's members. The clubs are doing exemplary community service and planning to do more in the coming days.

CT Hearts and Hands Lions Cyber Club:

This club is doing phenomenal community service in Nepal. The club is helping waste picker kids for their education and other livelihood support.

Barkhamsted Lions Club:

As always, this club is doing phenomenal service activities. The club is organizing a Classic Auto &

Ales Car Show on Saturday, October 21 at 17 River Rd, Riverton that starts at 10:00AM.

Southington Lions Club:

This club has been doing a phenomenal community service. The club has been donating thousands of dollars every year to more than a dozen local non-profit organizations and planning to continue this great contribution.

All clubs are doing amazing service to their communities. All 5 clubs were in planning stage and have discussed excellent plan for this Lions Year that's going to impact our communities in the path to "Changing their Lives" positively. International President Patty Hill's "Mission 1.5 Million" for membership growth was discussed and clubs have considered cultivating a "Recruitment Culture" in the club.

Clubs are doing an impressive job.

An Introduction to Your Lions Foundation

PCC Ev Lyons

We are pleased to inform you that we have many contacts in District 23B if you have questions about our Lions Clubs International Foundation, or LCIF. We are fortunate to have 3 District Coordinators and the Multiple District Coordinator is also from 23B – PDG Ed Fenton.

The District Coordinators are PCC Ev Lyons, covering Zones 1 and 2, with a couple from 3 & 4; PDG Steve Daigle and PCC Kathy Randall, sharing coverage of most of Zones 5-7, and some from 3 & 4. We will be connecting with the Club LCIF Coordinators soon and are planning a training for Saturday morning, September 23rd. Location and times to be determined. Please reach out if you have immediate questions. If your club has NOT designated an LCIF Coordinator, LCI assumes the Immediate Past President takes that role. Please identify a Lion that can be passionate about supporting our Foundation.

Our best contact is via email:

PCC Ev - lyonsev50@gmail.com
PDG Steve - stven.daigle@snet.net
PCC Kathy - kathy.randall@yahoo.com

Giving Back Starts With Giving
 Make your contribution to the world by donating to our global foundation. With 100% of all donations benefiting grants and programs, your gift will change lives across the globe.

LCIF offers many ways to give – Donate online, make a pledge or simply mail a check with a donation form. The easiest is to go to www.lionsclubs.org and click on the big yellow “Donate” button, right at the top of the page.

The Mission of Lions Clubs is “To empower Lions clubs, volunteers, and partners to improve health and well-being, strengthen communities, and support those in need through humanitarian services and grants that impact lives globally, and encourage peace and international understanding.” You can designate your gift for the General Disaster Fund, or for the Empowering Service Fund, including the LCIF causes: Sight, Youth, Disaster Relief, Humanitarian Support, Diabetes, Childhood Cancer, Hunger and the Environment. 100% of your donation goes back to a community in the form of aid or grants, just like your club raising funds goes back to the community. LCIF has no administrative costs. Your donation can go towards a Melvin Jones Fellowship for a member of your club, your community, or for yourself. And, your donation is tax deductible.

Lions Low Vision Center

Kevin McNally, LLVC President

Hello, fellow Lions!

First of all, congratulations to Peter Nevers on succeeding to the position of District Governor! Not only is Peter a fantastic person, leader, and Lion, but he is also a strong advocate (and past president) of the Lions Low Vision Centers, which leads me to my second topic.

My name is Kevin McNally. I was recently elected President of the Lions Low Vision Centers of District 23B. Being legally blind myself due to a degenerative retina disease, I have a passion for the work that the low vision centers do.

The centers, serving Hartford and Litchfield counties, provide rehabilitation services to individuals with low vision. “Low vision” is a degree of vision loss that can no longer be corrected by eyeglasses, contacts, medicine, or surgery. Clients seen at a low vision center must be under the care of an eye care professional and must have been seen by them within the last three months.

There are four Lions Low Vision Centers to choose from; these centers are in partnership with an established health care facility. The centers are staffed with Occupational Therapists (OT), who are specifically trained in helping patients with low vision. Each initial visit begins with an evaluation of the patient’s condition.

The OT will determine different devices that will assist the patient with dealing with the amount of eyesight that remains. All devices that are given out during a visit are 100% free and provided by the generous donations of the Lions Clubs of District 23B.

There are only four steps to getting help.

Visit your eye care professional. Complete the referral form (available for printing from our website) and fax that form to the center that is closest to your home.

Call the center (866-319-9733) and make an appointment with the OT, who does low vision evaluations. Go to the scheduled appointment.

That’s it!

In 1925, Helen Keller challenged the members of the Lions Club International to become “Knights of the Blind” in this crusade against darkness... Let no little deaf-blind child go untaught; let no blind man or woman go unaided.” The Lions clubs in district 23B are meeting that challenge in many ways, including the operation of the low vision centers.

Thank you for your continued generous donations, which allow the centers to remain open and serve those with low vision in your town.

Here's What the Windsor Lions Are Up To!

We held our 4th very successful "Drive Thru No Contact Food Drive." The Windsor School System partnered with us and collected food items during their Summer Enrichment Program! Together we were able to make a more positive impact to alleviate food insecurity in our Community. In between taking food items as cars pulled up, Lions packed and sorted items and wrote "thank you" notes that we will bring to the **Veterans Stand Down on Sept. 22nd.**

Windsor Lions are selling popcorn and soft drinks on the Windsor Town Green each Thursday during the Summer Concert Series.

We will be holding our 3rd Community Tag Sale on the Windsor Town Green, on September, 23 from 8-2:00pm. All proceeds will be donated to Camp Rising Sun.

Our 49th Fall Arts and Craft Fair will be held on the Windsor Town Green on October 7th from 10:00-4:00pm.

During Club meetings during September and October the Windsor Lions will be collecting "Socks for Soldiers." We will donate socks to Veterans during Socktober.

The Windsor Lions will celebrate Blind American Equality Day during the week of October 8th-October 15th. We will promote awareness of what low vision individuals can do at our public library, at the Tobacco Museum and at Club meetings.
