## Salt Lake City Red Butte Lions

The John A. Moran Eye Center has the largest International Program of all U.S. ophthalmology departments providing volunteer teaching and surgery to correct blindness worldwide. Doctors from the Moran Eye Center conduct medical missions in approximately 30 countries. One of the countries is China. Moran Eye Center doctors have lectured or performed surgery during 15 missions to China the past 4 years. One trip involved Drs. Don Creel and Geoff Tabin interacting with doctors and International Lions Club members in Shenyang, China resulting in a member of Shenyang International Lions Club visiting the Red Butte Lions Club.

Shenyang, China is an interesting city. Shenyang is the largest city north of Beijing about 400 miles east northeast from Beijing. Shenyang was the ancient capital of Manchuria and home of the family of the last Chinese dynasty from 1644 to 1911. The Qing Dynasty.

Dr. Don Creel, Red Butte Lions Club member, listening to question from ophthalmology student in Shenyang, China.

Wang Fang, International Lion's Club member from Shenyang, China, visiting Moran Eye Center's Red Butte Lions Club.
