The fourth and final season of the Attack on Titan anime television series, subtitled Attack on Titan: The Final Season, is produced by MAPPA, chief directed by Jun Shishido, and directed by Yūichirō Hayashi, replacing Tetsurō Araki and Masashi Koizuka respectively. Scriptwriter Hiroshi Seko took over the series composition from Yasuko Kobayashi, and Tomohiro Kishi replaced Kyōji Asano as character designer due to the series switching production studios.[1] The season covers the “Marley” (chapters 91–106) and “War for Paradis” (chapters 107–139) arcs from the original manga by Hajime Isayama. The season follows Gabi Braun and Falco Grice, young Eldian Warrior candidates seeking to inherit Reiner’s Armored Titan four years after the failed mission to claim the Founding Titan. As Marley’s dominance over competing nations begins to weaken due to the development of anti-titan weaponry, they plan to invade Paradis to develop their military using the resources on the island and also recover the Founding Titan. With tensions rapidly heating up and the Survey Corps on the Marley shoreline, Gabi, Falco, Reiner, and other Titans go to war with the Paradis soldiers as Eren Jaeger reveals his new plan of attack on the Marleyan invaders: annihilation. As war heats up and both sides take a heavy death toll, both the Marleyan Warriors and the Survey Corps must question the best approach to claiming victory over the other side. Eren’s comrades begin to realize that he has begun to walk down a questionable path, while Gabi and Falco must combat their internal tensions over the supposed “devils” of Paradis. The season premiered on NHK General TV on December 7, 2020 at 12:10 a.m. JST.[2] In the United States, Adult Swim’s Toonami programming block began airing Funimation’s English dub on January 10, 2021 at 12:30 a.m. EST/PST.[3] The first 16 episodes aired until March 29, 2021 and a second part was announced to be in development with an expected release in early 2022.[4] The score is directed by Masaumi Mima and composed by Hiruyuki Sawano and Kohya Yamamoto.[1] The opening theme for the first 16 episodes is “My War” (僕の戦争, Boku no Sensō) performed by Shinsei Kamattechan, and the ending theme is “Shock” (衝撃, Shōgeki) performed by Yūko Andō.[5] Episodes See also: List of Attack on Titan episodes No overallNo. in seasonTitle6Directed by6Written by6Original air date2English air date7Part 1 601“The Other Side of the Sea”Transcription: “Umi no Mukōgawa” (Japanese: 海の向こう側)Kaori MakitaHiroshi SekoDecember 7, 2020 (2020-12-07)January 10, 2021 Due to the Warrior Unit’s defeat on Paradis Island four years ago, the Mid-East Allied Forces had declared war against Marley. The operation to reclaim the Founding Titan was put on hold. Marley sends Eldian soldiers to take Fort Slava, including Warrior Candidates (candidates to inherit the Power of the Nine Titans) Falco Grice, his older brother Colt. Gabi Braun, Udo and Zofia. Colt proposes to Commander Theo Magath that they use the power of the Warrior Titans, but he refuses due to the Allied Forces’ armored train possessing a deadly anti-Titan cannon. Gabi manages to approach the train and disable it with hand grenades. This allows Pieck’s Cart Titan and Galliard’s Jaw Titan to attack the fort. From an airship above Fort Slava, Eldians are transformed into Pure Titans by Zeke and are dropped onto it, destroying much of its structure. Reiner’s Armored Titan, aided by the Jaw Titan, successfully pulverizes the fort’s defenses, including another armored train. Zeke, noting that the cause of this war was their defeat, transforms into the Beast Titan and annihilates the Mid-East Allied Fleet, thus ending the four-year war. After witnessing the developed anti-Titan weaponry, Marley realizes their need to retrieve the Founding Titan. Note: Due to the COVID-19 pandemic, Funimation added a disclaimer at the beginning of each episode stating that the English dub voice actors were able to record their lines from the safety of their homes. This disclaimer is played weekly before the English dub broadcast. 612“Midnight Train”Transcription: “Yamiyo no Ressha” (Japanese: 闇夜の列車)Daisuke TokudoHiroshi SekoDecember 14, 2020 (2020-12-14)January 17, 2021 At a Marleyan military meeting, Zeke proposes to use his last year of life to attack Paradis Island and retake the Founding Titan. However, as none of Marley’s ships have returned for the past three years, it’s clear to Zeke that Paradis controls at least two of the Nine Titans. On a train back to their homes, the surviving Eldian soldiers praise Gabi for her courage, while Reiner secretly encourages Falco to become the Armored Titan in place of Gabi. The Eldian soldiers and Warriors arrive at Liberio and reunite with their families. At dinner, Gabi recounts the victory at Fort Slava while Reiner is prompted to give an account of his time on Paradis. The next day, Zeke informs the other Warriors of his plan to use the Tybur noble family and their War Hammer Titan to announce an offensive against Paradis. Zeke proposes that the Tyburs publicly reveal their involvement and their plan during a festival in Liberio. 623“The Door of Hope”Transcription: “Kibō no Tobira” (Japanese: 希望の扉)Kōji Aoshima, Hiromi NishiyamaHiroshi SekoDecember 21, 2020 (2020-12-21)January 24, 2021 Reiner thinks about his past and a conversation he had with his mother on the curse of being an Eldian. He entered the military training program where selected candidates were chosen to become Titans. Porco was devastated when Reiner was chosen to be the Armored Titan. Commander Magath then sent Annie Leonhart, Bertholdt Hoover, Reiner, and Marcel Galliard on a mission to reclaim the Founding Titan on Paradis, but Marcel, saving Reiner, is devoured by Ymir’s Pure Titan. Following the assault on Wall Maria, they sneaked into Wall Rose and joined the Training Corps on Paradis two years later. Emerging from recollections of his past, Reiner attempts suicide, but stops after hearing Falco outside. He then tells himself that he needs to live because of his role as a mentor to Falco and the other Warrior Candidates. Falco stops by the hospital and has a conversation with an Eldian soldier who admits to faking his trauma-induced amnesia to avoid being sent back home. 634“From One Hand to Another”Transcription: “Te Kara Te e” (Japanese: 手から手へ)Tetsuaki MatsudaHiroshi SekoDecember 28, 2020 (2020-12-28)January 31, 2021 Falco and the wounded Eldian soldier, asks Falco to post letters for him from outside the internment zone. Willy Tybur, the head of the Tybur family who possess the War Hammer Titan, meets with Commander Theo Magath. They form an alliance to stop the warmongering and restore the balance between Eldia and Marley. Back at the hospital, the patient Mr. Jaeger, Grisha’s father, approaches Kruger and asks him to avoid using Falco for his schemes and to return to his family. Willy invites the dignitaries present to a theatrical play to be performed after the festival in Liberio. Both Warriors and Candidates enjoy the festival the day it arrives. Later that day, they all head towards the plaza for Willy’s play. In a post-credits scene, right before the presentation begins, Falco takes Reiner to a basement below the stage where he meets Kruger. Much to his shock, Reiner immediately recognizes him as Eren Jaeger, who greets Reiner, stating that four years have passed since they last saw each other. 645“Declaration of War”Transcription: “Sensen Fukoku” (Japanese: 宣戦布告)Teruyuki ŌmineHiroshi SekoJanuary 11, 2021 (2021-01-11)February 7, 2021 Willy begins his theatrical presentation to the audience while Eren and a terrified Reiner listen in the basement below the stage with Falco. Willy tells the well-known story of Marley’s hero Helos, who formed an alliance with the Tybur family to defeat the Eldian King Fritz. However, he reveals Fritz and the Tybur family fabricated the myth themselves since Fritz longed for peace. His ideology was passed through his bloodline, which kept his successors bound to his desire, while vowing to release the Wall Titans if the peace is shattered by Marley. Meanwhile, Pieck and Porco are sent down a trap door by a Marleyan soldier, which drops them into a small, stone-walled cellar, preventing them from transforming into Titans. On stage, Willy announces that an uprising has occurred on Paradis, and that the Founding Titan has been stolen by a man called Eren Jaeger. Willy explains that Eren is a threat to world peace as he is not bound by Fritz’s vow to renounce war. In the basement, Eren apologizes to a horrified Falco, and explains that since his arrival in Marley, he has realized that both Paradis and Marley are alike in that both sides are just people. He tells Reiner that the two of them are alike, but with contrasting beliefs due to their different upbringings. Reiner, devastated by the thought of everything that happened on Paradis four years prior, including the death of Eren’s mother, is his fault, begs Eren to kill him. Just as Willy declares war on Paradis, Eren transforms into the Attack Titan, bursts out of the basement and crushes the stage along with Willy, throwing his mangled body into the air. 656“The War Hammer Titan”Transcription: “Sentsui no Kyojin” (Japanese: 戦錐の巨人)Cao Yi[a], Takahiro KanekoHiroshi SekoJanuary 18, 2021 (2021-01-18)February 14, 2021 In a flashback prior to Willy’s declaration of war on Paradis, he farewells his family and discusses with Commander Magath the probability of an attack at the ceremony, although Willy is prepared to become a martyr in support of his cause. In the present, the Attack Titan devours Willy and continues its rampage, devastating the Marleyan military brass. Willy’s sister Lara Tybur transforms into the War Hammer Titan, but is immediately assaulted by the Attack Titan. Lara overpowers him using her Titan’s hardening ability to create destructive weapons. Meanwhile, Pieck and Porco are rescued by the Cart Titan’s Panzer Unit just as the Survey Corps commence an assault overhead. The War Hammer Titan defeats the Attack Titan, and forces Eren out its body. Just as the War Hammer prepares to kill him, Mikasa arrives and attacks its nape with Levi’s sword. However, the War Hammer regenerates and Eren realizes that Lara’s crystal-covered body is underground, connected by a long white cord. He transforms into the Attack Titan again and severs the cord, preparing to devour her. Porco’s Jaw Titan leaps onto the Attack Titan’s nape, but Levi arrives and slices its jaw-joint, much to Porco’s surprise and horror as Levi initiates a counterattack against him. 667“Assault”Transcription: “Kyōshi” (Japanese: 強襲)Jun ShishidoHiroshi SekoJanuary 25, 2021 (2021-01-25)February 21, 2021 The Survey Corps surround Porco’s Jaw Titan, but they come under attack from Pieck’s Cart Titan carrying the Panzer Unit armed with machine guns, which are effective at picking them off. While Eren is distracted by the commotion, Lara partially re-materializes the War Hammer Titan, impaling and trapping the Attack Titan in a tree-like structure made of its hardened substance, but fails to pierce its nape. Zeke’s Beast Titan arrives while Marleyan soldiers surround Liberio. Falco emerges from underground, protected by a bud-like shield formed by Reiner’s partial transformation. Eren transforms for the third time to escape the War Hammer Titan. As the Survey Corps lose several soldiers, Armin arrives and transforms into the Colossal Titan, destroying the Marleyan Navy. Levi uses the distraction to disable the Beast Titan, dropping a grenade on the fallen Titan’s nape. Sasha kills a machine gunner of the Panzer Unit on the Cart Titan’s back, enabling Jean and other soldiers to kill the Panzer Unit and severely injure the Cart Titan using their Thunder Spears. As the Survey Corps try to kill Pieck, Magath and other Marleyan soldiers defend her. Meanwhile, Hange arrives overhead in an airship to recover the Survey Corps, guided by lights placed earlier in the battle. Porco launches his Jaw Titan in an attack on the airship, but Mikasa immobilizes it by cutting off its legs. Eren rips off the Jaw Titan’s arms, then uses its jaws like a nutcracker to break open the crystal covering Lara’s body and swallows her remains, gaining the powers of the War Hammer Titan. As Eren is about to eat Porco, Gabi and Falco’s frantic cries for help awaken Reiner, and he reluctantly emerges to confront Eren. 678“Assassin’s Bullet”Transcription: “Kyōdan” (Japanese: 凶弾)Hidetoshi Takahashi, Lie Jun Yang, Yōsuke YamamotoHiroshi SekoFebruary 1, 2021 (2021-02-01)February 28, 2021 Eren engages in a brief battle with Reiner’s Armored Titan, who is quickly beaten by Eren but manages to save Porco. Eren, having reached his limit, stops fighting and escapes with Mikasa. Levi arrests Eren for initiating his own mission and involving the Survey Corps in his rescue. Gabi rushes after the airship with a rifle, but is stopped by Falco who realizes the enemy’s own need for revenge after the devastating attack on Paradis aiming to secure the Founding Titan. Gabi refuses and kills the Survey Corps recruit Lobov, then uses his ODM gear to reach the airship with Falco. Gabi climbs aboard and shoots Sasha in the chest. Pieck tells Magath that the woman who trapped them prior to the battle is a soldier named Yelena who was a member of the missing first naval scout fleet sent to Paradis three years prior. Gabi and Falco are taken before Zeke who appears to have switched sides. Sasha dies from her wounds and Eren starts laughing after hearing her last words from Connie which were “meat”. Jean reminds him that Sasha would have lived if Eren had not involved the Survey Corps in his mission. 689“Brave Volunteers”Transcription: “Giūthei” (Japanese: 義勇兵)Kōji AoshimaHiroshi SekoFebruary 8, 2021 (2021-02-08)March 14, 2021[1]b Three years prior to the attack on Marley, Eren’s Attack Titan destroyed the first Marleyan scout ship and its crew were captured. Yelena and other Marleyan conscripted deserters who call themselves the “Anti-Marleyan Volunteers”, offered help to the Eldians, backing Zeke Jaeger’s plan to carry out the Rumbling in order to support them against Marley. Yelena and Onyankopon provided them with schematics of Marleyan guns and advanced weaponry, using Yelena to lure in more scout ships while Armin’s Colossal Titan takes some of them down, the Survey Corps recruited Marleyan soldiers as labor to build docks for the island. In the present, a Marleyan chef named Nicolo, who befriended the now deceased Sasha, grieves for her death and encounters the Braus family, inviting them to his restaurant. Meanwhile, Levi shows Zeke the Forest of Giant Trees where they will be staying, and Commander Pyxis has the Warriors detained in order to keep Zeke on a short leash. Armin reflects to the still-crystallized Annie on how whether helping Eren in the raid against Marley was the right decision. Eren is in his cell, where he finished tidying up his appearance, and tells himself that the only way to win is to fight. 691“A Sound Argument”Transcription: “Seiron” (Japanese: 正論)Kaori MakitaHiroshi SekoFebruary 15, 2021 (2021-02-15)March 21, 2021 Two years ago on Zeke’s advice, a special envoy of Hizuru, Kiyomi Azumabito, landed on the newly-completed docks of Paradis Island for negotiations. A tattoo on Mikasa’s arm revealed that she is the descendant of Hizuru’s ruling shogun. Lady Azumabito believed that Hizuru could help Paradis achieve Zeke’s plan using the Rumbling for Paradis’ protection, in return for acquisition of the valuable Iceburt Stone - the mysterious Paradis substance which powered ODM gear. She listed Zeke’s propositions: to enact a test of the Rumbling, strengthen and modernize the Paradis military, and for the Beast Titan to be passed down to someone of royal blood who would bear children to pass on the titan every 13 years. Historia agreed to inherit the Beast Titan, but Eren vehemently rejected Lady Azumabito’s proposal. However, Hizuru’s help rooted in greed, and a year later, they would not help Paradis negotiate trade with other nations, hoping to keep any profit from Paradis’ resources for themselves. While working on the island’s railway, the Survey Corps struggled to decide their strategy against Marley and who should inherit Eren’s Titan when his term runs out. In the present, Hange interrogates Eren for acting on his own against the military, resulting in Eren grabbing Hange and asking her if she has any alternative plans. Historia is shown to be pregnant and living with a local farmer she knew from her childhood. Jean and Connie believe Eren has lost all sympathy for his friends. Armin plans to speak with Eren together with Mikasa, all while proposing that the military could have Eren be eaten by someone more trustworthy than them. 7011“Deceiver”Transcription: “Tsuwari Mono” (Japanese: 偽り者)Teruyuki ŌmineHiroshi SekoFebruary 22, 2021 (2021-02-22)March 28, 2021 Gabi kills her prison guard and escapes with Falco into the wilderness. They are found by a young girl named Kaya who offers them food and shelter at the Braus stables. Lady Azumabito arrives at the completed docks with a Hizuru delegation and a covered aircraft powered by Iceburt Stone, which she describes as the “world’s first flying boat.” For leaking information about Eren’s imprisonment to the press, Hange incarcerates four Survey Corps members including Floch and Louise. Meanwhile at the Braus stables, after Gabi rails against Kaya for being a “devil”, Kaya reveals that she knows Gabi and Falco are Marleyans. Kaya explains how her village was destroyed and her mother was eaten alive by a Titan four years ago, and questions why these people should die for sins committed by Eldians hundreds of years ago. Falco calms the emotions between Gabi and Kaya, and the latter informs them that they have been invited to dinner at the restaurant run by a Marleyan who could help Gabi and Falco return home. In Marley, the military has realized that Zeke Jaeger has faked his death and likely sided with Paradis Island. As the new General, Magath informs the Warriors that in six months’ time, the world plans to launch a global offensive against Paradis Island, but Reiner suggests they make a surprise attack before Zeke can come up with a defensive plan. 7122“Guides”Transcription: “Michibiku Mono” (Japanese: 導く者)Kunihiro MoriHiroshi SekoMarch 1, 2021 (2021-03-01)April 4, 2021 Yelena reveals to Commander Pyxis that ten months ago, she had secretly met with Eren before his infiltration on Marley. Elsewhere, Onyankopon tells Hange how Yelena was fiercely loyal to Zeke in Marley, and he confesses that no other Volunteer knew about her secret. Mikasa and Armin meet with Premier Zachary to get permission to speak with Eren. Zachary denies them as he suspects Eren of colluding with the Volunteers and of being manipulated by Zeke. After they leave his office, a bomb kills Zachary and three other soldiers which stirs up protesters eager to fight for a new Eldian Empire. Eren escapes from prison and meets up with Floch and other allies. In the aftermath, the Military Police concede to the Survey Corps that their intentions were to take Eren’s Founding Titan. Hange states that Eren’s supporters, dubbed as the “Jaegerists”, intend Eren to meet up with Zeke and reform the military with Eren as the leader. Since the number of Jaegerists and their identities are unknown, Pyxis declares that instead of fighting amongst themselves, the military should make a deal with the Jaegerists using Zeke’s location as a bargaining chip. Lady Azumabito begs Mikasa to return with her to Hizuru, but Mikasa refuses, citing her loyalty to the Eldian people on Paradis and reflecting on Hizuru’s greedy motives. Hange suspects that Yelena and Zeke were prepared for the current circumstances and likely took precautions, so the Survey Corps should look into the Marleyan prisoners who obtained jobs on Paradis through Yelena. The Braus family, along with Gabi and Falco, arrive in Nicolo’s restaurant. Meanwhile, Pieck is shown to have already infiltrated the Walls once more. 7213“Children of the Forest”Transcription: “Mori no Kora” (Japanese: 森の子ら)Yasuhiro Geshi, Kōnosuke UdaHiroshi SekoMarch 8, 2021 (2021-03-08)April 11, 2021 In the forest, Zeke tells Levi that four years earlier on Marley’s orders, his spinal fluid was released in a gaseous form towards the Ragako villagers on Paradis. He says it initially paralyzed them, then he turned them into Titans with his scream. Zeke claims he did it to maintain his cover, but Levi accuses him of not truly caring for the people he killed. During Nicolo’s dinner for the Braus family, Gabi points him out to Gabi and Falco as the Marleyan who invited them, explaining that Nicolo was probably in love with Sasha. After the Survey Corps arrive in the restaurant to question him, he forcefully takes a bottle of Marleyan wine from Conny and Jean, telling them that it would be wasted on Eldians. Nicolo takes the wine with him to the cellar, to where Gabi and Falco follow him, revealing themselves as Candidates and telling him that a global alliance is preparing for an assault on the island. Nicolo deduces that Gabi killed Sasha, and attempts to bludgeon her with the bottle, but Falco takes the hit instead. Nicolo punches Gabi out, then carries the two back to the dining room. He offers Mr. Braus a knife, saying that if he cannot kill Gabi, Nicolo will. The Survey Corps intervenes, and through Mr. Braus, the emotions are seemingly calmed. Jean and Conny restrain Nicolo, but Mikasa has to save Gabi from Kaya who attempts to kill her. Gabi is escorted to another room by Mikasa and Armin, while Nicolo tells Hange to rinse Falco’s mouth as he suspects that the wine Falco accidentally ingested is spiked with Zeke’s spinal fluid. He explains that the wine came from Yelena’s scout ship and was given to him by her to be served to the high government officials. Meanwhile, Levi receives word of Zachary’s death and wonders if he completely miscalculated Eren’s potential as humanity’s savior. The Jaegerists raid the restaurant and hold everyone at gunpoint. Floch demands Zeke’s location from Hange and reveals that he knew about Zeke’s plan with the wine. Eren meets with Mikasa, Armin and Gabi, and states that he wants to talk. 7314“Savagery”Transcription: “Bōaku” (Japanese: 暴悪)Jun ShishidoHiroshi SekoMarch 22, 2021 (2021-03-22)April 18, 2021 At their round-table discussion, Eren claims he is acting on his own free will. As each Titan host is affected by memories of its previous owner, Eren asserts that Armin is being manipulated into regularly visiting Annie’s crystal by Bertholdt’s memories. Eren then reveals that Mikasa has been programmed to protect the Eldian royal family because of her Ackerman bloodline, being no more than a slave in his eyes, for which he had hated her since they were children. Enraged, Armin attacks Eren, although he’s first unwillingly stopped by Mikasa. Eren repeats that it is due to Mikasa’s lineage. Armin punches Eren in the face and is sent into a shelf. After Eren beats him and mentions he would never last in a fight, he and the Jaegerists take Armin, Mikasa and Gabi to Shiganshina District where Eren plans to rejoin Zeke. In the forest, Levi plans to have Zeke eaten by a Jaegerist to prevent Eren from using the Founding Titan. However, Zeke runs from the camp and screams, which turns Levi’s comrades into Pure Titans due to the spiked Marleyan wine they had drunk. Throughout Paradis, governmental officials, Military Policemen, and Falco, are briefly immobilized by the scream. Levi kills all the Titans and pursues Zeke who is being carried away by Titans under his control. Levi catches up with him, so Zeke transforms into the Beast Titan in a desperate bid to escape, but Levi uses Thunder Spears to destroy the Beast Titan’s nape and retrieve Zeke’s damaged body. Floch turns the military cadets in Shiganshina to the Jaegerists’ side by threatening them with imprisonment, forcing them to beat Keith Shadis. Zeke wakes up to find himself lying gravely injured in a cart, with Levi sitting beside him. Levi tells him not to move and informs Zeke that a Thunder Spear is impaled into his stomach, tied to a detonator around his neck. Levi starts chopping his legs, and as Zeke falls unconscious in intense agony, he recalls a memory of Tom Ksaver. 7415“Sole Salvation”Transcription: “Yūtsū no Soku” (Japanese: 唯一の救い)Mitsue YamazakiHiroshi SekoMarch 22, 2021 (2021-03-22)April 25, 2021 As a child, Zeke was treated harshly by his parents. They saw him as a tool in their plans to restore Eldian society and overthrow Marley. One day, Zeke encountered Tom Ksaver, the current Beast Titan shifter and over the years, they developed a close bond. When Zeke learned that his parents were Restorationists, he turned them over to the police at the urging of Ksaver and to save himself from being turned into a Pure Titan. Ksaver told Zeke that his research revealed that the Founding Titan is able to manipulate the body of Eldians. Zeke and Ksaver resolved to “save” the Eldian people from further persecution by sterilizing using the Founding Titan. Later, Ksaver revealed how to get around Karl Fritz’s vow of renouncing war. Eventually, Zeke inherited the Beast Titan from Ksaver. Reuniting with Reiner and Bertholdt on Paradis, he learned that Eren Jaeger possessed the Founder. He deduced that Grisha Jaeger had managed to avoid getting turned into a Titan, he vows to rescue Eren from Grisha’s wrathful intentions. In Liberio, Eren agrees with Zeke’s euthanasia plan. As Zeke finishes reflecting on his past, his numbing is heard by Levi. Zeke ignites the Thunder Spear impaled in his body, setting off an explosion. 7516“Above and Below”Transcription: “Tenchi” (Japanese: 天地)Teruyuki Ōmine, Tomoko Hiramuki, Jun Shishido,Mitsue Yamazaki, Yūichirō HayashiHiroshi SekoMarch 29, 2021 (2021-03-29)May 2, 2021 Hange and Floch’s report hear the explosion of the Thunder Spear and decide to investigate. A female Pure Titan approaches the dying Zeke, tears open her abdomen and places him inside. Yelena and the Volunteers hold the Paradis government hostage threatening them with turning them into titans . She then explains the euthanasia plan to the imprisoned Survey Corps members: a widespread Eldian sterilization to prevent the births of any more Eldians until the death of Historia’s child, after which humanity will be free from the threat of Titans. In the meantime, they will use the threat of the Rumbling to prevent interference on Paradis from other nations. Eren meets Gabi, ordering her to cooperate with him, but is interrupted by Pieck who surprisingly offers to join the Jaegerists. She states that the Marleyans must be punished for their poor treatment of the Eldian people and agrees to sell out her compatriots. On the rooftop, Pieck’s rise is revealed as Galliard’s Jaw Titan emerges from below and attempts to eat Eren. Eren transforms into the Attack Titan, revealing his location to approaching Marleyan airships. General Magath orders his men to commence the assault for Liberio, as Eren prepares to face Reiner once again.
