Help Center Today was our puppy's first day at preschool! Drop off and pick up were flawless! Looking forward to the next 3 or 4 weeks! The puppy progress report is great too! My pup has been going to MPA since September 2021, once a week. She whines with excitement when we pull into the parking lot, and her wiggly bum is happy to see her friends greet her at the door. She is still a puppy, so listening to commands isn't her top priority. Shoutout to Jenna- she is always there every week I bring her and knows Andi by her name. Andi seems to enjoy herself from what I can tell. I wish report cards were given monthly to concur that she is happy and doing well but as long as she isn't getting naughty notes I'm a happy pawrent! Been boarding our dogs with Mutty Paws for 6 years now, just received an email saying that my dog is no longer welcome to be boarded at their facility because he's not enrolled in their day care services. This is a terrible thing to do your loyal customers who have trusted you for years with our family members. Truth be told I was thinking of finding somewhere else since my older dog died only 2 days after we had picked him up last time from Mutty Paws. They are great trainers and our dog loves to go there We've been taking our puppy to Mutty Paws since she was 12 weeks old. She absolutely loves it there and looks forward to playing with both her dog and human pals. The staff is caring and responsive, and we trust them completely with our cherished pup! Amazing staff that really cares about my pup Mutty Paws is a great place to give your dog the extra stimulation that sometime she or he needs. I know my dog is exhausted each day she returns home from Mutty Paws. She gets a full workout and lots of social interaction. I couldn't be more pleased with how she is treated. I have nothing but great things to say about Mutty Paws. It's a clean, highly professional, and very friendly atmosphere, and the people who work there clearly love and care deeply about the dogs they get to hang around with every day. I highly recommend them. We have been very happy with the staff and facility at Mutty Paws!! My 1 yr old pup LOVED her first day here! We started her here to get some energy out a few days a week and she came home SO happy and tired which made us very happy! thanks so much to the staff and we look forward to Koda being there! :) We love Mutty Paws! Our English Springer Spaniel puppy, Luke, loves going there. To see Luke get so excited to get there and go in makes my heart melt. When we pick him up, he has to make sure he gives love to the staff before he comes home. The staff is professional and kind; I know Luke gets lots of love and attention there. We, and our pup, love Mutty Paws Academy! A+! Staff is really nice and my dog loves it there. She is one happy and lucky little dog! Mutty Paws is an awesome place! Everyone that works there is so friendly and welcoming! Pepper comes home exhausted from having so much fun playing with the other dogs! I cannot rave enough about Mutty Paws Academy. The staff is incredibly friendly, the facility is extremely clean, the dogs are well trained and my puppy, Lady Blue, LOVES it. I am amazed by the system they have in place. This fun, loving, quality doggie daycare is driven by heart. I highly recommend them to anyone in the area. ???????????? Mutty Paws is terrific- the dogs get a good combination of exercise and rest. I've been very happy with my experience with Mutty Paws Academy. My Old English Pup loves going (3 days a week) and comes home tired! He just had his first overnight stay and told me it was great :) I am very impressed with the level of care, the friendly staff, and the attention to detail at mutty paws. I can really trust them to ensure my dog is getting the best possible care during the day and has an enriching environment with other dogs. I also love the teacher notes to update me at the end of the day if even the smallest thing happened. Overall it's been a great experience for both myself and my dog. I would highly recommend mutty paws to anyone in the area Abraham can't get enough of Mutty Paws! Mutty Paws has always treated us right, and been a great place for my dog to go whether it was for the day, or overnight. I Would highly recommend them! Our Springer Spaniel likes it so much, they have to chase her to get her leash on when it's time to leave!!! I cannot recommend Mutty Paws enough. It is the only place I will bring my dog! They take incredible care and have such commitment to providing that care. Every person I have encountered at Mutty Paws is just genuine and kind. I never feel anxious leaving my dog with them as I know the care she will get is unparalleled. They communicate with the owners regularly and always reach out if they have questions. Again, I cannot recommend Mutty Paws enough and will forever bring my dog/dogs to them for boarding! - Kate Licari We loved this place. Our family was visiting Maine from North Carolina and we needed to find a great, trustworthy place for our dog Jasmine. Courtney was so helpful on the phone making all the pre-arrangements for Jasmine before our trip. Jasmine loved her 3 daycare days at Mutty Paws. The staff was excellent, especially Jenna. The place was very clean and I felt very comfortable leaving Jasmine in their care. Jasmine was super happy each morning when I brought her to Mutty Paws. This will now be our doggie daycare whenever we come to visit my in laws in Maine. Thanks Mutty Paws. We love you!! Michelle and Christopher May, North Carolina Our dog Lloyd can be a little bit of a handful sometimes, mixed with anxiety, he isn't always a good fit for doggy daycare. Well the folks at Mutty Paws really changed that! I applied online and received a phone call within 5 minutes of submitting! Courtney, the GM, was great with Lloyd on his initial exam day and official entry into the program. He loves the smaller class sizes and the individual break time on his enrolled class day. We also had great luck with their boarding program. We received a daily report card and it gave us the right amount of information to help ease our own anxiety while traveling. The staff is wonderful, kind, and knows who we are and who we are picking up when we arrive! 10 out of 10 recommend ! My 1-year-old Cockapoo Lucy loves Mutty Paws & the staff I don't think she misses me at all when I drop her off!! The staff really love dogs and it shows. They are not only helpful and patient, they are about as happy and cheerful a group as you'll find. We're very pleased. The Mutty Paws team provides the absolute best dog care in Maine! I visited many other sites and have yet to find one that offers this attention to detail. Their facility is beautiful - special turf for their paws and small groups. The group spaces for play are separate from the others and they have both in and outdoors in the same space. The focus on training and learning is exceptional. They help us learn to be better dog parents by sharing the training signals that they use and the exercises we can try at home. Our dog is very complex and the staff is amazing. He has learned how to be much calmer in nearly every situation. Rollie loves going to Mutty Paws and enjoys the occasional overnights too! Thank you Mutty Paws team! Rollie loves you and so do we. This is the best place I could leave my 10 month old baby puppy! They are kind, compassionate and professional both to the fur parents and the animals as well. The environment is clean, calm and all the dogs seem to be enjoying themselves. Thank you for being you! We are so lucky to be part of the Mutty Paws family! They treat my dog very well. He comes home happy and tired. Our dog has been coming to Mutty Paws twice a week for nearly a year and a half. They are clean, professional, and excellent with dogs of all types. Our pup comes back tired and happy after ever daycare session!
