Welcome to Last Element A inspired Server from the anime The Last Air Bender – Here you will be able to use the magic of many elements such as Fire Water Air Earth Chi With even more extra elements coming to the server such as Thunder, Ice, Blue Flames, Blood Bending & Much more to come! The Goal is to become the Avatar! By having the 5 Elements Fire Water Air Earth Chi You will be able to achieve Avatar Status to boost all of your bending powers making you a force to recon with! We have 3 Main City’s in each city’s you can rent out house or apartments which allows you quicker access to that city’s perk such as Shop to buy and sell certain items. You get 3 Set Home points so you can use one for your house/apartment We also have a player Market where you can buy a plot and build your own shop selling whatever you like to other players even offline! In game currency is very important as there will be weekly pop up Shops & NPC that you can buy more elements and more claim blocks and rare items! Each player will start with 300 Claim blocks which would allow you to go out and claim an area for yourself, You will generate 6 more blocks every hour of game play (You do not have to worry about height or deep of your area) You will be able to claim up to 3 area of land however big or small is up to you! You can add friend to your land and they can add you! making it possible to claim land side by side and giving each other access for a much larger shared area. We update our server on a dally basic so you will never get board from having boss fights and a new party system coming very soon and even dungeons with great rewards! this server will keep you playing and playing able for you to leave an impact by becoming one of the strongest out there wanted by many to clear such fights for such rewards!! If This is You Then Join and Enjoy!! IP: lastelement.apexmc.co
Welcome to the Realm of Aranarth!Aranarth is a brand new Survival server where players are able to bend an element of their choice, just like in Avatar: The Last Airbender and the Legend of Korra. Additionally, all players have the chance of becoming the Avatar when the previous dies. Upon joining the server, players will be able to select the element they wish to be able to bend, bind the desired abilities, and begin their adventure in the Survival world. With a custom rank system, players are able to increase their rank by spending in-game currency. By doing so, they will unlock additional perks, such as additional bending abilities, the ability to create player shops, and additional commands. Protect your land and battle your enemies by creation a custom Faction, strengthen your tool and weapon skills with mcMMO, or set up an entire electricity network with SlimeFun! Want to help the server? Players can donate for one of the three tiers of Saint ranks! These ranks grant the players purely cosmetic perks – we want everyone to have fun! What are you waiting for? Join our Discord! discord.gg/TxY7CUgYHZ
AvatarCity is a bending server based on the cartoon Avatar the last air bender. We are currently looking for developers. The plugin we use for the bending is Project Cora. As a developer you will be adding plugins if that’s needed, do configurations to the bending and make sure all the elements is balanced and make sure the server is always up and running. Age limit 15+ if you are experienced and would like to help us out apply and become a staff member on AvatarCity! If you are looking to become developer Dm me on discord @Nonne19#2003 #2003 We are also looking for helpers. Helpers will be monitoring the server and make sure everyone is behaving. You will take care of problems so admins can focus on other stuff. To become a helper you should have experience with some basic server commands and be mature. Age limit 15+ Join our avatar city discord and go to apply and submit you application. If you have any questions feel free to dm me or join the discord to get help from another staff member. Can’t wait to see you there!

It was last updated for v1.8.6 Overview The default command that everything is prefaced by is /bending. Aliases are other words that you can use to convey the same command. Aliases for /bending are: /b, /bend, /ta, /m!ta, /korra, /pk, /minecraft!ta. This means that /b would do the exact same thing as /bending. Each command also has an alias, so /b h does the exact same thing as /bending help or /bending h. Items enclosed like are items that are required in the command - you must specify something. On the other hand, items enclosed like [this] are optional - the command will still execute without them, but it can be specified to change the context of the command. "/" in a command represents or. Although Chiblocking isn’t considered an "element", for ease of use and sake of continuity it is treated as such in the command interface. Players This section is devoted to commands that all players have access to by default. If you cannot use any command listed here, it is because your server administrator has disabled it. Command Description Usage Permission Note /bending help Shows help on a given command. /bending help [Command] /bending bind Binds an ability so a player can use it. If a slot is not specified, it will bind to whichever item slot the player is currently on. /bending bind [Slot #] /bending choose Chooses an element. Admins with appropriate permissions can pick elements for other players. /bending choose [Player] /bending clear Clears a bound ability. If no slot is specified, it’ll clear all bound abilities. /bending clear [Slot #] /bending preset This command manages presets, which are saved sets of bound abilities. /bending preset
