The story of philosophy bryan magee ebook

Want more? Advanced embedding details, examples, and help! Bryan Magee tells the story of his own discovery of philosophy and makes the subject not only come alive but seem intensely relevant. He describes the fundamentals of philosophy as questions about the nature of reality encountered in the course of living, not as problems presented in the writings of the philosophers. Experiences of everyday life provoke discussions about why, through the ages, certain philosophical questions have persistently exercised our minds. Magee's memoir follows the course of his life, so that problems and philosophers are discussed in the order in which he came upon them, rather than in chronological order. By the end of the book, we have been introduced to all the great philosophers, from the pre-Socratics to those of the twentieth century, including two of the most important contemporary philosophers, Bertrand Russell and Karl Popper, both of whom the author knew personally. Bryan Magee has had a distinguished career as a university professor, music and theater critic, member of Parliament, and author. He is well known for two popular BBC television series on philosophy. Among his internationally acclaimed books are *The Story of Philosophy*, *The Philosophy of Schopenhauer*, and *Aspects of Wagner*. He lives in London. Revised Edition Bryan Magee August 1997 ISBN: 9780198237228 480 pages Paperback 234x156mm In Stock Price: £38.99 Description About the Author(s) Table of Contents Reviews This is a revised and enlarged version of Bryan Magee's widely praised study of Schopenhauer, the most comprehensive book on this great philosopher. It contains a brief biography of Schopenhauer, a systematic exposition of his thought, and a critical discussion of the problems to which it gives rise and of its influence on a wide range of thinkers and artists. For this new edition Bryan Magee has added three new chapters and made many minor revisions and corrections throughout. This new edition will consolidate the book's standing as the definitive study of Schopenhauer. Bryan Magee, Honorary Senior Research Fellow, King's College, London; Honorary Fellow, Keble College, Oxford Table of Contents Part I: Schopenhauer's Life as Background to his Work The Ends of Explanation The Great Tradition More Arguments for Transcendental Idealism Objects and Subjects Bodies and Wills The World as Will The Flower of Existence Metaphysics of the Person Some Criticisms and Problems Schopenhauer as Essayist and Aphorist Part II: Schopenhauer and the Idealists Schopenhauer and Later Thinkers Schopenhauer's Influence on Wittenstein A Note on Schopenhauer and Buddhism Schopenhauer's Addendum on Homosexuality Schopenhauer and Wagner A Conjecture about Dylan Thomas Misunderstanding Schopenhauer Schopenhauer's Reputation "Magee's study should however not merely be reviewed but also read; for it is thorough, lucid and wide-ranging...a substantial work." - Times Higher Education Supplement Download & View 112224279-217-the-Story-of-Philosophy-by-Bryan-Magee-Www-ebookkristiani-marselloginting-com.pdf as PDF for free > Skip to content Wagner and Philosophy Wagner was one of the few major composers who studied philosophy seriously. Bryan Magee places the composer's artistic development in the context of the philosophy of his age, and gives us the first detailed and comprehensive study of the close links between Wagner and the philosophers - from the pre-Marxist socialists to Feuerbach and Schopenhauer. Magee explores the relationship between words and music, between the conscious and the unconscious mind, between art and philosophy. It tackles soberly and judiciously the Wagner whose paranoia, egocentricity and anti-semitism are repugnant, as well as the Wagner of artistic genius. The resulting text illuminates Wagner and the music-dramas in altogether new ways.
