If Adele's current chart topper, "Hello," has already excited you for Nov. 20 release of his next album "25", just waiting to hear his new single. MORE: Demi Lovato surrounds her moving interpretation of Adele's No. 1 hit "Hello" The British singer-songwriter released "When We Were Young" earlier Tuesday morning, along with a live video performance recorded at the Church Studio in London. The nostalgic ballad focuses on reuniting with familiar faces after many years have passed, but feeling young again all the same. Although less obsessive than "Hello", "When we were young" has an equally strong emotion. PLUS: When Adele says "Hello", this adorable child says "Hello" again If you want to hear even more from Adele, stay tuned until today. The Grammy winner will be here Nov. 25. Follow Ree Hines on Twitter. A rite of passage for musicians is having a song on the top 40 hits the graphic radio. Data analytics firm Nielsen tracks what people listen to each week in 19 different countries and compiles the information for Billboard music cards. Mainstream Top 40 The top 40 hits are pulled from the Hot 100 list published weekly by Billboard magazine. There are a number of factors that determine whether a song makes the top 40 list. These include: Sales: Nielsen tracks all physical and digital record sales from 19 different countries, including the United States and Canada. This includes locations, mass merchants, retail chains, independent stores, and digital downloads. Streaming music: The number of shows on online radios such as Pandora, Spotify, Apple Music, Yahoo Music and AOL Music are counted towards the total number of waterways. Playing a music video on YouTube also counts as a song game. Radio: Once a becomes popular enough to be collected by radio stations, can earn a lot of traction and earn a point on the Billboard Hot 100. Billboard Hot 100 is published Billboard magazine. It is a list of the most popular hundred songs in the United States Billboard keeps track even if a song is higher or lower in the rankings every week, its peak position and its total weeks in the ranking. You can watch the music video and listen to almost all the songs directly on the Billboard website. In addition to the Hot 100, Billboard also tracks the Billboard 200 and the Artists 100. You can also see the best tracks played on the radio, the best streaming tracks, the best sales of digital songs and the best hits of the year. Hot 200 Albums Chart La Hot 200 Albums Chart keeps track of the most sold albums of the week. Often, the artist with the best-selling album is different from the artist with the single most sold in Billboard Hot 100. The Hot 200 Albums is published every Friday, which is also the global release date for most new albums. To keep track of sales and streaming, the Hot 200 Albums Chart program is delayed by a few days to include an entire week of sales. For example, if an album ranks on January 27th, the total number of listeners will be from January 12th to January 18th. Sales and streaming As album sales have fallen in recent years, the use of streaming services is increasing. In recent years, audio and video streaming services on demand have set record levels for streaming. Music consumption is rising, but music sales are falling. The largest AM/FM radio in the world is iHeartRadio. Radio is still the most popular way to consume music. To © an artist can get into the Top 40, he needs to have high radio audiences. Nielsen keeps track of radio stations all over the country and measures which songs are played. information helps Billboard track the best songs in the country.
