The spacecraft will undertake a 3.6 billion-kilometre, five-year journey. Its final landing will be on an asteroid, 560 million kilometres from Earth in 2033. This will make the Emirates, the fourth nation to land a spacecraft on an asteroid. The UAE aims to establish the first inhabitable human settlement on Mars by 2117. H. H. Sheikh Mohammed bin Rashid said that the project is a seed that the UAE plants today and expects future generations to reap the benefits, driven by its passion to learn to unveil a new knowledge. He issued directives to Mohammad Bin Rashid Space Centre to lead the Mars 2117 project and prepare a 100-year plan for its implementation. 1971 . 6000.- 5000.- 3200 .- 2000.- 1300.- 1300.- 630 750- 1515- 1633- 1623 1750 1820- 1892- 1968 1971 . . . . . 2 1971 2004 . 2004 13 2022 . 14 2022 . . . . .
