Application apprendre allemand android

Application android apprendre allemand. Application android pour apprendre allemand.

A virus of dubious origin pins us to our homes and drains our income. I had over a month at home to test German learning apps on my own and for free. I present to you the ones that I think will bring you results. I'll tell you why I think this way and how they'll push you. Duolingo The first free app to learn German is Duolingo. With the famous green owl logo called Duo. This is a fun app that offers: full sentences with spaces, audio repeat in German, translation of sentences from German or into German. The starting level is beginner or A1. Dozens of thematic modules allow you to work on the subject of everyday life: it is an application that stimulates you every day according to 2 methods: It allows you to set very reasonable and thus achievable goals. It is repetition, consistency that brings results in the medium or long term. You must achieve a target study time of 5, 10 or 15 minutes per day. It promotes the competitive effect by awarding points to your answers and ranks you among other users. This allows you to progress between leagues as you gain experience. This app has an addictive side for people who love competition. On the other hand, I find the different levels very repetitive and sometimes boring. Sentences are sometimes devoid of meaning and interest: the apple is red, the horse eats bread, etc.

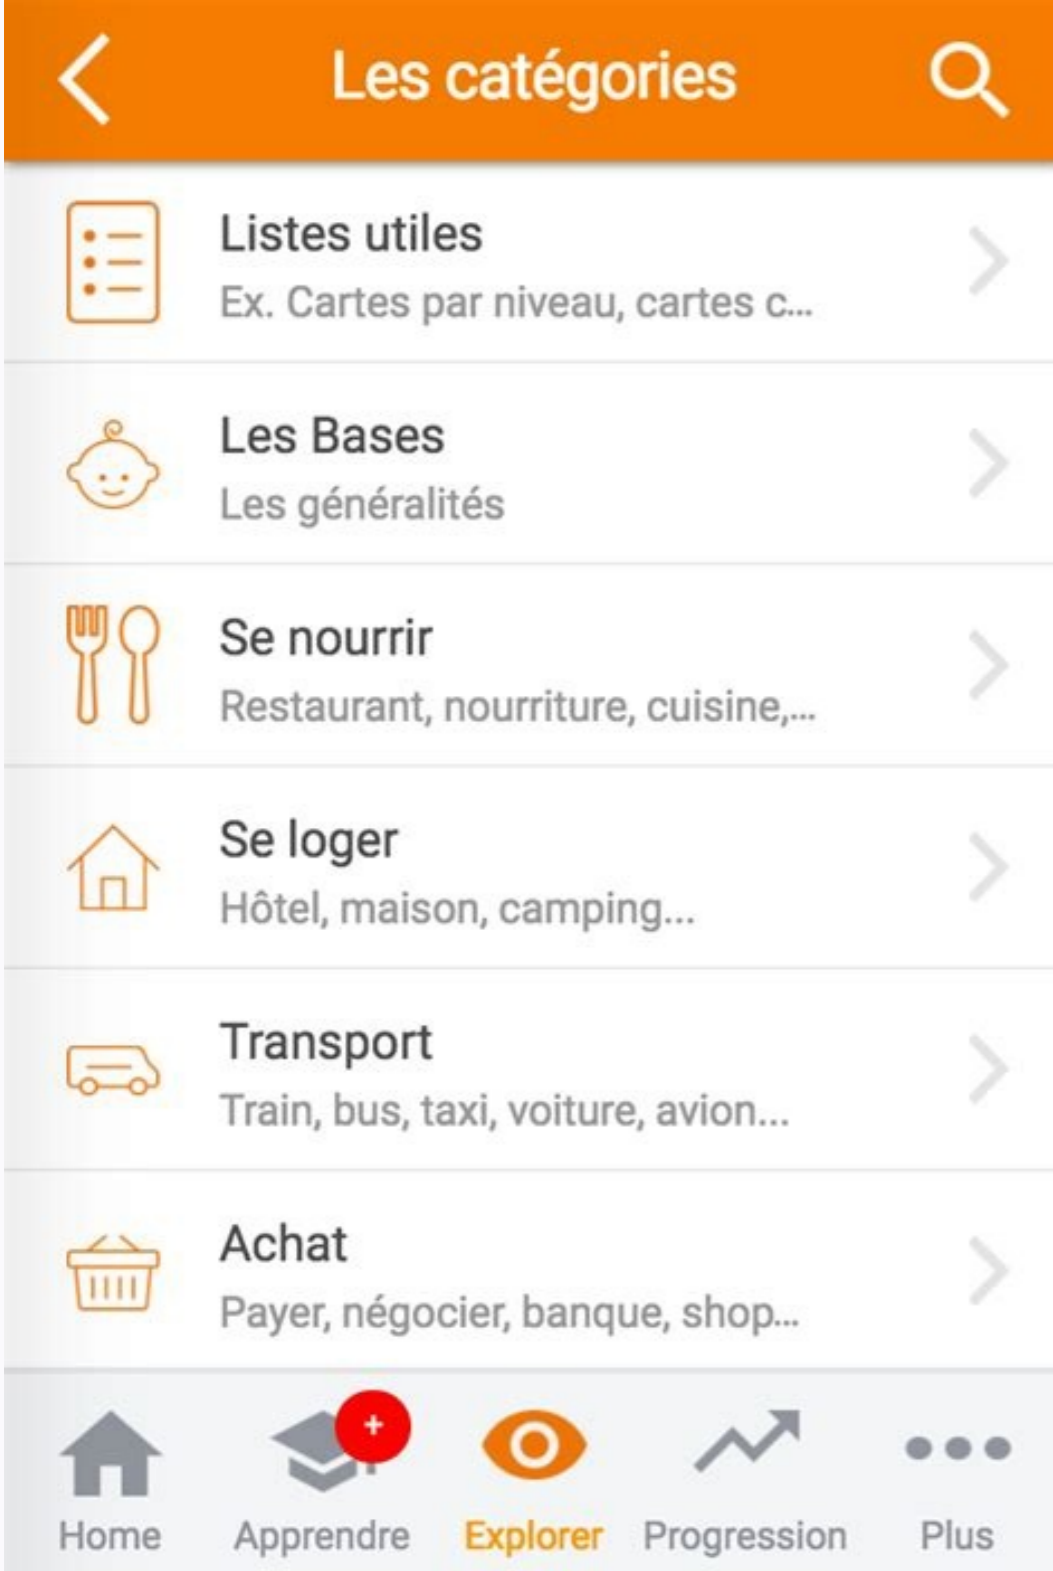

Duolingo allows you to go from beginner to intermediate level. A2, maybe B1. This shouldn't be the only way to learn German. But it is a good starting point for language learning and everyday contact. HelloTalk This free app with a paid version is similar to a social network. But it is a social network dedicated to learning languages. With it, you can: Post all kinds of content on your wall and in a public chat thread Chat with users who learn the language you speak and speak the language you are learning Translate messages from your contacts with one click Foreigners and transcribe their audioA questionable virus is keeping us at home and cutting our income. At home I had more than a month to try out the apps to learn German on my own and for free. I tell you the ones I think will take you all. I tell you why I think and how they will carry you forward.

Duolingo The first free application to learn German is Duolingo. With its famous logo under the name "The Green Name". This is a playful app that offers: Complete the sentences in the holes in German audios by translating the sentences to or from to, Klassestufe ist super fuel or A1.

Dozens of theatrical modules allow you to work on the theme of everyday life: CAF is a program that stimulates you with 2 minutes a day: it allows you to set very reasonable and therefore achievable goals. Cars are prestige, constancy that brings a squad in the medium or long term. You have to reach your goal in 5, 10 or 15 minutes. A must every day. Encourage a compositional effect by awarding points to your mind and ranking among other users.

This allows you to spend one league because you are exhausted. This app is addictive for people who like competition. On the other hand I find the different levels very relevant and sometimes boring. Even the sentences are sometimes naked: the apple is red, the horse eats bread, etc. Duolingo lets you drop grade, advanced or intermediate. A2, obviously B1. It is not necessary for me to be the only one learning German. However, it is good to refuse language and daily contact. HelloTalk This free app with a paid version is social messaging. But this is the social resale of language learning. It allows you to: post all kinds of content on its wall and publicly talk to users who are learning your language and the language you are teaching.Crès dit free, then pay) This application has millions of users in the bank. You can easily find a tandem that wants to speak your language. I received too many contact messages in free mode from my end and wanted to exchange.

I didn't have time to look. The pay-per-view cable is even more impressive. Your profile has something in common, but like your wall actions.

If you want to publish content, users experience you, start watching you and come talk to you.

However, women will have to hide or respond to big flirts. Ledé AI needs to find 2 or 3 floor contacts to practice with every day. Many of them will talk to you but not discipline you. Sometimes that feeling won't bother you. This program is very powerful because it really communicates with cultures and brings together older people in the queues. Pollett, readers willing to share and help. The level to reach this app is max. Bonus: The HelloTalk internet app allows you to capture a web browser on your computer, which is useful in some cases. Easy German for those who are not afraid of old school design, this site will not be for everyone. It is a common place that combines a wide range of courses and tests concerning every possible and imaginable concept in German. Numerous quizzes allow you to test your knowledge and ultimately rank you among all other users. This site is mobile-friendly and allows you to continue testing German public transport while driving or otherwise traveling. It is completely free and based on the tension of speakers who speak quite well about the tests, often enthusiasts or German teachers. Link to the German site Easy Italki - an app for those who are not shy and want to start a conversation as soon as possible! This app is an online conferencing system between elders and teachers. Speakers are divided into 2 categories: real teachers and social teachers. Teachers often have university degrees or qualifications Training until lecturers are qualified but forces you to speak via Skype or with Itonki program. Prices are very affordable for teachers and teachers. They start at \$4 per hour. So you can offer 3 hours of talk time with the speaker of your choice for 10 euros. If you follow the discipline you name, your progress will be exponential. I think cars are the best time to progress fast if you have negative respect. While Hallotalk you can also contact Tête Lès or ETRTIRE by phone or any of their desired speakers. If you preach or have an active relationship, you'll find them quickly. And everything will be free. If you have some money and no time to waste, choose his, CAF inactive. Tandempartners.org is a salon that seems to be covered in hallotalk. Allows tandem connection. Get together with your friend and meet each other's needs. The site does not contain all the options of Hallotalk and just allows you to make the first contact to continue on the outside, whatsapp or whatever you want.

I have noticed that the rooms are often approaching 30 years or more. The program is completely free. Completion reference tandempartners.org starts slowly. Duolingo and Easy German are programs for those who pretend to go it alone without being exposed to extremes. I advise you to start with these two LES and have the basics and confirm that the language is expected. The gadget aims to target 5 to 15 minutes a day. You will want to do it 1 hour a day during this time, but it will be difficult for you from a distance over time. Kafka is the reason why I would like to save in the short term, but every day. This allows you to live by degree and maintain daily communication. Achievement: you need to go through communication programs as fast as possible, like itaalki, helloalk or tandempartners. They will allow you to connect with the culture, listen and, most importantly, get used to the conversation. If I had to choose as an extension, I would choose Duolingo + Helloalk.

Your language development is still necessary not only for your personal development but also for your life professional. German is one of the most spoken languages on the European continent, with around 100 million inhabitants speaking this language as their mother tongue. Therefore, it is time to start this journey and throw away your knowledge. Because in this post you will find the best apps to teach German as a mobile phone aid. However, knowing a new language not only allows you to strengthen its language, but also allows you to understand the depth of culture, customs and even the company of other countries compared to VER. In addition, performing in different languages will open more doors after requesting any task.
